Council On Finance And Administration — Jake Shelley — The first item was the decimal report which had laid on the table for 24 hours. The new plan is to be phased in over a three (3) year period. Phase 1 — All Special Offerings and Non-Apportioned benevolences removed from the figuring of the decimal. Phase 2 — Several benevolent apportionments removed from figuring. Phase 3 — Removal of World Service and Conference Benevolences from the decimal. Churches would pay according to their self-support and not according to what they give to others. This would reward churches who give as they ought. Shelley moved the adoption of this proposal. Charles McClure moved a substitute to the CFA decimal proposal, to amend the Standing Rule #4, Section 4, which had been laying on the table. Charles McClure moved to add to the list of Special Offerings, Glen Lake Camp Special Offering. Pat Stroman moved the Previous Question on the debate of the Main Motion. The Question was called. The substitute motion made by Charles McClure was discussed. Bill Boyd called for the question on the substitute. The substitute lost. The main motion carried.

Proposed Budget for 1983 — Jake Shelley presented the Proposed budget for 1983. Corrections were made in line O to read "Diaconal Pension Funding $4,400.00." A request for 1983 Annual Conference was made: Provide information of monies spent for the previous year's budget. Questions were answered. The Budget was adopted.

Approved. E. C. Purnell spoke to the issue of disposition of the property of the former West Texas Conference previously voted on in the Conference.

VI. Reports

Report Of Committee On Courtesy And Resolutions

As we come to the conclusion of the 1982 session of the Central Texas Annual Conference, we pause to attempt to give proper credit for its success. Therefore be it resolved that the members of this Conference express our sincere thanks and appreciation to the following individuals and groups for their part in this success:

A is for the Agenda Committee, which had the giant task
Of making all arrangements for which the church did ask.

P is for the planning done by groups of all sorts
In order to present to us the various reports.

P is also for personnel at Fort Worth's First Church
Who've never ever left us in the lurch.

R is for Russell—Bishop John and Mary Jean.
Two finer people you've never seen.

E is for entertainment, which was really first class,
From fun for the kids to the tea by Mrs. Bass.

C is for Craddock, who in Georgia does labor.
He brought words of wisdom we all could savor.

I is for inspiration we received each day and night
To help us continue as Servants of Love and Stewards of Light.

A is for the Americana and its accommodation —
Quite a feat for our denomination!

T is for Turner; we'll all remember him,
For his memorial sermon was definitely a gem.

I is for instrumentalists and the choirs whose heavenly voices
Certainly proved someone made the right choices.

O is for all the others whom we did not name.
For their participation we thank them just the same.

N is for the numerous ways the conference staff gave aid.
Their efforts, added to the others, a great conference made.

COMPOSITE REPORT OF THE DISTRICT SUPERINTENDENTS

Bishop Russell, fellow Cabinet members, delegates, members and friends of the Central Texas Annual Conference of The United Methodist Church, greetings to you in the name of our Lord and Savior, Jesus Christ.

In compliance with a tradition and custom of the Conference I humbly submit this report on behalf of the Cabinet. This report is issued in a spirit of gratitude toward a great host of persons who have contributed in countless ways to the success of our Conference. Our faith

teaches us the necessity of thankfulness. Therefore in presenting this report, I am aware of our dependence on God as well as the kindness, generosity, hard work and contributions of so many people.

Bishop John Russell has truly served as a pastor and counselor both by precept and example. His compassion and concern has been expressed in many ways. Mrs. Mary Jean Russell has also been a great influence of comfort and support as our first lady.

Statistics

The report of the Conference statistician will reflect an increase in members for Central Texas. The total membership now stands at 124,438. The continued population growth in the geographical area demands that we be active in the areas of Evangelism and Church Growth.

Conference Pension Program

The year 1981-82 marked the close of the Pension Fund Drive in Central Texas. According to the reports, we achieved our goal of one and one-half million dollars ($1,500,000) thanks to the generosity of Central Texas people.

Following the actions of the 1981 Annual Conference session, we entered the new Ministerial Pension Plan, January 1, 1982. I am proud to report that all churches have accepted the challenge with enthusiasm. A few bugs in the computer will soon be worked out and rapid progress will be made in keeping our records up to date.

Ethnic Minority Local Church

The Ethnic Minority Local Church has been at work establishing funding and programs patterns. The committee has agreed that it will not fund projects related to building and maintenance. Their primary focus will be on the training of clergy through scholarships for continuing education; salary supplement (when other sources are not available); development of lay leadership through seminars, workshops and other similar events. We are thankful for the tremendous financial support the Conference has given to Ethnic Minority Local Church Missional Priority.

Church Growth

A major responsibility of the District Superintendent is establishment of new churches. Recognizing this need, the Annual Conference established a Commission on Church Growth and Development which has as one of its purposes to assist the District in establishing new congregations. Church Growth has achieved many of its objectives in its first few months of existence:

— The Genesis United Methodist Church in southwest Fort Worth broke ground and is projecting a June 1, 1982 opening of its new building.

— A new Korean Church was chartered and a building purchased in Killeen.

— A new black church (Campus Drive United Methodist) was organized in southeast Fort Worth.

— A four-acre tract and a building in Eagle Mountain Lake area near Azle was acquired as a gift to Church Growth and Development by Mr. and Mrs. J. R. Emanuel.

— Financial support for churches in Early and Oakdale.

— Land has been purchased in Round Rock, Temple and Copperas Cove.

— The Share Campaign is moving closer and closer to the 10,000 goal. We are grateful to you for your support of this program. The future of the church is here. We commend Church Growth and Development for its great work.

ACCOM

The Annual Conference Council on Ministries and its program agencies have been at work implementing the Strategic Plan adopted by the Annual Conference. In some ways this was an unusual year for the Council. A self study was conducted by the Executive Committee. The results will be reflected in the ACCOM Report elsewhere in the Journal.

A major achievement this year has been the establishing of an Evergreening Process by the Committee on Research and Planning.

Finance

On January 1, 1982, all financial records of the Central Texas Conference were put on the Conference Computer System. There have been many problems, however the major ones have been worked out.

The computer will allow the financial records to be current daily. This is very important for monies invested until it can be disbursed to the designated agency of the church.

Local churches and districts will not notice the difference until the year's end. As the books are being drawn to a close for the year, each district superintendent will know immediately after each transaction what the district or local church owes on the apportioned funds.

There is a tremendous potential in the future for the Conference Computer in providing services to the local churches, districts and Conference.

Families

We extend our sympathy to the bereaved clergy families. A list of these persons will be a part of the Annual Conference Report from the Board of Pensions.

We offer congratulations to the following parents.

Abandoned Churches

The churches we have previously declared abandoned have no trustees, and in order to comply with the Discipline in paragraph 2541, this conference instructs its trustees to transfer the property to the District Boards of Trustees in the respective districts.

Committee For Church Building And Location

Adopted 6-2-82

Whereas the Brown County Water Improvement District sold at a nominal fee a tract of land to the Western District, West Texas Conference, with the restriction that the land be used only for church camping purposes;

Whereas the property serves no significant purpose to the church;

Whereas the property became the possession of the Central Texas Conference at the time of union with the West Texas Conference;

Whereas the Brown County Water Improvement District is willing to lift the restriction if this Conference agrees to join with them in selling the tract of land to Olin W. Ince;

Whereas the price agreed on tentatively, pending this body's decision, is $93,000.00, with $45,000.00 declared as the Central Texas Conference's share;

Therefore be it resolved that the property be sold and proceeds put into a "Permanent Endowment Fund" for the Glen Lake United Methodist Camp, with interest accrued being used only for capital improvements of said camp, and only under the direction of the Glen Lake and Rainbow Camp Trustees.

Respectfully,
Bob F. Weathers, Superintendent

Whereas the membership of Cleveland United Methodist Church voted to disband and moved their memberships to other United Methodist Churches:

Therefore be it resolved that the Cleveland United Methodist Church be declared closed and the property transferred to the Brownwood District Trustees.

Respectfully,
Bob F. Weathers, Superintendent

Whereas the membership of the Pumphrey United Methodist Church voted to disband and move their membership to the First United Methodist Church, Winters, Texas:

Therefore be it resolved that the land which the Pumphrey Church used be declared abandoned and the land transferred to the Brownwood District Trustees.

Respectfully,
Bob F. Weathers, Superintendent

Crutchfield of the Texas Conference and Bishop John W. Russell of the Central Texas Conference.

THEREFORE BE IT RESOLVED that the Allen Chapel United Methodist Church be transferred to the Central Texas Annual Conference.

Respectfully submitted,
James H. Campbell

WHEREAS the Wesley Chapel United Methodist Church has ceased to function as a congregation.

THEREFORE, BE IT RESOLVED that the Wesley Chapel United Methodist Church be declared discontinued and dissolved and that all remaining assets be transferred to the Temple District Board of Missions.

Respectfully submitted,
James H. Campbell
District Superintendent
Temple District

Report Of The Special Committee

Adopted 5-31-82

(Appointed by Bishop John Russell to Study the Relationship of the Metropolitan Board of

Missions of Tarrant County and the Inner City Ministries of the Waco District to the Central Texas Annual Conference)

In 1980, the Central Texas Annual Conference entered into an Agreement of Trust with the Metropolitan Board of Missions of Tarrant County and the Inner City Ministries of the Waco District. Both organizations surrendered their fund raising programs in exchange for funding from the Annual Conference budget. For 1981 the budgeted amounts were mutually agreed upon:

Metropolitan Board of Missions	$100,000.00
Inner City Ministry of Waco District	11,000.00

The Agreement gave no guidelines for arriving at the amounts in subsequent years.

The Agreement contained a statement regarding an operating reserve for the Metropolitan Board. Whether or not it was meant to be continuing is unclear. The reserve funds of the Waco District were not mentioned.

From their beginnings the Inner City Ministries of the Waco District has been an organization of the Waco District and the Metropolitan Board of Missions of Tarrant County has been a bi-district organization replacing the Boards of Missions of the Fort Worth East and Fort Worth West Districts. Their reserve funds have been and continue to be the property of the two organizations and not of the Central Texas Annual Conference.

The Special Committee makes the following recommendations to the Central Texas Annual Conference:

1. That the Conference recognize the district status of the Inner City Ministries of the Waco District and the bi-district status of the Metropolitan Board of Missions of Tarrant County.

2. That the Conference support of the Metropolitan Board and the Waco Inner City Ministries be phased out over a five year period. For 1983, the amount will be $100,000 for Metropolitan Board and $11,000 for Waco Inner City Ministry. The total amount of $111,000 will be carried as a line item in the Conference Benevolences Budget and will have prior claim with full payments being made to the two organizations each month.

Each of the following four years, the amounts will be reduced and the following amounts will be included in the same manner to be paid in the same manner:

	1984	1985	1986	1987
Metropolitan Board	$75,000	$50,000	$25,000	00
Waco Inner City Ministries	8,250	5,500	2,750	00
Total	83,250	55,500	27,750	00

3. That the Conference affirm that the reserve funds of these organizations are the property of the organizations and are to be administered by their Board of Directors.

The districts in cooperation with the Conference Board of Global Ministries are responsible for urban ministries. It is understood that the Waco Inner City Ministries and the Metropolitan Board, along with other district mission organizations, may continue to make requests for grants for specific ministries from the Annual Conference through its Board of Global Ministries.

Council On Finance And Administration
Report No. 1

Adopted 6-2-82

1. The Council on Finance and Administration commends the members of the Annual Conference, the churches and the membership of the churches for their financial response and responsibility in 1981. The Central Texas Conference was one of twenty-nine annual conferences which paid 100% of their apportionments in 1981. Our conference has a long tradition of such financial responsibility and the Council on Finance and Administration looks forward to continuing that tradition.
2. The salary for the District Superintendents shall be an amount equal to 110% of the average of the salary and allowances paid to pastors of the top twenty (20) churches of the Conference. It shall be computed on the basis of salaries approved by the Charge Conferences which appear on the Episcopal work sheets as of April 1 prior to the meeting of the Annual Conference. The figures will be compiled by the Director of Professional Ministries and sent to the President of the Council on Finance and Administration and the Conference Director of Finance and Administration within five days. (The 1983 salary for a District Superintendent will be $38,255). The Ministerial Pension Plan Current Service amount of 12% of the Denominational Average Compensation, billed directly to the Conference, will be added to the above salary for apportionment to the districts. An allowance of $3,600 for travel outside the bounds of the district is included in the salary for the District Supt.
3. The Conference offices of Director of Finance and Administration, Director of the Council on Ministries, and Director of Church Growth and Development will receive a salary equal to that of the District Superintendents. For 1983 that salary will be $38,255. This amount includes an allowance for utilities and maintenance of $4,000 for the above named three offices. Travel allowances may be part of the respective Council's or Commission's budget.
4. The District committees on finance are authorized to prepare district budgets for presentation to the District Stewards. An amount equal to 10% of the salary for the District Superintendent may be included in the district budget to defray the utility costs of the district parsonage. In addition an amount equal to 10% of the salary may be included in the district budget for travel expenses of the District Superintendent.

   District budgets shall not include a discretionary fund, but may include a District Operation Expense item with a parenthetical explanation of its intent. The district budget shall be submitted to the Annual Conference Council on Finance and Administration for approval each year.

   The District Stewards are authorized to apportion a Connectional Contingency Fund to be used for paying in full apportionment items which may fall short within the respective district. The apportionments will not include the traditional cushion. The Connectional Contingency Fund will be administered at the district level in the same means as the District Work fund. It is understood that if a portion of the Connectional Contingency Fund is not used in any given year, it will remain in the fund and future apportionments to the fund will be reduced. Any adjustments for unusual local church situations will be made in the apportionment of the Connectional Contingency Fund only. All other apportionments will be distributed to every local church on the basis of the decimal.
5. In 1983 the Conference Claimants Fund will include the Ministerial Pension Plan Past Service amount of $690,000.
6. The Connectional Ministry amount will be $350,619. Included in this amount is the Episcopal Fund $67,436, and the District Superintendent's Fund $283,183. The District Superintendent's Fund includes the salaries and the Ministerial Pension Plan Current Service amount.
7. The Council recommends the request from the Board of Higher Education and Ministry that the Texas Methodist College Association apportionment remain at $1.50 per

member. The Council recommends the Wesley Foundation Fund remain at 93¢ per member. These funds to be apportioned to districts and local churches on the decimal authorized by the conference.

8. The Council on Finance and Administration requests the following for 1983:

1. Conference Insurance Program	$192,500
2. Texas Methodist College Association	186,654
3. Wesley Foundation	115,725
4. Ministerial Education Fund	183,658
5. Black Methodist Colleges	80,431
6. Missional Priority	57,366
7. Commission on Ch. Growth and Dev.	210,545
8. Lydia Patterson Institute	19,435
9. Southern Methodist University	30,000

9. The Council recommends that the Equitable Salary Fund be drawn from monies deposited with the Texas Methodist Foundation.
10. We recommend that the funds distributed to the Board of Global Ministries from the Central Texas Foundation be retained in the Foundation in order to build up the corpus.
11. We recommend the appointment of Dr. Wm. Greenwaldt as Director of Finance and Administration of the Central Texas Conference.

2. While no special day is designated for an offering for the Texas Alcohol-Narcotics Education, Inc., we approve this special cause for either an appropriation from the budget in the local church, or a special offering taken at such time as the local church determines.
3. In keeping with the requirements of the Discipline, the apportionments for World Service and Conference Benevolences will be combined into one fund, namely, World Service and Conference Benevolences. This fund, along with Connectional Ministry, Conference Claimant's Fund, Minister's Insurance, Texas Methodist College Association, Wesley Foundation, Ministerial Education Fund, Black Methodist College Fund, Missional Priority Fund, Commission on Church Growth and Development, Lydia Patterson, Southern Methodist University, will be apportioned to the Districts on the decimal figure, established annually, as authorized in the Standing Rules of the Conference.
4. The Director of Finance and Administration is authorized to distribute each month the receipts from local churches for World Service and Conference Benevolences among the funds included in the annual budget of the conference in proportion to their apportionments. Any deficit in remittances from the churches will be covered by

payments from the Operating Reserve, upon approval by CFA or its Executive Committee.

5. All boards, commissions and agencies shall have prepared in writing their detailed budget requests for the ensuing fiscal year by February 4, 1983. The program agencies shall present their requests to the Committee on Coordination and Budget by said date. The non-program agencies shall present their requests to the CFA by the same date. A copy of all budgets must be sent to the CFA President, Director of Finance, and Administration, and Director of the Council on Ministries. Requests will not be considered if received past the due date unless time extension has been requested and approved.
6. No board commission or agency of the Central Texas Conference shall expend any money for any purpose which has not been included in the original budget, as amended and approved by CFA and the Conference and printed in the current Journal. Exceptions to this rule can only be made by CFA or its executive committee. The Council recommends the following paragraph be added to the Conference rules on page 220 and be numbered 3.2.

   "Once a budget line-item has been approved by a regular or called session of the Annual Conference, the line-item amounts cannot be changed, re-allocated, or exceeded without approval from the Council on Finance and Administration."

   The present paragraph 3.2 would be renumbered 3.3
7. The fiscal year of all boards, commissions and other agencies operating through the Central Treasury shall begin January 1 and close on December 31.
8. The Director of Finance and Administration is authorized to pay from the Operating Reserve the following items:
   a. Expenses of printing the Journal, which may exceed budget appropriation.
   b. Expenses of the Conference Session Secretarial Staff.
   c. Expense of Fidelity Bonds for the Director of Finance and Administration and others who handle Conference Funds, as determined by CFA.
   d. Expenses of auditing the books of the Director of Finance and Administration, the treasurers of Boards, commissions and other agencies of the Conference as may be ordered by CFA. Such audits are to be made by the auditors, selected by CF&A.
   e. The moving expense of ministers of the Conference in accordance with the formula adopted by the 1982 Annual Conference upon recommendation of the Commission on Equitable Salaries and Clergy Benefits. When the next Annual Budget is prepared the CFA is authorized to place the total amount in the budget to repay the Operating Reserve for past year spending.
   f. Other expenditures as may be authorized by CFA. Expenditures not to exceed $500 may be authorized by the Executive Committee of the Council.
9. The Director of Finance and Administration is authorized:
   a. To consolidate the various funds of the Annual Conference and of the agencies into one or more bank accounts.
   b. To write all checks for the agencies of the Conference upon requisition by authorized officers of the agency and in keeping with the approved Conference Budget. He is also authorized to transmit to the authorized treasurers all other funds that are raised by the local churches in response to General, Jurisdictional and Annual Conference askings that have been approved by the appropriate body.
   c. The Conference Treasurer, after the close of the fiscal year, shall transfer from the accounts of all boards, commissions and other agencies of the Conference into the Operating Reserve all unexpended balances of the annual appropriations for the year just closed (excepting only items specifically exempt by CFA) making allowances for all outstanding checks. This procedure is recommended with the understanding that the Director of Finance and Administration will honor the requisitions for all necessary expenses of the new fiscal year within the limits of the appropriations.
   d. To invest the funds of the conference in Government Securities and Federally

Insured depositories up to and not exceeding insurability, and to borrow on and dispose of investments at, or prior to, maturity, and to deposit the proceeds from these investments in accounts of the Conference under the guidance of CFA.

e. To deposit funds for specifically designated purposes in federally insured depositories under the joint control of the Central Treasury and the agency concerned, with the approval of the Executive Committee of the Conference Council on Finance and Administration.

Report
Central Texas Conference
Council On Finance And Administration

MANDATE OF THE COMMITTEE: To study the present decimal formulation process relative to its equity and credibility in the areas of special offerings, churches which pay in full vs. churches which do not, and the impact of the system on churches in declining communities.

IMPRESSIONS OF THE COMMITTEE: After lengthy analysis and discussion of the existing fiscal evidence, members of the committee arrived at three basic impressions of the current decimal process:

1. Under the current decimal computation procedure any congregation which is sensitive to the appeals of the institutions and agencies and responsive to the special days of our denomination is penalized for their generosity;
2. Under the current decimal computation process any congregation which receives an increase in apportionments for a given year will automatically receive an additional increase for the next several years, all factors being equal, and if they are paid in full whereas the congregation which does not pay their apportionments is rewarded by less apportionments, all factors being equal;
3. Under the current decimal computation procedure churches in declining communities are victimized by an apportionment process which is extremely slow in responding to their lessened capacity to carry a financial responsibility which was possible in more favorable times. This is true due to the fact that the apportionment process is so heavily weighted upon the benevolent program of the local church which as described in #1 above as somewhat of a self-perpetuating procedure.

CONCLUSIONS OF THE COMMITTEE: After many hours of discussion, consultation with the cabinet and local church pastors, the conclusions of the committee are as follows:

1. There is sufficient inequity in the current procedure to necessitate changes will more fairly distribute the fiscal needs of our conference and general church;
2. The most pure and fair basis upon which to base the apportioning process is simply the financial expenditures of the local church on itself, a basis which will be far more sensitive to the real situation in that congregation than any other factor.

RECOMMENDATIONS OF THE COMMITTEE: It is the recommendation of this special committee that the decimal formulation process continue to exclude all line items presently being excluded, (Prin & Int on Loans & Mtgs.; Pension Cap Fds; Genl & Conf. Adv. Spec.; Ch. Growth & Develop.) It is further recommended the next three years be spent altering the decimal formulation procedure so as to bring into effect, ultimately, a process which will be based solely upon the financial expenditures of the local congregation upon itself. This would be accomplished in three phases, as illustrated by the attached documents, with the first phase being put in place for calendar 1983, the second for calendar 1984, and the third for calendar 1985. In effect the first phase will exclude all voluntary benevolent giving; phase two will exclude all apportionments except WS & CB with the third phase deleting WS & CB. This formula is suggested from the standpoint of equitable impact on the overall budget, each phase deleting approximately the same total fiscal footage.

WHAT THE RECOMMENDATIONS WILL ACCOMPLISH: It is the sincere belief of the committee this plan will accomplish some important things:

1. It will allow congregations to be generous toward specials days and causes without

being penalized while not rewarding local congregations which ignore those items;
2. It will eliminate the "double-taxation" resulting from increases in apportionments being at least partially a consequence of previous increases;
3. It will discontinue rewarding the non-acceptance and non-payments of apportionments;
4. It will establish a distribution base which will more precisely reflect the financial capacity of the congregation;
5. It will respond more quickly to churches which find themselves impacted by a lessened financial capacity.

ANTICIPATED NEGATIVE RESPONSES:

1. Places the decimal too closely to pastoral salaries: the committee does not feel this has sufficient merit to refrain from making the proposed changes;
2. Will hamper staff development: on the contrary, the formula directly relates to the financial strength of the congregation, which itself will determine staff development;
3. Too few situations to merit the change: although there are few churches which do not pay out, every church which receives an increase in apportionments is victimized by the present system while our study reveals there are a large number of churches in our conference who pay little, if any, attention to the special days and causes and are rewarded for doing so.

Recommendations To Annual Conference From The Annual Conference Council On Ministries

The Annual Conference Council on Ministries recommends:

1. That we adopt the suggestions for reporting to ACCOM.
   a. What is the new goal?
   b. What are the conscious issues that may be raised?
   c. What other issues need to be passed on by the Conference?
   d. What are the new materials and ongoing projects that need to be lifted up?

These should be included in summary form with a comparative budget. Financial matters are to be referred to the Council on Finance and Administration.

2. Recommend that the mileage for 1983 be 18 cents for one; 21 cents for two and 23 cents for three in a vehicle.

3. Establish a committee appointed by the Bishop composed of clergy and lay to study and make recommendations to be presented to the district conferences and voted on at Annual Conference 1982 to determine the structure and relationship of the Metropolitan Board of Missions and Waco Inner-City Ministry to Annual Conference and districts.

4. Recommend the following from the Personnel Committee.

On July 30, 1981, the Personnel Committee met for the purpose of making a decision concerning the vacancy of ACCOM associate director left by Karen Greenwaldt. The Committee voted to delay action until a thorough study could be completed.

On October 2, 1981, the Committee met to discuss the position of associate director and voted to hire Terre Garner as part-time coordinator of youth ministries. They voted to continue the study.

On October 21, 1981, the Executive Committee of ACCOM and the cabinet met for the purpose of discussing needs and receive recommendations concerning structure and staff.

On December 1, 1981, the Personnel Committee met, made a decision to employ Don Spinks as interim conference youth director beginning January 1 and agreed to continue study, make a decision by March 1 and report to ACCOM by March 5.

On January 22, 1982, the Personnel Committee met with the council director from Southwest Texas Conference, the council director from Northwest Texas Conference and the council director from Central Texas Conference for the purpose of reviewing their structures and staff. The Committee then made the following recommendations:

1. That there be three full-time staff persons with responsibilities for program agencies, and district councils on ministries.

2. That the council director and one associate office in Fort Worth.

3. That the second associate office in Glen Lake United Methodist Church Camp, and be responsible for the camp, be the conference youth coordinator, and have additional responsibilities as assigned.

We further recommend that this structure be tried for one year and that the ACCOM Executive Committee, conference staff and cabinet, and as this structure relates to the youth staff person, for consultation purposes, one District Youth Coordinator and the president of the Conference Council on Youth Ministry evaluate this structure by the 1983 spring meeting of ACCOM for the purpose of effectiveness and/or revision.

**Professional travel will be on the voucher system.

***The $18,000.00 salary contingency is an amount placed in the budget in case the Annual Conference does not approve the realignment of the conference staff. The money would then be used to employ a fourth staff person and associate salaries would be reconsidered. If the realignment is approved, the $18,000.00 salary contingency would not be apportioned to the local churches.

Note: Financial matters are referred to Council on Finance and Administration and will be voted on as recommended by CF&A in its report.

Proposal

The Texas Methodist Planning Commission was formed in 1948 for the purpose of studying, evaluating and proposing plans for the work of the Methodist Church in Texas whenever that work shall affect more than one Annual Conference. Through the years, the Commission has served the Annual Conferences well, at times better than others. It has been an agency through which several statewide cooperative programs have been developed.

When the Planning Commission was first organized, there were only two bishops presiding over the annual conferences of Texas. Today there are four bishops. There were no council directors in 1948. Today there are seven council directors serving the annual conferences of Texas and New Mexico. Built into each annual conference structure are offices which today can accomplish the purposes for which the Planning Commission was created. This being true, the Planning Commission is a duplication of effort, and though not excessive in meeting expenses, does require funds which could be directed to programming.

Therefore, be it resolved that the Texas Methodist Planning Commission be dissolved and the purposes for which it is created to serve be accomplished through the Texas College of Bishops and the seven directors of ACCOM's.

Therefore, be it further resolved that this matter be submitted to the seven annual conferences at their spring sessions.

Funds that are on hand to be distributed to the annual conference on the same basis as they were allocated.

Summary
Board Of Church And Society

The Annual Conference Board of Church and Society continues to promote programs on Christian social concerns within the bounds of the Annual Conference.

In December of 1981, the Board held a Ministry to the Handicapped Seminar at Glen Lake Camp. Even though last year was the year of the handicapped, the seminar was not well attended, but the leadership was excellent and those who participated benefited greatly.

We supported pastors in attending the Industrial Chaplaincy Seminar at Forest Hill United Methodist Church.

The Board had an extensive display at Annual Conference in 1981. Leaflets, brochures and statements concerning several social issues (ERA, Disarmament, Abortion, etc.) were available for distribution.

The Board is continuing to seek ways to minister to prisoners. One suggestion is that we start by encouraging local churches to minister to the families of those imprisoned, in their community or local church.

The Board strongly supports open itineracy and will continue to keep this matter before the cabinet.

Board Of Church And Society

In December, 1981, a Workshop for Ministry to the Handicapped was held at Glen Lake United Methodist Camp in Glen Rose.

In 1982, the Board is to contact each local chairperson of Church and Society so that within their areas, emphasis may be placed on "Prayer and Spiritual Formation Within the Family." To strengthen the family relationship, spiritual guidance is needed.

Rationale: To implement the gospel of Jesus Christ to each family and to broaden the idea that prayer is the key to success.

The Board continues to secure ways and means to have an effective ministry to prisoners and their families within the Central Texas Conference.

Resolutions From The Board Of Church And Society

Resurgence of the Ku Klux Klan

The resurgence of the Ku Klux Klan in the last several months has been widely reported in the media. In many, the impression has been given that the burning crosses and destruction of homes may simply be an act of vandalism carried out by children.

1. The cross burnings and destruction of homes and desecration of synagogues and churches around the country are an elaborate and premeditated act which cannot be dismissed as only the expression of juvenile restlessness.

2. The involvement of minors in small racist rituals means that tomorrow's generation of whites is embracing as a virtue racism of its elders.

Therefore, the Conference Board of Church and Society of the Central Texas Conference calls upon all United Methodists to:

1. Embark on a serious program of education in their local churches and elsewhere on the current resurgence of the Ku Klux Klan and its challenge to us as witnesses of the Christian Gospel;

2. Continue to express our abhorrence of the values and practices espoused by the Ku Klux Klan;

3. Support and work in coalition with groups that are already working on this issue;

4. Call upon federal, state and local governments to use resources to implement positive educational programs about the dangers of racism in a democratic society;

5. To call upon federal, state and local governments to exercise the utmost vigilance and bring to justice perpetuators of practices such as cross burnings and destruction of homes of persons;

6. Express their minds and hearts in this coming electoral season and urge that candidates for government positions name the struggles against racism and its symbol as a top priority.

Statement on Chemical Warfare (Adopted 6-1-82)

1. We condemn use of chemical warfare agents, which we consider a fundamental violation of human rights. We especially criticize their use against unarmed and unoffending civilian populations.

2. We urge that each nation adhere to the chemical warfare treaty, which was signed, forbidding the use of chemical or biological warfare agents under any circumstances.

3. We urge that every nation refrain from use of these deadly and indiscriminate chemical weapons.

Martin Luther King, Jr. Birthday (Adopted 6-1-82)

Dr. Martin Luther King, Jr. sought a new understanding and better relationship between blacks and whites in our society through a non-violent struggle for justice which achieved significant social and legal reforms.

The United Methodist Church recognizes the witness of this ministry of the late Dr. King.

In the interest of improved human relations in our country, there should be a celebration honoring this outstanding black American.

Presently several states — Iowa, Illinois, Florida and the District of Columbia and others observe Dr. King's birthday as a legal holiday.

In addition, hundreds of school boards and municipalities schedule formal observances of Dr. King's birthday each year.

The Board of Church and Society of the Central Texas Conference would like your permission to send a letter to Congress, in the name of the Conference, urging both the senate and the house to vote on legislation establishing the celebration of Dr. King's birthday, January 15, on the Monday nearest the 15th as a celebration.

Statement of Peace

Peace is not simply the absence of war; a nuclear stalemate or combination of uneasy cease-fires. It is that emerging dynamic reality envisioned by prophets where spears and swords give way to implements of peace (Isaiah 2:1-4); where historic antagonists dwell together in trust (Isaiah 11:4-11); and where righteousness and justice prevail. There will be no peace with justice until unselfish and informed love is structured into political process and international arrangements (Bishop's Call for Peace and the Self-Development of Peoples). This has to begin with peace in our hearts and peace in our local churches.

The mission of Jesus Christ and his church is to serve all peoples regardless of their government, ideology, place of residence or status. Surely the welfare of humanity is more important in God's sight than the power or even the continued existence of any state. Therefore, the Church is called to look beyond human boundaries of nation, race, class, sex, political ideology, or economic theory and proclaim demands of social righteousness essential to peace.

One hard fact must be stated bluntly: the arms race never slackens, and the danger of a holocaust is imminent. Meanwhile, millions starve, development stagnates and international cooperation is threatened. Increasingly sophisticated weapons systems accelerate arms spending and heighten anxieties without adding to the security of nations. Again and again regional tensions grow, conflicts erupt, and sometimes great powers intervene to advance or protect their interests to the neglect of international law or human rights.

If humanity is to move out of this period of futility and constant peril, the search for new weapons systems must be halted through comprehensive international agreements. Moreover, disarmament negotiation should include all nations with substantial armaments systems. The vast stockpile of nuclear bombs and conventional weapons must be dismantled under international supervision, and the resources being used for arms must be diverted to programs designed to affirm life rather than to destroy it. Serious consideration should be given by nations to unilateral initiative which might stimulate the reaching of international agreement.

The goal of world disarmament, demanding a radical reordering of priorities and coupled with an effective system of international peacemaking, must be kept constantly before

peoples and governments by the Church.

Therefore, we urge all United Methodists of Central Texas Conference to:

a. encourage peace research programs within and outside the church to explore alternatives to war;

b. develop peace education programs within your local churches.

Chemical And Biological Weapons

Approved 6-1-82

Although we condemn the use of all weapons of war, we find weapons which are particularly inhumane. Chemical and biological weapons fit into this category. Most cannot be directed to specific military targets but affect all persons including civilians. Their use has long been justly condemned by world public opinion. All governments must renounce the use of these weapons as a part of their national policy. They must also work together to implement existing agreements and to formulate new treaties which prohibit such weapons and verify compliance.

We commend to all nations ratification of and adherence to **Protocol for the Prohibition of the Use in War of Asphyxiating, poisonous or Other Gasses, and of Bacteriological Methods of Warfare** (17 June 1925) which entered into force on 8 February 1928, and to the **Convention on the Prohibition of Development, Production and Stockpiling of Bacteriological (Biological) and Toxin Weapons and on their Destruction** (10 April 1972) which entered into force on 26 March 1975.

We are appalled by the inability of the United Nations Committee on Disarmament to come to agreement on the formulation of a treaty on the complete prohibition of development, production and stockpiling of all chemical weapons, and on their destruction. We support the finalization and ratification of such an agreement as soon as possible.

We support efforts to include workable means of verification of compliance which are equal to the degree of disarmament in all treaties regarding chemical and biological weapons. To this end, we give priority to work toward measures which build confidence and trust between countries so that existing barriers to inspection can be eliminated.

The lack of confidence and trust which now exists between the United States and the Soviet Union has led to research on chemical and biological weapons by both nations. The United States has such weapons (defoliants) in Southeast Asia and there are accusations the Soviet developed weapons that have been used in Yemen, Eritrea, Southeast Asia and Afghanistan. The United States has initiated a plan to develop and deploy binary chemical munitions.

We urge the United States to abandon its decision to manufacture chemical weapons and to join work for a chemical treaty which includes inspection safeguards.

We would urge All nations to admit United Nations inspection teams to allow on-site inspection of alleged development, manufacture and use of chemical and biological weapons.

We urge continued research be made by governments, universities, and the United Nations Institute for Disarmament Research at Geneva for effective means for the verification of chemical and biological weapons treaties.

Board Of Discipleship
Committee On Camps And Assemblies

Goals for 1982:

1. On September 10, the Committee on Camps and Assemblies will sponsor the summer camp evaluation.

2. The Committee on Camps and Assemblies desire to include as ex-officio members of the Committee on Camps and Assemblies the Board of Trustees of Glen Lake and Rainbow Camps.

Rationale: Instead of the Board of Trustees for our Camps serving only as custodian of papers and a board which will act in legal matters, the Camps and Assemblies Committee would like for the Trustees to be more directly involved by being responsible for Capital Improvements, Camp operation, and maintenance.

Goals for 1983:

1. The Committee on Camps and Assemblies will continue to support and work in cooperation with the Board of Trustees in the development of a master plan for Christian outdoor education in the Central Texas Conference.
2. Continue to emphasize ethnic minority participation in conference camping programs by recruitment of ethnic leadership, both volunteer and staff.
3. Cultivate an awareness of opportunity for special support of Glen Lake and Rainbow Camps through memorial gifts, wills and legacies.
4. Use capital funds to acquire new tables in the dining hall, replace roll-out windows with sash and storm windows in the cabins and to build an outdoor recreation slab.

Committee On Education In The Local Church And Leadership Development

1983 Goals

1. By January 1, 1983, have publicity for conference training events which reflect possible Continuing Education Units.

Rationale: (a) To clarify for participants events that receive C.E.U.'s. (b) To encourage continued growth for leaders involved in Christian education. (c) To enable ministers and diaconates to keep track of their C.E.U.'s.

2. By January 15, have summer curricula for elementary, junior high and senior high camping events available for distribution.

Rationale: The Committee will continue to provide cyclical curriculum materials for elementary, junior and senior high summer camp programs. This task involves securing and paying writers as well as publishing the materials. The junior high three-year cycle will be reviewed in 1983, and the elementary three-year cycle and the senior high four-year cycle will be completed in 1983.

3. By February 1, complete the scheduling and planning of conference-wide training events for teachers of children, youth and adults and workers and administrators in the church school.

Rationale: These training events become the basis for securing persons for further training for certification and introduces new people into leadership roles. These events are the only opportunity for training for a lot of our people because it is less time consuming. Many times the conference can secure leadership better than the district and local churches.

(a) The speaker for the 1983 training events shall speak on "Using the Church School as an Evangelistic Tool."

Rationale: There is the need for church school leaders to understand how people come into and grow in the Christian faith, coming along different avenues. The Sunday School is the avenue by which most people come into the Christian faith and into the church.

4. By February 1, make recommendations to the Board of Discipleship regarding monetary resources to be included in the Board's budget for the purpose of training persons willing to work on conference and district levels.

Rationale: Plans need to be made early so as to provide financial support for training and curriculum needs.

5. By March 1, sponsor Camp Dean/Director training and hold a summer events evaluation by October 1.

Rationale: The Committee has sponsored the Camp Dean/Director training for summer camp leaders and will continue the program in 1983. The training insures that camp leaders understand their roles, the resources available and the mechanics of the Committee on Camps and assemblies. We will take charge of the summer events evaluation.

6. By June 1, complete the scheduling of a conference-wide 20-plus hour lab school with training for teachers and workers of all age levels. The lab will be held in the Fort Worth area in 1984.

Rationale: The Committee believes that effective training for teachers and workers in the church school is essential. A lab school in 1984 would provide the comprehensive training many persons are requesting.

7. By September 1, implement a sixteen-hour lab school with training for teachers and workers of all age levels.

Rationale: Leadership and certification can only be handled by regular training on the conference level.

8. By September 1, have a conference packet available for local church Sunday School classes to use in evaluating their own performance as a class. These packets will be available for a nominal fee. We recommend that the local church have a process whereby classes evaluate themselves every two years.

Rationale: Strengthening the church school requires regular evaluating and planning procedures. Support the goal of "Using Evangelism through the Church School."

9. By October 1, set date and plan the Convocation on the Black Church, the Harry Hoosier event.

Rationale: To continue to plan for a conference-wide celebration of Black ethnic diversity and heritage.

10. By November 1, encourage each district to offer a skill training workshop for teachers and leaders of each age level.

Rationale: The need continues for districts to plan ways to equip teachers and leaders in Christian education.

11. Continue to promote use of the talent bank and update periodically.

Rationale: Conference needs to have a tool whereby a talent bank is available to local churches, districts and the conference for the securing of leadership for training events.

12. Continue to publish combined Church School and Evangelism reporting forms and make them available to each local church and district in our conference.

Rationale: The purpose of the reporting process is to keep persons in our conference aware of our church school growth and growth in church membership and worship attendance.

13. Develop and implement special events for families, single adults, and older adults and continue to provide program subsidy for district camps, special trip camps, United Community Centers and the conference elementary camp.

Rationale: The Committee has the responsibility of planning and implementing conference-wide camping experiences and special events for all age levels. We will continue to provide program subsidy for the events to insure that each event has adequate program monies.

14. We request that the Annual Conference approve September 11, 1983 as the day to receive the Christian Education Sunday offering in our conference.

Rationale: The offering received on Christian Education Sunday provides additional funds for many of the training events held in districts and local churches.

Conference Council On Youth Ministries And Youth Service Fund

The 1981-82 CCYM has had three coordinators in less than a year. Despite these turnovers we have managed to keep very busy and continue our work for the Lord. To start our year in July (81) CCYM members traveled to Georgetown to Southwestern University for Jurisdictional Youth Ministries Enterprise. This lasted five days, resource person was Dave Stone and the theme was "A Daisy a Day."

In August Terre Garner accompanied Cindy Damon, Jamie Damon, and I to the National Youth Ministries Organization Convocation at Morningside College in Sioux City, Iowa. Many issues were brought forward which concerned the youth today and the general church.

In November we had our fall leadership training event, this event consisted of workshops on planning, inclusiveness, structure of the UMC and Youth Service Fund. At this event we tried to emphasize some things we had not in the past.

Four mid-winters were planned but due to weather one was canceled. We had good attendance and evaluations on all mid-winters.

Jurisdictional Youth Conference was in March at Ceta Canyon in the Northwest Texas Conference. Karyn Carroll, Lori Mayfield and Coordinator Reverend Don Spinks attended.

A new event that we are very happy with is the Spiritual Life Event. At this event prayer

and the spirituality of youth was emphasized.

Last weekend was the first meeting of the 82-83 CCYM. Plans were made and the schedule was set. Officers elected are: President, Mr. Lynn Walden, Vice President, Miss Laura McLeod, Secretary, Miss Rhonda Manning, Jurisdictional Youth Support Team, Miss Karyn Carroll.

The Annual Youth Rally was different than most we have had. The program consisted of Rick Bonfim, a fine singer and musician. The youth choir from First, Arlington also performed. Bishop Russell gave words of greetings and presented YOUTH SERVICE FUND Awards. We appreciated his presence and support very much. The Youth Service Fund awards were presented to First, Fort Worth for most money, Harker Heights most money per capita, Fort Worth West, most money for a District. Thank you to Mr. Steve Davis, YSF Coordinator and to Reverend Johnny Miller for all their work on the Youth Rally.

Bylaw Amendments

1. The bylaws of the Conference Council on Youth Ministry can be amended by a majority vote of those present and voting at the second meeting of the CCYM in which the amendment is presented.

2. All amendments to the bylaws will become effective the following June 1 (the first day of the new CCYM).

1983 Goals

1) to develop models for district councils on youth ministry to use and to enable local churches in the area of resourcing and planning; 2) to upgrade publicity and communication between local churches, districts and conference; 3) to include spiritual emphasis (i.e., Bible study, prayer, tools for sharing faith) in Conference CCYM-sponsored events; 4) every CCYM member will be enabled to be a resource person (i.e., skills, materials, tools, etc.) to the districts and local churches and will be given opportunity to provide leadership in a given area at CCYM meetings.

Committee On Evangelism

Evangelism Position Paper Approved by 1981 Annual Conference But Omitted from the Permanent Record — Action not required.

A task force of twenty was set to work by the 1980 Annual Conference to bring forth a position paper on the theology of evangelism. The assignment included both a theological rationale and a recommended overall strategy for implementing a conference program of evangelism.

Why such an assignment? One might assume evangelism to be at the heart of every effort of the Church and each Christian by nature to feel it of highest priority. There are ominous signs negating such an assumption. Indeed, evidence points to the need of a reappraisal of the motivation and plan of evangelism. Within the general church and the Central Texas Conference in particular, one finds sufficient reason to doubt the view that a sense of the urgency of evangelism is a part of the conviction of every minister, much less others in the church.

A common misconception needs to be dispelled. The primary reason for the reduction in membership in the church and the failure of real growth in the Central Texas Conference is not persons leaving Methodism for other forms of faith or withdrawing because of certain positions held by the church on social issues. While these facts do draw persons away from the denomination, there is no evidence to substantiate this as the primary reason the church has lost in membership total during the past two decades. The record is substantially no different than in other periods of the church's history. The loss of members is attributable to one basic fact: we have failed to receive into the church new Christians as we did in the past.

Warren Hartman points to this in **Membership Trends in the United Methodist Church**. He shows that in the decade of the fifties, the Methodist Church averaged annually over 400,000 confirmations. In the succeeding decade, that number dropped to three-fourths of that total and in the seventies, the average yearly confirmations had dropped to about 230,000. The present decade shows evidence of a further reduction. Methodism is not growing because it is not winning sufficient numbers for Christ and the church. The problem is evangelism.

Kermit Long, former Executive Secretary of the Board of Evangelism of the Methodist Church, once stated, "The problem is too many Methodist ministers are not fishers of men — they are keepers of the aquarium." Perhaps this is true. Evidence of a most recent vintage points to the reality that the Central Texas Conference should take a serious look at itself in this realm. In 1979, 160 churches of the 365 in the conference did not receive one person on profession of faith! More than half of the conference churches showed no growth and most of that half actually lost members. A large number of those were in areas of population growth. A study of the twelve churches having the largest membership in 1978, each with more than 1500 on roll, showed five recording a loss of members over the previous year and one receiving not one person on profession of faith.

There needs to be an understanding of what evangelism is. The definition of the word "evangelism" can be quite different among various persons. The word defies easy and simplistic definition — yet to a large degree, the meaning one gives virtually expresses his or her theology.

The word "evangelism" does not appear in the Bible. The word most similar in the Scriptures means simply "good news." The church coined the word "evangelism" to describe the process of propagating the "good news."

Any definition must begin with an understanding of what God intends to accomplish in the world. It must include a theology of the condition of humankind. Gustavo Guiterrez, Jurgan Moltmann and others have stated it well. God's mission is the liberation of all creation from the bondage to sin and death.

The compulsion to evangelize the world in the name of Jesus Christ is based upon the conviction that the individual, without divine help, is in a desperate condition. It derives its motivation from the condition of the human experience and the steadfast love and redemptive nature of God revealed in his Son. Persons, regardless of ethnic or national origin, experience this need for God's saving grace. Paul lifts up the inner battle descriptive of one without God when he states, "I do the very thing I hate. It is no longer I that do it, but sin that dwells within me." (Romans 7:15-17)

The complete need is not covered, however, by the realization that each person has an inner battle between good and evil. We should continue the truth from Romans with the realization that there is a hunger of the human heart and a need even beyond personal actions. The Psalms refer to this. The psalmist's cry and the common heart hunger of millions goes unanswered, "My soul thirsts for God, for the living God. When shall I come and behold the face of God?" (Psalms 42:2)

The great fact of the Christian faith is this cry is answered in the manger, at Calvary and at Pentecost. God chose to overcome the gap by alienation by becoming flesh as one of us. The fact of incarnation is central. On Calvary, the Judge took his own judgment against us offenders upon himself, thereby fulfilling all claims of judgment against our sinfulness and making eternally available his mercy and love to us. At Pentecost, the Spirit was released to initiate a transforming friendship within the believer. By his life, death and resurrection, Jesus laid the foundation for a new humanity and a new world. Jesus revealed the nature of God and the potential goodness of people. He also opened the way to actual achievement of the human potential. "We confidently and joyfully look forward to actually becoming all that God has had in mind for us to be." (Romans 5:2b, The Living Bible) Paul conveys this truth of the incarnation when he says, "God was in Christ reconciling the world unto himself." (II Corinthians 5:1-19)

Evangelism is a process of dialogue in which the witnessing church engages the world. It is sharing the good news of what God has done for us in Jesus Christ and can do for them. Reconciliation comes when individuals accept God's invitation. To relegate a definition of evangelism to merely "doing good things" is to move from the reality of God's part in the process and manufacture a half-truth definition. One must be careful that a definition and theological rationale does not relegate evangelism to human endeavor alone. The aim of evangelism is to bring all persons into a living, active relationship with God through Jesus Christ as Divine Saviour and Lord, and through the regenerating power of the Holy Spirit.

In evangelism, a person is a herald of God's good news, an ambassador and a teacher. The "evangelist" is helping to channel God's redemptive grace which gives true freedom. This freedom is synonymous with the forgiveness of sins. Sin causes us to be slaves — not free. God, through the gift of Jesus Christ, extends freedom to all humanity. The gift, however, must be individually appropriated by faith or it is not effective in the life of the individual. The believer who is in Christ finds grace operating within.

There is a Biblical imperative for evangelism. Evangelism is a priority of the church because the Lord set such a priority in his words in Matthew 28:16-20. "Go ye therefore and teach all nations, baptizing them in the name of the Father and of the Son and of the Holy Ghost: Teaching them to observe all things, whatsoever I have commanded you."

This commandment implies an holistic approach. It involves "a gospel for the whole person and for all persons." Bishop Mortimer Arias states, "True evangelism is incarnate: proclamation in words and deeds on a concrete situation. The Gospel is eternal. It addresses itself to the whole person in his or her context." This means that evangelism is involved in the total experience of humanity.

In the Wesleyan tradition, faith is not only rational, it is also experiential. John Wesley experienced and preached a knowledge of his spiritual relationship as "one saved from the law of sin and death." An imperative of evangelism is to witness to others about our experience of faith.

The reason for evangelism then is not to "feed the institution," but rather to fulfill a divine commandment. Because we are Christians, we must witness to the work of God with and among persons through Jesus Christ. It involves a personal encounter with the individual to discover where that person is in relation to Christ, and to seek to lead that individual into a commitment of life to Christ. Evangelism involves both the person and God. God works in many ways — through groups, preaching, teaching and other means. The growth of the church numerically is a result — though not the primary purpose of evangelism.

How can evangelism be implemented? Dr. David Watson of Perkins School of Theology gives a good summary of the mechanics of — if not the meaning of evangelism. He states it is "understanding the Gospel of Christ, finding ways to tell it clearly, and applying it in today's world to as many people as possible, as often as possible, in as many ways as possible."

Some evangelistic approaches fit better at one period of life than another. Faith readiness in infancy, early childhood, adolescence and adulthood needs to be taken into consideration. The purpose would be to discover appropriate ways of awakening and nurturing the faith of persons at different ages and stages of understanding.

The task force does not presume such wisdom as to define comprehensively the extent of ways the conference can implement the necessary outreach called evangelism. It does offer some basic perspectives and suggestions: 1) there should be in every local church a serious study of the Biblical and theological roots of evangelism. This certainly should involve the pulpit, the classroom and other study groups. All age levels should be included. Carefully selected materials supportive of United Methodist theological positions and polity should be provided. The viewpoint of the studies should hold before the people the standard of truth recognized by the United Methodist Church: Scripture, tradition, reason and experience.

2) there should be an initial period of enlistment and training in each local church. Every minister and lay person should be challenged to be involved in person-to-person evangelism

training using materials carefully chosen to meet local needs. The program should include and require a continuing emphasis and training requirement for each local church.

3) implementation involving the "doing" of evangelism should be carried on in every local parish. This should include evangelistic visitation by ministers and trained lay persons, special services and events, and an emphasis upon Christian doctrine and churchmanship. Invitations for commitment to Jesus Christ should be extended regularly.

4) There should be a planned conference-wide program of evangelism with all churches involved at the same time. This will bring encouragement and strength to the emphasis.

5) a system of accountability should be incorporated into the emphasis. Experience shows that when pastors report their efforts and results in evangelism, more results are realized. We strongly encourage regular reports to the District Superintendents and to the Bishop.

6) it should be emphasized that winning one for Christ is the first step, but in no wise the complete goal. To assimilate and disciple the new Christians into the church and provide for their growth in faith is equally important.

Board Of Global Ministries

Following are brief descriptions of selected new goals of the Board of Global Ministries for 1983. These are to give a quick overview of those areas which are considered to be particularly important. Budget summaries for each committee are also attached. For a more complete account, please see the full Board report.

Committee on Aging is a new group, created to fill the need for ministry to older adults. The Aging Resources Models (ARM) group has agreed to transfer this work to this group. A resolution will be presented by ARM at the Annual Conference, transferring the responsibilities and funds of ARM to the Committee on Aging.

City, Town and Country Work Committee, representing churches in two categories: 0-100 and 101-250 members, will sponsor competition with an award for each category. The wioners will be chosen on results in six categories: 1) numerical growth; 2) physical improvement to church and parsonage; 3) spiritual, i.e., prayer groups, special worship services, Bible study, etc; 4) outreach ministry to community and conference, i.e., missions, special days and causes; 5) photographic records of church, parsonage and personnel; 6) financial, i.e., growth, debt retirement, etc.

Committee on Education and the Advance support and participate in the School of Christian Missions. This activity is currently the major tool available for education of the laity in missions.

Committee on Health and Welfare will endeavor to put into practice the lessons learned in recent Pacific Homes case by investigating the relationship between the United Methodist Church and those agencies sponsored wholly or in part by our Conference.

Committee on Urban Ministries will give emphasis to methods of consideration and administration of financial requests for urban ministry projects, in order to insure that the funds entrusted to us are used as efficiently as is practicable.

Budget Comparison

	Budgeted 1982	Recommended 1983
Board and Committee Expenses	$ 2,500.00	$ 2,500.00
Church Extension	19,200.00	-0-
Urban Ministries	42,550.00	53,975.00
Ecumenical Affairs	10,750.00	-0-
Health and Welfare	300.00	300.00
Education and Cultivation	2,900.00	3,100.00
Aging		2,485.00
City Town and Country	1,500.00	750.00
TOTALS	$79,700.00	$63,110.00

Note: Financial matters are referred to Council on Finance and Administration and will be voted on as recommended by CF&A in its report.

Committee On Aging

Goals

1. (a) Furnish a list of projects for aging to local chairpersons. (b) Find concerns and interests of elderly and stimulate actions in those areas.
2. Contact Church Women United and present ideas for activities for aging.
3. Develop a conference assistance group.
4. Sponsor a spring Aging Workshop in 1983.
5. Make grants from ARM Foundation permanent fund interest.

Rationale: Due to government withdrawal of support for aging ministries the continuing increase in the number of older people dictates that United Methodists recognize our responsibilities to the aging. The Aging Resources Model Foundation (ARM) has been working in this area during the past six years and has agreed to transfer this work to the Board of Global Ministries Committee on Aging. The goals and budget for this new Committee on Aging completes plans for the ensuing years.

Committee On City, Town And Country

Activity Report

During 1981, the Chairman and Vice Chairman represented the Central Texas Conference in the two-day Town and Country Seminar at Texas A&M University, October 5 and 6. The conference theme was "Challenges Facing Texas Families." At the seminar, Robert Warden, pastor at Little River-Holland Parish was one of the nominees for "Rural Pastor of the Year," sponsored by the Progressive Farmer.

In 1982-83, we have plans for a "Mobile Home Ministry Seminar" to be conducted in the fall.

Other 1983 goals:

1. To continue the smaller church awards to be presented in two categories: a) churches of 2-100 members; b) churches of 101-250 members. The selected churches will be presented award plaques and an "all expense paid" grant to attend the "Town and Country Seminar" at Texas A&M University.

The basis for the award presentation will be in six categories; 1) numerical growth; 2) physical improvement to church and parsonage; 3) spiritual; i.e., prayer groups, special worship services, Bible study, etc.; 4) outreach ministry to community and conference; i.e., missions, special days and causes; 5) send pictures of church, parsonage and minister; 6) finances — growth, debt retirement, etc.

Committee On Education And The Advance

During the conference year 1981-82, the work of Education and The Advance centered in: 1) promotion of Advance Specials; 2) support and participation in the planning and implementation of the School of Christian Mission; 3) emphasis upon the Mission Resource Center; 4) encouragement of all districts to have a mission saturation event; 5) the encouragement of all districts to recruit seven persons from their districts to become "enablers" to local churches in the area of mission emphasis and to have those seven in attendance at the School of Christian Mission, and; 6) to promote the program of full support of a missionary by each local church by contributing $1.00 to $3.00 per member, or the contribution of $1,000.00 or more.

These items have all received attention at three conference committee meetings, at planning meetings, by personal contact, by correspondence, by telephone and through the coordinated mailing. The committee has made the initial contact in these areas, but has left implementation to the districts and the local churches.

1983 Goals and Rationale for Education and The Advance

a. To continue promotion of Advance Specials with special emphasis on World Hunger and Africa.

b. To continue support of and planning of the School of Christian Mission in 1983.

Rationale: The School of Christian Missions is currently the major tool we have for the education of the laity in missions.

c. To continue the Mission Resource Center by sending a questionnaire to local United Methodist Women through each district president.

Rationale: This goal was begun in 1981. It needs to be kept current to give the local church missions chairperson a resource bank for programs. The center is located in the Council on Ministries office.

d. To encourage districts to have a "Mission Saturation" event in the fall of 1982 if no such event had been held prior to the 1982 Annual Conference.

Rationale: To help the local church become more mission conscious and to become aware of the labors of our missionaries.

e. To continue promotion of local churches as full supporting members of missionaries through $3.00 per member.

Rationale: To allow local churches with memberships of less than 750 become full supporting congregations of a missionary by contributing $3.00 per member — thus entitling them to schedule that missionary (on furlough) to speak in the local church. They would also receive periodic updates as to the work in the field. Large churches are requested to contribute $1,000.00 or more.

f. To be the conference committee by which the jurisdictional program "Volunteers in Mission" may relate to the Central Texas Conference.

Rationale: It is important for any jurisdictional program to have the full support of the annual conferences and Education and The Advance can be the liaison for that program.

Committee On Health And Welfare

1. To encourage a better understanding of the legal and financial responsibility of the conference to the agencies. The agencies namely are: Harris Hospital, Fort Worth; Wesleyan Homes, Georgetown; Methodist Mission Home of Texas, San Antonio; and Methodist Home in Waco.

Rationale: As a result of recent litigation, Pacific Homes California, the conference as governing body of the church must define its role and connection with such agencies for the mutual benefit of both parties.

2. To emphasize the importance of a designated Health and Welfare person in each local church, and to encourage the education and development of said persons regarding the ministry of the agencies.

Rationale: The agencies can be only as effective as the response and support from local churches.

3. To encourage all churches to publicize and give support to the annual offerings received by these agencies: April — Golden Cross (Harris Hospital), May — Wesleyan Homes; November, Methodist Mission Home of Texas; December — Methodist Home in Waco.

Rationale: This is an opportunity for individuals in local churches to become involved in the ministries of the above agencies through a financial commitment.

4. To continue the encouragement of the inclusion of the agencies in personal estate planning.

Rationale: Personal estate planning enables the agencies to make extensive and advanced program planning and building.

5. The continued support to alleviate world hunger through UMCOR.

Rationale: As long as there is the problem of world hunger, the church must act in an affirmative way to meet the need.

6. To continue the need of awareness for the ministry to the handicapped and aged.

Rationale: These persons form a large percentage of many of our congregations and their ministry for Christ will be greatly enhanced by planned programs and adequate facilities.

Committee On Urban Ministries

Review: The response of the churches of the conference to the Youth Summer Mission Work Camps has been overwhelming. In association with Texas Wesleyan College for room and board and with United Community Centers for projects, many teenagers have invested themselves in compassion by hard work.

Our committee regretfully recognizes the retirement of J. Douglas O'Brien of United Community Centers. After nine years of cheerful and efficient leadership, this gracious man has stepped aside. The Father has never sent us a more likeable servant with whom to share his kingdom's work.

Ms. Jeannie Trevino-Teddlie and the Metro Board, under her leadership, are opening doors of helpfulness to more people than ever in the Fort Worth area. The human ache that is before us centers in the dilemmas facing the Southeast Asian and Hispanic contingents — although the other work in north and south Fort Worth still grips our conscience, too.

The administrative and financial problems of Laura Edwards Christian Community Center in Waco have been solved. Current enrollment, management and church support are helping open the possibilities of reaching more families with Christian day care than ever before.

Now more than fifteen years old, the Waco Inner City Ministry is serving the elderly more than it is serving any other age group. We proudly acknowledge them as the best agency in Waco for reaching the elderly poor with helps which maintain their dignity.

1983 Goals:

1. To consider and administer financial requests for urban ministry projects, involving funds from the Annual Conference, in such a manner as to meet the needs in all the districts of the conference and to establish procedures for review and evaluation of all projects.

2. To assist one black church and one white church to implement the program of exchanging members, on a short-term basis, for the purpose of discovery and mutual appreciation. The exchange is to be called IC-1 and SC-1.

3. To assist United Community Centers and the Metropolitan Board of Missions in acquiring churches for Youth Summer Mission Work Camps for the Summer of 1983.

4. To prioritize funds in favor of those churches in economic and ethnic transition which are endeavoring to minister to their communities and not only to themselves. (Paragraph 207, **The 1980 Book of Discipline**)

5. To care for, review and evaluate all local churches which are considered by the Annual Conference to be non-self-supporting, yet necessary to meet the needs of people in their areas; and are, by action of the Conference, assigned to the Board of Global Ministries.

Joint Resolution

In June 1981 the Annual Conference transferred the funds, goals and program of the Church Extension Committee of the Board of Global Ministries to the new Commission on

Church Growth and Development. The Church Extension Committee of the Board of Global Ministries then effectively ceased. Since that time the Commission on Church Growth and Development has determined that some of the church extension responsibilities rightly belong under the Urban Ministries section of the Board of Global Ministries. These are:

	1983 Budget
1. Salary Support	
Cogswell	$ 2,400.00
Thompson's Chapel	1,500.00
2. Program Assistance	
Eastwood	4,500.00
3. Housing Supplement	
Eastwood	3,600.00
Cogswell	1,200.00
TOTAL	$13,200.00

Church Extension to retain the "Grants" for Genesis at $1,000.00 and Southeast Fort Worth at $5,000.00

Be it resolved that these changes be authorized by the Central Texas Conference, effective with the 1983 budget period.

To date, twenty-two programs have been funded by the ARM Foundation. Nineteen of these continue at present. During 1977, the ARM Foundation made six initial grants totaling $21,400. In 1978, five new grants and three grant expansions totaling $17,830 were made. In 1979 through April 1, the Foundation made seven new grants and one grant expansion totaling $22,695. In 1980 through May 30, the Foundation awarded two new grants and three expansions totaling $5,400. In 1981 through May 31, the Foundation awarded 1 new grant for $2,000 and transferred the equipment from the Everman project to begin a new tape ministry at Mart. In 1982 through May 31, the Foundation has not awarded any new grants. Up to October 1, 1979, grant funds have been provided jointly by the Central Texas Conference and the Texas Governor's Committee on Aging. Now funds are provided solely by the ARM Foundation's permanent endowment fund, which has received $9,615.00 in contributions from June 1980 through May 1982, $8,653.50 (90%) of these endowment funds have been deposited to the permanent endowment fund, and $961.50 (10%) will be used for present and future operations in keeping with the endowment campaign guidelines.

Board of Global Ministries

TO: Members, Committee on Coordination and Budget
FROM: Fred Woerner, Chairperson
Board of Global Ministries

Here are the program and budget modules from the Board of Global Ministries for the years 1982-83.

In line with the recommendations from the Council on Finance and Administration, we have held our 1983 budget to 1982 levels or below.

The Committee on Church Extension was eliminated at the 1981 Annual Conference, but since its 1982 budget was approved at the same conference, it is shown in this report as though it still existed.

In the 1983 budget, those items formerly under Church Extension which have to do with new churches ($6,000.00) will be assumed by the Commission on Church Growth and Development and the balance of the responsibilities will be included in the Urban Ministries' budget.

It is proposed to activate a Committee on Aging to develop programs to minister to a group which is increasing in size and in importance — our senior citizens. This committee is projected to begin operations in 1982 if funds are made available by the Council on Finance and Administration and to go into full operation in 1983.

Board Of Health And Welfare Ministries
Hospitals Of The Harris Hospital — Methodist System
Annual Report — 1982
Report No. 1
Harris Hospital-Methodist

Harris Hospital-Methodist continues to be a major tertiary care referral center, and is recognized throughout the Southwest as a leader in the health care field.

In addition to the main campus at 1300 West Cannon, the Harris Methodist Health System has continued to grow and progress. The idea of multi-institutional systems dates back at least 50 years. What is new, however, is the fairly rapid increase in the number of such arrangements, primarily over the last 10 to 15 years. Approximately 25-30 percent of community hospitals and about 30-35 percent of community beds are currently participating in some kind of multi-institutional arrangements. These figures will increase to 60-80 percent by the turn of the century. Harris is in the forefront of this national trend, and the Harris Methodist Health System will increase by 111% within the next 10 years. This positive growth pattern will allow the System to maintain a competitive advantage within the communities it serves. Quality care will be enhanced; recruitment efforts of skilled personnel will be improved; while costs will be optimally contained. Consideration of the individual institutions that compose the System will be dealt with in sections 2 and 3 of this report.

The progress at Harris Hospital continues to be very dramatic and far reaching.

The Department of Physical Medicine and Rehabilitation, which was established in 1980, continues to minister to the many accident and stroke victims. The newly formed Speech Pathology segment of this department is ministering to an ever growing segment of our society. They established a Foundation for non-oral persons called "Communications Unlimited." They raise money to purchase very expensive equipment and pay for services for the patients. Our staff extends these services to all the surrounding communities, reaching out to elderly people, stroke victims, cancer patients and non-verbal children.

The new "Champlin Emergency Medicine Department" has been completed and now is serving some 35,000 trauma and acutely ill patients per year.

CareFlite, the emergency helicopter ambulance service, continues to serve an evergrowing geographical area. We are now making 40 to 50 flights per month to pick up accident victims, heart and kidney failure patients, obstetrical patients and premature babies. CareFlite has flown to places as far away as Missouri, Oklahoma and Louisiana, and has now acquired the services of a fixed-wing, twin engine plane to accommodate even more remote areas.

The new "Sid Richardson Child Care Center" was formally opened with dedicatory services on March 12, 1982. This center will serve some 315 children per day, and will be a large factor in helping to retain nursing and other key personnel.

Five other areas of our medical center have acquired dramatic new technology as follows:

ANGIOPLASTY

Percutaneous Transluminal Coronary Angioplasty (PTCA) is a revolutionary new procedure which can be performed as an alternative to coronary artery bypass surgery in some cases. PTCA has been 85-90% successful in unclogging arteries filled with cholesterol plaque.

Harris was the first facility in the area to offer PTCA, which has in many cases eliminated the expense and discomfort of major surgery. (Patients eligible for PTCA are admitted for careful testing before the procedure. The technique itself consists of inserting a balloon-tipped catheter into the blocked area, then inflating the balloon to dilate the artery. Afterward, patients are closely monitored and evaluated to ensure that the procedure has been successful.)

FIRST-PASS NUCLEAR ANGIOGRAPHY

A new diagnostic coronary procedure, called the First-Pass Nuclear Angiography, uses a special camera to evaluate the heart's pumping ability and find evidence of obstruction in the coronary arteries. It is a non-invasive technique in which a dye is injected into the bloodstream. A special multi-crystal gamma camera photographs isotopes in the dye as they enter and go through the heart. A computer records and translates the image, which is projected onto a screen for the physician to study.

Harris is the first facility to offer this service, which can even be done on an outpatient basis.

RENAL DIABETIC UNIT

A pioneer in offering specialized care for its patients, HH-M has selected areas for oncology, urology, cardiovascular, orthopedic, surgical and maternity patients, as well as injured patients who need rehabilitation services. Now Harris has a renal/diabetic area, consisting of 26 beds.

The idea for the unit came from the fact that both newly diagnosed diabetics and people with kidney disease need extensive training on how to cope with their illness. The emphasis is on teaching these patients how to care for themselves through medication and diet.

NEONATOLOGY AND PERINATOLOGY

HH-M is striving to become one of the finest and best-equipped perinatology centers in the Southwest. (Neonatology means the first 28 days of life. Perinatology means the time prior to, during and after birth.) There will be 8 intensive care bassinets, 6 chronic care, and 10 progressive care units.

With the sophisticated equipment and techniques here, babies as small as 2 pounds can be saved. Recently, Fort Worth's first set of quadruplets was born here. The mother was hospitalized and cared for 5 weeks before the birth. The perinatologist was thus able to ensure the babies' safe and healthy arrival.

With CareFlite, premature or critically ill babies can be brought in from outlying areas lacking neonatal facilities, giving them a chance for life. Many women with high risk pregnancies are flown here too, so their babies can be cared for from birth.

A recent article in the **Dallas Morning News** proclaimed Fort Worth as a major emerging center for infant care, and mentioned CareFlite as an important factor.

LAB

HH-M is in the process of adding a regional reference laboratory. By expanding lab facilities, we will be able to offer physicians in the area a larger variety of clinical diagnostic tests and perform them more efficiently.

Among the most significant additions is a toxicology department. Here, therapeutic drug monitoring will show when the patient is receiving the proper amount of medication. This is very important when some drugs can be toxic if given in too large an amount. Many other kinds of toxic substances can be identified through sophisticated equipment such as a mass spectrophotometer. This is especially critical for patients admitted to the Emergency Room who are unconscious and suspected of drug or other poisoning.

The Electron microscope is capable of magnifying images of tissue or blood samples many times larger than conventional microscopes. With the aid of this powerful instrument, certain viruses can be visualized and identified and some tumors can be differentiated.

NEW CONSTRUCTION

Planning is currently under way for the construction of a new bed tower immediately adjacent to the Harris Main and Jones Buildings. The bed tower will contain approximately 100 new beds and 100 replacement beds bringing the total bed complement to 728 beds. The new bed tower will enable Harris Hospital to provide additional capacity for growth in patient services as well as increase the number of private patient rooms throughout the complex. Initial planning results indicate each patient bed unit will be approximately 32 beds with each floor having a complement of eight semi-private rooms throughout the complex. Initial planning results indicate each patient bed unit will be approximately 32 beds with each floor having a complement of eight semi-private rooms, 23 private rooms, and one suite. Additionally, new surgical and dining facilities are being planned. The new surgery facility is initially being programmed at 24 surgical suites and will replace the existing surgical suite constructed in 1962. The first floor will consist of dietary facilities and public areas, the surgical suite will be on the second floor, and floors three through eight will be patient rooms. Initial estimates indicate a total project cost of $42 million and it is anticipated a Certificate of Need will be filed with the Texas Health Facilities Commission in April of 1982.

Report No. 2
H.E.B. Hospitals (Hurst-Euless-Bedford)

H.E.B. Hospital has continued to experience substantial growth in its patient activity during the past year with all phases of its inpatient and outpatient services showing more utilization than the preceding year. Additionally, a 30 bed Addiction Treatment Center unit was opened in March to serve the needs of persons with alcohol and prescription drug problems.

Due to the continued growth of activity in the hospital and the need to expand H.E.B., we are pursuing an application for a $28 million renovation and addition project.

The highlights of the expansion include a net addition of 101 patient rooms increasing the hospital's total capacity from 212 to 313 beds. A six story tower is planned to be connected with the current H.E.B. North facility and will include a 40 bed Intensive Care floor, three 30 bed private patient room floors, a new main entrance and public areas, surgery, laboratory, dietary and pharmacy departments. In addition to the 121,000 square feet tower, approximately 25,000 square feet of the existing H.E.B. North Hospital will be renovated. The OB/GYN facilities now located at H.E.B. South will be relocated to the renovated portion of H.E.B. North as part of the expansion program. The total site for H.E.B. Hospital contains enough land for a future expansion of the Hospital, parking areas and additional professional or ancillary buildings.

The Hospital has added a Pastoral Care Department with the arrival of Chaplain Joe Wilson as a full time staff member. Chaplain Wilson has been well received and has already become a very active part of the H.E.B. Hospital community.

Current search is under way for a full time Director of Development to establish this department as a new service at H.E.B.

This year's budget for H.E.B. is approximately $22,600,000 in anticipated gross revenues. The Hospital is working hard to contain hospital expenses yet still provide the quality care the community has come to expect from H.E.B. Hospital.

Report No. 3
Methodist Affiliated Hospitals

Methodist Affiliated Hospitals (MAH) is a group of smaller hospitals who have come together to share purchasing, personnel and a commitment to caring.

This sharing concept offers smaller facilities the expertise they might not otherwise be able to afford.

Methodist Affiliated Hospitals provides access to capital for renovation and expansion that many smaller community hospitals could not obtain in today's economy. This sharing concept also offers more sophisticated health care to smaller communities, allowing them to grow to their fullest potential, recruit top physicians and provide their facility with modern up-to-date equipment.

Affiliated hospitals include:

EAGLE MOUNTAIN AREA SUBURBAN HOSPITAL (EMASH) — Eagle Mountain Area Suburban Hospital affiliated with MAH in 1980 under a long-term lease agreement. This 22-bed facility suffered heavy rains just shortly before a proposed renovation project was to be completed. Waters ran through new downstairs ancillary areas with a force so hard double doors were crushed by the blow. Top management officials of MAH and Harris helped during this disaster, lending a hand in everything from mopping up the water to moving equipment and supplies.

Harris provided security guards to watch over the hospital to protect against vandalism and also sent special clean-up crews during the following weeks. With MAH's help, the renovation has been completed and the new section will be formally dedicated on April 17, just six months after the flood.

DECATUR COMMUNITY HOSPITAL — The Decatur Community Hospital, a 50-bed facility became a part of MAH in 1980 under a management agreement. The hospital had seen a decline in revenue and had lost about $100,000 the previous year when the board decided to affiliate with MAH. Just one year after signing the management agreement with MAH, Decatur turned the $100,000 loss into a $149,630 gain. Most of that gain resulted from the quantity purchasing discounts gained by their affiliation. Most recently a Par Course has been given to the hospital by local members of the community in an effort to show community support.

DUBLIN MEDICAL CENTER — This 27-bed facility was purchased by MAH in 1980. Since its affiliation, Methodist Affiliated Hospitals has been instrumental in obtaining a badly needed Certificate of Need for renovation and expansion. The planning department completed the extensive paperwork required by the state and is now making the expansion and renovation a reality.

DUNCAN MEMORIAL HOSPITAL — This facility is associated with the Edna Gladney Home in Fort Worth, and has 35 beds and 19 bassinets. A complete renovation has been completed, with the addition of another early labor room. New equipment includes an ultra-sound scanner and a portable X-ray machine with developing capabilities.

Report No. 5

TO: THE MEMBERS OF THE
CENTRAL TEXAS ANNUAL CONFERENCE

Dear Friends:

Since the creation of Harris Hospital-Methodist 63 years ago, the hospital has looked to the Central Texas Annual Conference for support, guidance, and leadership. The Conference has responded generously. The result of our mutual cooperation is that today the hospital is one of the finest multi-institutional health care and related service systems in Texas and in the Southwest. Once again, the hospital is looking to the Conference for assistance in furthering the heatlh and welfare ministry of the Conference and the hospital.

During the last several years, the hospital through its Board of Trustees has been studying ways to maximize the growth opportunities that are present in today's health care industry, to minimize the cost and red tape involved in operating the hospital in the present government regulatory environment, and thereby to increase the capacity of the hospital to provide the very best health care and related services to the people in the North-Central area of Texas.

The 1981 Annual Conference recommended that a committee be appointed by the Bishop of at least ten persons selected for their expertise and knowledge of the financial and legal implications as well as conference relationships to carefully study the factors involved in the proposed plan for growth and development of the hospital system. The Conference Committee is composed of Mr. Roy Grogan of Weatherford as Chairman, Dr. Luther W. Henry, Sr. of Fort Worth, Rev. H. F. Meier, Jr. of Waco, Dr. Don M. Pike and Dr. Jerry Bane of Arlington, Rev. Tom Robbins of Bedford, Dr. Sidney Roberts of Hurst, Mr. B. F. Carroll of Fort Worth, Mr. Wesley Sears of Fort Worth, Mr. Jerry Secrest of Temple, Mr. Pat Stroman of Waco, and Mrs. Fred Wimberly of Fort Worth.

The Conference Committee and representatives of the hospitals have jointly developed an approach to restructure the operations of the hospital and its related institutions in order to

facilitate the growth of the hospital system and to minimize the economic, competitive, and regulatory burdens which the hospital system presently faces. To do so, the Conference Committee and hospital jointly recommend the creation of a new charitable, not-for-profit corporation whose Board of Trustees will be elected by the Conference and which will be called Harris Methodist Health Systems, Inc. The Board of the new entity, in turn, will elect the boards of trustees of Harris Hospital-Methodist and the other related hospitals in the Harris system.

We wish to emphasize that the proposed corporate restructuring is intended to further the positive accomplishments of the health and welfare ministry of the Conference and hospital by preserving and strengthening the historical and present relationships between the Conference and hospital. In addition, the restructuring is intended to minimize any potential exposure which the Conference may have for the liabilities of the hospitals and related entities.

To accomplish these objectives, the Conference Committee and the hospital have jointly prepared the enclosed documents, including:

(1) The Mission Statement of the Harris Methodist Health System;
(2) The Articles of Incorporation of Harris Methodist Health Systems, Inc.;
(3) The By-Laws of Harris Methodist Health Systems, Inc.;
(4) The Restated Articles of Incorporation of Harris Hospital-Methodist; and
(5) The By-Laws of Harris Hospital-Methodist.

Representatives of the hospital and the Conference Committee will be attending the District meetings to discuss with you the background and provisions of the enclosed documents. If you have any questions concerning the enclosures before the District meetings, please feel free to contact us, or any member of the Conference Committee.

Sincerely yours,
Ronald L. Smith
Executive Vice President
Harris Hospital-Methodist
Roy J. Grogan, Chairman
Conference Committee

Harris Methodist Health System
Mission Statement

1. Introduction. The Harris Methodist Health System is a coordinated multi-institutional health care and related services system in the north-central area of the State of Texas. The System was originally created as an expression of the health and welfare ministry of The Central Texas Annual Conference of The United Methodist Church, and it continues to share the beliefs, goals and purposes of the Conference and the Christian Church. Its work is the physical expression of the Christian Church. Its work is the physical expression of the Christian Church's underlying human compassion for those in need. The health care facilities and services provided by the institutions within the System are available directly or by referral on an inpatient and ambulatory basis for the medical needs of persons in the area they serve. It is the belief of the System that institutions of healing are an essential aspect of the ministry of the Christian Church, having its origin when a Galilean carpenter brought healing to the blind, the lame and the helpless. It is His Spirit that has been behind every effort to heal the sick, and it is still His compassion and love that brings health to the whole person. There is no healing of the human body that is complete without the healing of the human spirit, and it is this spiritual dimension that sets the Christian hospital apart from others. Medical technology, which has come through Divine guidance and is administered through a Christian health care institution which makes it services available to all in need, is mankind's hope for a healthier tomorrow.

2. The Service Area. The area served by the System is the geographic territory extending approximately 150 miles to the north, west, and south of Fort Worth, Texas. Specifically, the System's prime service area is composed of the counties depicted on opposite page.

The service area counties are: Archer, Baylor, Bell, Bosque, Brown, Callahan, Clay,

Coleman, Comanche, Cooke, Coryell, Dallas, Denton, Eastland, Ellis, Erath, Freestone, Hamilton, Hill, Hood, Jack, Johnson, Lampasas, Limestone, McLennan, Mills, Montague, Navarro, Palo Pinto, Parker, Runnels, Shackleford, Somervell, Stephens, Tarrant, Throckmorton, Wichita, Wilbarger, Williamson, Wise and Young.

3. **Relationships Within The System.** The System is an independent confederation of institutions which are affiliated through the right of one or more institutions to elect members of the governing board of other institutions, by the terms of lease/purchase agreements or by management contract. The operations of the System are coordinated through Harris Methodist Health Systems, Inc., a separate non-profit corporation organized and existing under the laws of the State of Texas. The System looks to the Central Texas Annual Conference of the United Methodist Church as a source of spiritual guidance as well as a source of interested and qualified persons to aid the System in carrying out its responsibilities.

4. **The Member Health Care Institutions.** The following health care institutions are presently included within the System: (a) Harris Hospital-Methodist, a 628 bed special care and general acute care hospital in downtown Fort Worth, Texas; (2) Hurst-Euless-Bedford

Hospital, a 212 bed special care and general acute care hospital in Bedford and Euless, Texas; (3) Eagle Mountain Area Suburban Hospital, a 22 bed general acute care hospital in Azle, Texas; (4) Duncan Memorial Hospital, a 14 bed specialized maternity hospital in Fort Worth, Texas; (5) Dublin Medical Center, a 27 bed general acute care hospital in Dublin, Texas; and (6) Decatur Community Hospital, a 50 bed general acute care hospital in Decatur, Texas. It is recognized by the System that from time to time, hospital affiliations may be changed or altered. The above list is not intended to represent a limitation. Rather, it is anticipated that new health care facilities will be added to the System as its health care ministry expands.

It is recognized that assisting communities in the service area by maintaining and improving their health care is an important mission of the System. As the System continues to develop and in order to provide for a stable pattern of growth, standards and criteria will be applied to each affiliation opportunity by matching the needs of the affiliating institution with the resource capabilities of the System. This synthesis insures the continued viability of the System's health care mission.

Each proposed affiliated institution will be within or in immediate proximity to the service area; will have the clear capability to become financially viable on its own merits; will assure the System that there is a broad-based community consensus of the desirability for affiliation; will have the potential to provide a high quality of patient care equal to that of the other affiliated hospitals in the System; and will provide for a means to dissolve the affiliation should it be necessary. It is the System's steadfast goal to produce net revenues available for debt service equal to at least 110 percent of the System's total principal and interest requirements for each fiscal year.

5. The Health Care Mission. The System will provide high quality care to its patients in an economical and efficient manner. This includes maintaining — and when appropriate improving, modifying, or creating — medical, ancillary, and diversified support services; expanding shared services arrangements; affiliating with other institutions through management contracts, lease agreements or purchase; developing health service delivery programs; and implementing preventive and restorative programs through health education and promotion. The System will maintain high competency among medical, nursing, management, and allied health personnel. Clinical education opportunities for medical, nursing, and allied health personnel will be provided by the System through its affiliated institutions. Medical education programs at each affiliated institution will be approved by each institution's medical staff. Research projects will conform to the policies and procedures of each affiliated institution.

ARTICLE TEN: DISPOSITION OF ASSETS ON DISSOLUTION

Upon the dissolution of the Corporation, the Board of Trustees, after paying or making provision for the payment of all of the liabilities of the Corporation, and in order to carry out the beliefs, goals, and purposes of the Corporation, shall dispose of all of the remaining assets of the Corporation by delivery of such assets to The Central Texas Annual Conference of The United Methodist Church, which shares the same such beliefs, goals, and purposes.

ARTICLE ELEVEN: INTERESTED PARTIES

A contract or transaction between the Corporation and any other Person (as used herein the term "Person" means an individual, firm, trust, partnership, joint venture, association, corporation, political subdivision or instrumentality, or other entity) shall not be affected or invalidated by the fact that (a) any Trustee or officer of the Corporation is also a party to, or has a direct or indirect interest in, such contract or transaction; or (b) any Trustee or officer of the Corporation is in any way connected with such other Person or with any of its officers, directors, or trustees.

Every person who may become a Trustee of the Corporation is hereby relieved from any liability that might otherwise exist from contracting with the Corporation for the benefit of himself or of any Person in which he has any interest, if such interest, shall have been disclosed to, or known to, the Corporation's Board of Trustees, and the Board of Trustees shall have approved such transaction. No Trustee shall participate in or vote upon any approval of a contract or transaction in which such Trustee has an interest as contemplated by this Article Eleven, but such Trustees may be counted for purposes of establishing a quorum.

ARTICLE TWELVE: INDEMNIFICATION

(a) The Corporation shall indemnify any individual who was or is a party or is threatened with being made a party to any threatened, pending, or completed action, suit, or proceeding, whether civil, criminal, administrative, or investigative (all such actions, suits, and proceedings and accompanying modifers being comprehended by the term "Proceeding"), by reason of the fact that he is or was a Trustee or officer of the Corporation, or is or was serving at the request of the Corporation as a director, officer, employee, trustee, or agent of another Person. Such indemnification may be made only against those expenses (including attorneys' fees), judgments, fines, and amounts paid in settlement actually and reasonably incurred by such person in connection with such Proceeding if (i) he is successful on the merits or otherwise; or (ii) he acted in the transaction which is the subject of the Proceeding in good faith and in a manner he reasonably believed to be in or not opposed to the best interest of the Corporation, and, with respect to any criminal Proceeding, he had no reasonable cause to believe his conduct was unlawful. However, no indemnification may be made in respect of any claim, issue, or matter in relation to which such person shall have been adjudged to be liable for negligence or misconduct in the performance of his duty to the Corporation. The termination of any Proceeding by judgment, order, settlement, conviction, or upon a plea of **nolo contendere** or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which he reasonably believed to be in or not opposed to the best interest of the Corporation, nor, with respect to any criminal Proceeding, that he had reasonable cause to believe that his conduct was unlawful.

(b) Any indemnification under paragraph (a) of this Article (other than one ordered by a court) may be made by the Corporation only upon a determination that indemnification of such individual is proper in the circumstances because he has met the applicable standard of conduct set forth in paragraph (a). Such determination shall be made by the Board of Trustees by a majority vote of a quorum consisting of Trustees who were not

parties to such Proceeding, or, if such a quorum is not obtainable (or, even if obtainable, if a quorum of disinterested Trustees so directs), by independent legal counsel in a written opinion or through such procedures as shall be authorized in the Bylaws of the Corporation.

(c) Expenses incurred in defending a civil or criminal Proceeding may be paid by the Corporation in advance of the final disposition of such Proceeding as authorized by the Board of Trustees or other appropriate body or party in the manner provided in paragraph (b) of this Article only when the Corporation has received an undertaking by or on behalf of the individual who is to receive such payment to repay such amount unless it shall ultimately be determined that he is entitled to be idemnified by the Corporation as authorized in this Article Twelve.

(d) In determining whether the standard of conduct set forth in paragraph (a) has been met, it may be determined that the individual has met the standard as to some matters but not to others, and the amount of indemnification may be accordingly prorated.

(e) The indemnification provided by paragraphs (a) through (d) shall not be exclusive of any other rights to which an individual may be entitled by law, Bylaw, agreement, or otherwise.

(f) The indemnification provided by paragraphs (a) through (d) shall inure to the heirs, executors, and administrators of any individual entitled to indemnification under this Article Twelve.

(g) The Corporation may purchase and maintain insurance on any individual who is or was a Trustee or officer of the Corporation as a director, officer, employee, trustee, or agent of another Person against any liability incurred by him in any such position, or arising out of his status as such, whether or not the Corporation would have the power to indemnify him against such liability under paragraphs (a) through (d).

The term of office of such ex officio Trustees shall expire on the same date that the person's status which qualifies him for membership on the Board expires, at which time the term of the person succeeding to such office as a Trustee of Systems shall commence. The remaining twenty-seven members of the Board of Trustees shall be divided into three groups of nine members each. The initial term of office for the members of each group is set forth in the Articles of Incorporation of Systems and, thereafter, the normal term of office of the members of one group expire each year. 3.05 **Regular Meetings.** The regular meetings of the Board of Trustees shall be held no fewer than four times a year at Harris Hospital-Methodist or at such other location as may be designated in the notice of such meeting. Except as otherwise provided herein, regular meetings of the Board of Trustees shall be held at such times as may be designated from time to time by resolution of the Board of Trustees. A regular meeting shall be held in January of each year and shall be known as the annual meeting of the Board. For the transaction of business at a regular meeting, a quorum of not less than ten (10) members of the Board of Trustees shall be present in person, and, except as otherwise provided by law, the Articles of Incorporation of Systems or these Bylaws, a simple majority vote of members present and voting in person at a meeting at which a quorum is present shall decide any question.

In the case of a special meeting called by Board members, as provided in Section 3.06 above, notice shall be given by such Board members calling such meeting or by the Secretary of the Board or the President on direction of such members calling such meeting. Such notice shall be actual notice communicated orally or in writing to the members, or by depositing a letter or postcard in the U.S. mails postage prepaid addressed to each such member at his regular address. A minimum notice, either actual or constructive, of at least ten (10) days shall be required unless three-fourths of the entire Board is in attendance at such meeting, in which event a twenty-four (24) hour notice shall suffice. Attendance of a Trustee at a meeting of the Board of Trustees shall constitute a waiver of notice of such meeting, except when a Trustee attends a meeting for the express purpose of objecting to the transaction of business on the ground that the meeting is not lawfully called or convened.

Upon the dissolution of the Corporation, the Board of Trustees, after paying or making provisions for the payment of all of the liabilities of the Corporation, and in order to carry out the beliefs, goals and purposes of the Corporation, shall dispose of all of the remaining assets of the Corporation by delivery of such assets to The Central Texas Annual Conference of The United Methodist Church which shares the same such beliefs, goals and purposes.

ARTICLE TEN: INTERESTED PARTIES

A contract or transaction between the Corporation and any other Person (as used herein the term "Person" means an individual, firm, trust, partnership, joint venture, association, corporation, political subdivision or instrumentality, or other entity) shall not be affected or invalidated by the fact that (a) any Trustee or officer of the Corporation is also a party to, or

has a direct or indirect interest in, such contract or transaction; or (b) any Trustee or officer of the Corporation is in any way connected with such other Person or with any of its officers, directors, or trustees.

Every person who may become a Trustee of the Corporation is hereby relieved from any liability that might otherwise exist from contracting with the Corporation for the benefit of himself or of any person in which he has any interest, if such interest shall have been disclosed to, or known to, the Corporation's Board of Trustees, and the Board of Trustees shall have approved such transaction. No Trustee shall participate in or vote upon any approval of a contract or transaction in which such Trustee has an interest as contemplated by this Article Eleven, but may be counted for purposes of establishing a quorum.

ARTICLE ELEVEN: INDEMNIFICATION

(a) The Corporation shall indemnify any individual who was or is a party or is threatened with being made a party to any threatened, pending, or completed action, suit, or proceeding, whether civil, criminal, administrative, or investigative (all such actions, suits, and proceedings and accompanying modifiers being comprehended by the term "Proceeding"), by reason of the fact that he is or was a Trustee or officer of the Corporation, or is or was serving at the request of the Corporation as a director, officer, employee, trustee, or agent of another Person. Such indemnification may be made only against those expenses (including attorneys' fees), judgments, fine, and amounts paid in settlement actually and reasonably incurred by such person in connection with such Proceeding if (i) he is successful on the merits or otherwise; or (ii) he acted in the transaction which is the subject of the Proceeding in good faith and in a manner he reasonably believed to be in or not opposed to the best interest of the Corporation, and, with respect to any criminal Proceeding, he has no reasonable cause to believe his conduct was unlawful. However, no indemnification may be made in respect of any claim, issue, or matter in relation to which such person shall have been adjudged to be liable for negligence or misconduct in the performance of his duty to the Corporation. The termination of any Proceeding by judgment, order, settlement, conviction, or upon a plea of **nolo contendere** or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which he reasonably believed to be in or not opposed to the best interest of the Corporation, nor, with respect to any criminal Proceeding, that he had reasonable cause to believe that his conduct was unlawful.

(b) Any indemnification under paragraph (a) of this Article (other than one ordered by a court) may be made by the Corporation only upon a determination that indemnification of such individual is proper in the circumstances because he has met the applicable standard of conduct set forth in paragraph (a). Such determination shall be made by the Board of Trustees by a majority vote of a quorum consisting of Trustees who were not parties to such Proceeding, or, if such a quorum is not obtainable (or, even if obtainable, if a quorum of disinterested Trustees so directs), by independent legal counsel in a written opinion or through such procedures as shall be authorized in the Bylaws of the Corporation.

(c) Expenses incurred in defending a civil or criminal Proceeding may be paid by the Corporation in advance of the final disposition of such Proceeding as authorized by the Board of Trustees or other appropriate body or party in the manner provided in paragraph (b) of this Article only when the Corporation has received an undertaking by or on behalf of the individual who is to receive such payment to repay such amount unless it shall ultimately be determined that he is entitled to be indemnified by the Corporation as authorized in this Article Twelve.

(d) In determining whether the standard of conduct set forth in paragraph (a) has been met, it may be determined that the individual has met the standard as to some matters but not to others, and the amount of indemnification may be accordingly prorated.

(e) The indemnification provided by paragraphs (a) through (d) shall not be exclusive of any other rights to which an individual may be entitled by law, Bylaw, agreement, or otherwise.

(f) The indemnification provided by paragraphs (a) through (d) shall inure to the heirs, executors, and administrators of any individual entitled to indemnification under this Article Twelve.

(g) The Corporation may purchase and maintain insurance on any individual who is or was a Trustee or officer of the Corporation or is or was serving at the request of the Corporation as a director, officer, employee, trustee, or agent of another Person against any liability incurred by him in any such position, or arising out of his status as such, whether or not the Corporation would have the power to indemnify him against such liability under paragraphs (a) through (d).

3.03 **Election or Selection of Trustees.** Of the total number of Trustees of the Hospital, four (4) shall be selected by reason of holding the respective offices specified in Sections 3.02(a) and (b) above, and seven (7) shall be elected by the Board of Trustees of HMHS at the next regular meeting of HMHS immediately following the annual meeting of HMHS. The term of office of the ex-officio members of the Board of Trustees shall expire on the same date that such person's status which qualifies him or her to serve on this Board of Trustees expires, at which time the term of the person succeeding to such office as a Trustee of the Hospital shall commence. entitled to cast one (1) vote. Members of the Board of Trustees shall attend at least fifty (50) percent of all regularly scheduled meetings, including any committees of which they are a member, and failure to do so will be a basis for removal.

The regular meeting in January of each year shall be known as the annual meeting of the Board. For the transaction of business at a regular meeting, a quorum of not less than six (6) members of the Board of Trustees shall be present in person, and, except as otherwise provided by law, the Articles of Incorporation or these Bylaws, a simple majority vote of members present and voting in person at a meeting at which a quorum is present shall decide any question.

3.06 **Special Meetings**. Special meetings of the Board of Trustees may be held at the call of the Chairman of the Board of Trustees, or on written call signed by not less than one-half of the members of the Board of Trustees and may be held at such time and location as may be designated in the notice of such meeting. For the transaction of business at a special meeting, a quorum of not less than one-half of the members of the Board of Trustees shall be required, and a majority vote shall be required of members present and voting in person at a meeting at which a quorum is present to decide any question.

Such notice shall be given by the Chairman of the Board, the Secretary of the Board, the President of the Hospital on direction of the Chairman of the Board, or as otherwise provided in these Bylaws. In the case of a special meeting called by Board members, as provided in Section 3.06 above, notice shall be given by such Board members calling such meeting or by the Secretary of the Board or the President of the Hospital on direction of such members calling such meeting. Such notice shall be actual notice communicated orally or in writing to the members, or by depositing a letter or postcard in the U.S. mails postage prepaid addressed to each such member at his regular address. Such notice shall be sufficient if it specifies the date, the place and the time of the meeting, and that it is a meeting of the Board of Trustees of the Hospital. A minimum notice, either actual or constructive, or at least ten (10) days shall be required unless three-fourths of the entire Board is in attendance at such meeting, in which event a twenty-four (24) hour notice shall suffice. Attendance of a Trustee at a meeting of the Board of Trustees shall constitute a waiver of notice of such meeting, except when a Trustee attends a meeting for the express purpose of objecting to the transaction of business on the ground that the meeting is not lawfully called or convened.

3.08 **Advisory Non-Voting Members**. The Board of Trustees shall have the authority and power to elect advisory non-voting members of the Board of Trustees. Each elected advisory non-voting member of the Board of Trustees shall serve for a term of office and on such other conditions as are established by the Trustees at the time of such advisory non-voting Trustee's election.

3.09 **Honorary Non-Voting Members**. The Board of Trustees shall have the authority and power to elect honorary non-voting members of the Board of Trustees. 3.10 **Compensation**. Trustees, as such, shall not receive any stated salary for their services, but, upon resolution of the Board of Trustees, shall be reimbursed for reasonable expenses incurred in the performance of their duties as Trustees; provided, however, that nothing contained herein shall be construed to preclude any Trustee from serving the Hospital in any other capacity or receiving compensation therefor.

ARTICLE IV

officers as the Board may determine necessary or proper. All such officers shall be elected by the Board of Trustees at its annual meeting, but following the election of Trustees at such meeting; provided, however, (i) the Chairman of the Board of Trustees shall be a member of the Board of Trustees as well as a member of the Board of Trustees of HMHS and shall not be eligible to succeed himself more than three times, (ii) the Vice Chairman shall be a member of the Board of Trustees, and (iii) the President, each Executive Vice President, each Senior Vice President, each Vice President, each Assistant Vice President, the Treasurer and the Secretary need not be members of the Board of Trustees. The term of office of an officer shall run for a period not to exceed three (3) years, and upon expiration of such term a successor shall be elected or such person reelected. ARTICLE VI
MEDICAL STAFF AND BOARD

6.01 **General.** The Board of Trustees shall make provision for and concerning the Medical Staff of the Hospital under such Bylaws and Rules and Regulations as the Board of Trustees shall, from time to time, promulgate, adopt or approve, and, in connection therewith, may provide for a Medical Board with such duties and authorities with reference thereto as the Board of Trustees may, from time to time, deem proper. (See Bylaws and Rules and Regulations of the Medical Staff under separate cover.)

The Board of Trustees shall consider recommendations of the Medical Staff and appoint to the Medical Staff physicians and others who meet the qualifications for membership as set forth in the Bylaws of the Medical Staff. Each member of the Medical Staff shall have appropriate authority and responsibility for the care of his patients, subject to such limitations as are contained in these Bylaws and in the Bylaws and Rules and Regulations of the Medical Staff and subject, further, to any limitations attached to his appointment.

Any physician or dentist whose duties are administrative in nature and whose engagement by the Hospital requires membership in the Medical Staff shall not have his Medical Staff privileges terminated without the same due process provisions as must be provided for any other member of the Medical Staff, unless stated in an employment contract.

All appointments to the Medical Staff shall be for eighteen (18) months only, renewable by the Board of Trustees pursuant to formal reapplication. When an appointment is not to be renewed, or when privileges have been or are proposed to be reduced, altered, suspended, or terminated, the staff member shall be afforded the opportunity of a hearing before the Medical Board, whose recommendations shall be considered by the Board of Trustees prior to taking final action. When a hearing relates to an adverse decision of the Board of Trustees that is without, or contrary to, the recommendation of the Medical Board, the Board of Trustees or the Executive Committee shall appoint a Joint Hearing Committee to conduct such hearing and shall designate one of the members of this committee as chairman. The Joint Hearing Committee shall be composed of at least three members of the Board of Trustees and at least three members of the Medical Board. Such hearings shall be conducted under such additional procedures as are adopted by the Board of Trustees to ensure due process and to afford full opportunity for the presentation of all pertinent information.

6.02 **Medical Care and its Evaluation.** The Board of Trustees shall, in the exercise of its overall responsibility, assign to the Medical Staff reasonable authority for ensuring appropriate professional care to the Hospital's patients.

The Medical Board shall conduct an ongoing review and appraisal of the quality of professional care rendered in the Hospital and shall report such activities and their results to the Board of Trustees.

The Medical Board shall make recommendations to the Board of Trustees concerning: (1) appointments, reappointments and other changes in Staff status; (2) granting of clinical privileges; (3) disciplinary actions; (4) all matters relating to professional competency; (5) specific matters as may be referred to it by the Board of Trustees.

ARTICLE VII
MISCELLANEOUS

7.01 **Voting.** Voting in the Board of Trustees, all Committees and Subcommittees thereof, in the Medical Board, in the Medical Staff, in Departments and/or Divisions, and in all other meetings of any sort where votes are taken in or in connection with the business of the Hospital, shall be in person and not by proxy, with each person present and entitled to vote being entitled to cast one vote.

7.02 **Quorum.** At any meeting of any Committee, Subcommittee, or other body of Harris Hospital-Methodist if these Bylaws do not specify differently as regards such body, a simple majority of the members shall be present in person in order to constitute a quorum and, unless specified differently in these Bylaws, a simple majority of members present shall decide any question.

7.03 **Removal.** Any elected member of the Board of Trustees of the Hospital may be removed by the Board of Trustees of HMHS; and any officer, official, staff member and/or employee of the Hospital or of any Board, Division, Department or any other organization within the Hospital, whether or not provided for by these Bylaws, may be removed by the Board of Trustees of the Hospital; at any time, with or without cause, when the respective Board of Trustees, in its sole judgment, deems such removal to be in the best interest of the Hospital, provided, however, such removal shall be without prejudice to the contract rights, if any, of such person with regard to the Hospital.

7.04 **Ultimate Control and Decision in the Board of Trustees.** Regardless of any provisions in these Bylaws or elsewhere to the contrary, with the exception of the power of the Board of Trustees of HMHS described in Section 7.03 above, the Board of Trustees shall nevertheless have full power and authority to pass on any matter and make final decision thereon affecting or relating to Harris Hospital-Methodist, whether the matters pertain to business matters, professional matters or otherwise.

7.05 **Quarterly Reports of the Board of Trustees.** The Board of Trustees shall at least quarterly report to the Board of Trustees of HMHS concerning the financial matters, activities and operations of the Hospital, together with such additional information as shall be necessary to permit HMHS to have an understanding of the financial matters, activities and operations of the Hospital since the date of the last such report.

7.06 **Auxiliary.** The Board of Trustees shall make provision for and concerning the Auxiliary of the Hospital under such rules or Bylaws as the Board of Trustees shall, from time to time, promulgate, adopt or approve for such Auxiliary.

7.07 **Amendments.** The Articles of Incorporation of the Hospital and these Bylaws may be altered, amended or repealed by a two-thirds vote of the total membership of the Board of Trustees at any regular meeting or at any special meeting called for that purpose, provided the members of the Board of Trustees are given forty-five (45) days advance written notice of such proposed alteration, amendment, or repeal and provided a copy of the text of the proposition in such notice.

7.08 **Agents and Representatives.** The Board of Trustees may appoint such agents and representatives of the Hospital to perform such acts or duties on behalf of the Hospital and give to such agents and representatives such powers, as the Board of Trustees may see fit, so far as may be consistent with the Articles of Incorporation or these Bylaws and to the extent authorized or permitted by law.

7.09 **Exempt Purpose.** Notwithstanding any other provision of these Bylaws, no Trustee, officer, committee member, employee, or representative of the Hospital shall take any action or carry on any activity by or on behalf of the Hospital not permitted to be taken or carried on by an organization exempt under section 501(c)(3) of the Code, and its Regulations as they now exist or as they may hereafter be amended, or by an organization, contributions to which are deductible under section 170(c)(2) of the Code, and its Regulations as they now exist or as they may hereafter be amended.

7.10 **Invalid Provisions.** If any provision of these Bylaws is held to be illegal, invalid, or unenforceable under present or future laws, such provision shall be fully severable; and these Bylaws shall be construed and enforced as if such illegal, invalid, or unenforceable

provision had never comprised a part hereof; and the remaining provisions hereof shall remain in full force and effect and shall not be affected by the illegal, invalid, or unenforceable provision or by its severance herefrom. Furthermore, in lieu of such illegal, invalid, or unenforceable provision there shall be added automatically as a part of these Bylaws a provision as similar in terms to such illegal, invalid, or unenforceable provision as may be possible and be legal, valid and enforceable.

7.11 **Headings and Use of Gender**. The headings used in these Bylaws are for convenience only and do not constitute matter to be construed in the interpretation of these Bylaws. Words used in the masculine gender shall include and apply to the feminine gender where applicable, and whenever the context of these Bylaws dictates, the plural shall be read as the singular and the singular the plural.

7.12 **Conflict**. These Bylaws are subject to, and governed by, the Texas Non-Profit Corporation Act and the Articles of Incorporation of the Hospital. In the event of a conflict between the provisions of these Bylaws and the mandatory provisions of the Texas Non-Profit Corporation Act or the provisions of the Articles of Incorporation of the Hospital, such provisions of the Texas Non-Profit Corporation Act or the Articles of Incorporation of the Hospital, as the case may be, will be controlling.

7.13 **Telephone and Similar Meetings**. Trustees or Committee or Subcommittee members may participate in and hold a meeting by means of a conference telephone or similar communications equipment by means of which persons participating in the meeting can hear each other. Participation in such a meeting shall constitute presence in person at such meeting, except where a person participates in the meeting for the express purpose of objecting to the transaction of any business on the ground that the meeting is not lawfully called or convened.

7.14 **Action Without Meeting**. Any action which may be taken, or is required by law, the Articles of Incorporation of the Hospital, or these Bylaws to be taken, at a meeting of Trustees or Committee or Subcommittee members may be taken without a meeting if a consent in writing, setting forth the action so taken, shall be signed by all of the Trustees or Committee or Subcommittee members, as the case may be, entitled to vote with respect to the subject matter thereof, and such consent shall have the same force and effect, as of the date stated therein, as a unanimous vote of such Trustees or Committee or Subcommittee members, as the case may be, and may be stated as such in any document filed with the Secretary of State of Texas or in any certificate or other document delivered to any person. The consent may be in one or more counterparts so long as each Trustee or Committee or Subcommittee member signs one of the counterparts. The signed consent shall be placed in the minute books of the Hospital.

7.15 **Fiscal Year**. The fiscal year of the Hospital shall be fixed by the Board of Trustees; provided, however, that if such fiscal year is not fixed by the Board of Trustees it shall be the calendar year.

7.16 **Seal**. The seal, if any, of the Hospital shall be in such form as may be approved from time to time by the Board of Trustees. If the Board of Trustees approves a seal, the affixation of such seal shall not be required to create a valid and binding obligation of the Hospital.

7.17 **Resignation**. A Trustee, Committee or Subcommittee member, officer, or agent may resign by so stating at any meeting of the Board of Trustees or by giving written notice to the Hospital. The effective time of such resignation shall be any time specified in the statement made at the Board of Trustees' meeting or in the written notice given to the Hospital, but in no event may the effective time of such resignation be prior to the time such statement is made or such notice is given. If no effective time is specified in the resignation, the resignation shall be effective immediately. Unless a resignation specifies otherwise, it is effective without being accepted.

7.18 **Books and Records**. The Hospital shall keep correct and complete book and records of account and shall keep minutes of the proceedings of the Board of Trustees and Committees and Subcommittees thereof.

RECOMMENDATION

It is recommended by the Harris Hospital Committee of the Central Texas Annual Conference that in order to maintain continuity of and full awareness of responsibilities to the Annual Conference, members of the Board of Trustees of all institutions related to the Central Texas Annual Conference be required to participate after election in an orientation session conducted by the Health and Welfare Committee of the Board of Global Ministries of the Central Texas Annual Conference.

Annual Conference 1982

Methodist Home
Annual Conference Report

Administrator: Jack Kyle Daniels

President — Methodist Home Board of Directors: Dr. Sidney Roberts

Ownership and/or Relationship to United Methodist Church: Methodist Home is owned by the seven annual conferences of the United Methodist Church of Texas and New Mexico.

Purpose of Institution: Methodist Home provides charitable care and treatment for children and youth who for various reasons cannot live in their own home.

Services Available: Residential Child Care — 18 different home units on the main 130 acre campus with 8-12 children in each unit. Boys Ranch — ages 14-18, who live on the 2100 acre working ranch and participate in a specialized behavior modification program. Fondren Reception Center — A living unit for orientation to campus programs and group living expectations. Diagnostic testing and evaluations are provided for each child. Children's Guidance Center — comprehensive health services for emotionally disturbed children and adolescents. 1) 24-hour inpatient care, 2) Partial care, hospitalization, including the night hospital and day treatment program, 3) Outpatient care, 4) 24-hour emergency service, and 5) Public education consultation. Vocational and College Program — full scholarships for the continuation of students' education in college, university, technical or trade school studies. Foster Family Care — serves children of all ages in foster homes located in the Waco, Houston, Dallas, Amarillo, San Antonio and Albuquerque areas. Methodist Home services are provided through special offices located in Houston, Dallas, Amarillo, San Antonio and Albuquerque as well as Waco to provide referral and placement information and services.

Eligibility Requirements for Service: Methodist Home provides care for children who are in family crisis situations, who are dependent and neglected, in need of supervision, delinquent and those who have mild learning and behavior disorders, as well as those who are mildly emotionally disturbed. Note: Methodist Home cannot accept children who have an I.Q. below 70, those who cannot function in the Waco Public Schools, nor can we accept those who have a physical handicap that keeps them from being independently mobile on our campus. Children needing a residential treatment facility cannot be served on our main campus, but can be served by our Children's Guidance Center.

Describe Services Available or Methods Used to Serve Those Who Cannot Afford Normal Costs: The purpose of Methodist Home is to provide group care and treatment for children whose needs cannot be adequately met in the family. Methodist Home offers a variety of programs and services designed to benefit the individual child. The amount to be paid is determined at the time of intake on the basis of ability to pay. This is done by taking into

consideration the family income, financial obligations, and the needs of family members. The financial participation plan serves as a guideline for determining the actual rate of reimbursement to Methodist Home. If a child and/or the parent/guardian have been receiving financial support from V.A., Social Security, CHAMPUS, A.F.D.C., Trust Funds, etc., then all support must be transferred to Methodist Home upon admission.

Present Capacity: Fondren Reception Center — 10, Residential Care in 18 home units — 200, Boys Ranch — 40, Foster Care — 105, Guidance Center Treatment — Inpatient: 54/Day Treatment: 27.

Average Occupancy: Total resident days of care for the year of July 1, 1980 through June 30, 1981 — 79,410, total Foster Care days of care for same year would be 27,899.

Charity Service: Children residing in Texas and New Mexico are admitted to Methodist Home, regardless of race, creed, religious affiliation or financial status.

Services Donated by your Institution: $5,271,538

Services Donated to Institution or its Consumers by Individuals or Organizations: 3600 volunteer hours by Big Brothers and Big Sisters; 300 hours volunteered by Sunday School teachers.

Indicate Plans or Expectations to Deal with Problems: In a concerted effort to encourage the continuous involvement of families with their children in care, the Methodist Home opened the Howard Family Center in July, 1981. The Howard Family Center enables families from towns and cities outside of Waco to come for the night or the weekend for scheduled counseling or visits with family members living at Methodist Home.

The Methodist Home Board of Directors continues to develop a long range plan with the Administrative staff. The long range plans will address the matter of maintaining quality child care service to children of the 1980's. One component of the problem we face in this challenge is a high rate of direct child care personnel turn-over as staff "burn-out" through intensive involvement in daily care. As we struggle against inflation and the growing numbers of children in need of care, we must also seek increased support through the December Christmas Offering, and focus an intensive effort upon securing endowment funds from individuals, foundations and corporations.

Methodist Home By-Laws Changes: The Methodist Home Board of Directors in their regular session on November 13, 1981, approved a revision of the Methodist Home By-Laws. These revisions are to be ratified by the patronizing annual Conferences.

ARTICLE III

Section 2,C (Proposed Changes Dark Print)

No Director or Director-at-Large elected for the first time in May 1, 1973, shall be eligible to serve more than four consecutive three-year terms as a Director. All Directors holding office on that date shall be eligible to serve for no more than three additional consecutive three-year terms, following the expiration of their present terms.

Following a period of maximum service under this provision, the duration of that former Director's ineligibility shall last for two years. Provided that there shall be no interruption of eligibility for service of those persons who are Directors by virtue of their offices under A(1) and (3) of this section. **Provided further, that all retired Bishops who presided over each patronizing annual conference and all former presidents of Methodist Home Board shall serve as members, ex-officio, of the Board of Directors of Methodist Home with full privilege of attendance and debate at all meetings, but without vote.** Provided also, that any former Director or Director at Large may be elected by action of the Board of Directors to either an honorary or advisory membership upon the Board or to membership upon any standing committee of the Board without tenure limitations.

ARTICLE X

(Amended to read as follows)

In conformity with the provisions of ARTICLE NINE of the Articles of Incorporation of Methodist Home, all assets of the corporation are pledged for use in performing the corporation's charitable functions, and upon discontinuance of the corporation by dissolution or otherwise, the assets that remain after the satisfaction of all liabilities and obligations shall be divided proportionately among the Annual Conferences of the United Methodist Church that are patronizing Annual Conferences of the Methodist Home at the

time such distribution is made, and are also recognized as charitable organizations under Section 501(c)(3), Internal Revenue Code of 1954, as amended, such distribution to be based upon the membership of each conference at the last annual report preceding the dissolution. Any assets so distributed shall be dedicated for use by each patronizing Annual Conference for the charitable care and ministration for children. Provided, however, that if any patronizing Annual Conference is not, at the time of such distribution, an organization that is qualified as a charitable organization under Section 501 (c)(3), Internal Revenue Code of 1954, as amended, then its share of such assets shall be distributed to one or more charitable organizations, recognized under Section 501 (c)(3), Internal Revenue Code of 1954, engaged in child care or ministration, and owned or controlled by, or affiliated with, the United Methodist Church.

How the Central Texas Conference Can Help The Methodist Home Perform Its Role:

1. Designate Methodist Home December Christmas Offering. Set specific goals.
2. Direct local church and district Health and Welfare Representatives to inform members of the Home's services provided for children and families, assume advocacy role with legislative issues affecting children and families and encourage individuals and churches to respond to the Home's financial needs.
3. Contact Methodist Home when individuals indicate consideration of Methodist Home in their long range giving and charitable estate planning.
4. Pastors are encouraged to contact Methodist Home directly regarding child placement needs.
5. The Methodist Home services office for the Central Texas Conference is located at the Methodist Home, 1111 Herring Avenue, Waco, Texas, 76708, (817) 753-0181. This office is located in your conference to help pastors and members with all matters related to Methodist Home's various programs, including admissions, referrals, counseling and coordination of foster homes in the area.
6. Please place the following dates on the Conference Calendar: Methodist Home Board of Directors Fall Board Meeting on November 12, 1982; and the Methodist Home Commissioners Meeting on October 12-13, 1982. Designate December as Methodist Home Christmas Offering Month.

Methodist Mission Home

During 1981 the METHODIST MISSION HOME in San Antonio, Texas served 671 persons in a direct way: 148 maternity clients, 37 putative fathers; 117 infants; 210 adoptive parents, and 159 hearing impaired young adults, with a total of 33,113 resident days on campus.

The MISSION HOME is owned by a Board of Trustees selected from the seven United Methodist Annual Conferences of Texas and New Mexico, and its San Antonio property consists of 30 acres of land with buildings valued at $1,300,000 at construction in 1968.

The MISSION HOME is the corporate umbrella for its two ministries: The Southwest Center for the Hearing Impaired (since 1974) and the Southwest Maternity Center, our historic maternity and adoption program since 1895.

SOUTHWEST MATERNITY CENTER

The Center gives option counseling for the pregnant unwed young lady in both residential and non-resident settings, and for those who choose to release their child for adoption we keep a reserve of some 60 couples approved who are ready to be chosen by our licensed agency as "the home a child needs."

We urge our clergy and lay members to remember that a licensed adoption agency and maternity home can provide counseling to the birth parents, anonymity and matching of placement, as well as advocacy for the infant in finding the best home, even if the child for some reason is unadoptable.

For maternity services, call toll free — (Texas); and 1-800-255-9612 (other states).

For adoption inquiry, call (512) 696-7021.

Outpost offices with part-time counselors are located in Lubbock, Midland, Odessa, Longview, Houston and Orange.

SOUTHWEST CENTER FOR THE HEARING IMPAIRED

To call: (513) 699-3311 (voice); and (512) 696-0231 (teletype).

This residential rehabilitation program, organized in 1974, serves some 150 residents a year, maintaining about 75 on campus at one time. Services for young adults (16 years and older) include evaluation of work abilities and aptitudes; personal social adjustment counseling; structured residential living; Life Skills training; work adjustment training; independent living skills; and on-the-job training.

FUNDING

The churches continue to give a significant amount of our operating budget, which in 1981 was a 15% increase over 1980.

A LOOK TO THE FUTURE

An extensive survey was made by a professional firm in 1981 which evaluated our goals and our previously announced $5 million endowment goal. (Listed in 1979 Conference Journal). After some 80 personal interviews and study, they made their recommendations to the Board of Trustees. The Board is currently studying the funding efforts which are

needed to adequately support, endow and house our two programs.

The November 1981 Board meeting revised the By-laws of the HOME to accomplish two things (which were learned from the Pacific Homes situation): (1) to reduce the liability of the Conference by changing some of the language and by changing the procedure of election of Trustees. The Board members will be elected by the Board of Trustees and confirmed by the appropriate conferences; (2) Make the Board more efficient in size by reducing the number of representative trustees from the Conferences from two lay and two clergy to one each. The ex-officio positions remain the same. The names of those persons elected at the May 5, 1982 Board meeting which will be presented to the respective 1982 Annual Conference sessions for confirmation will reflect these changes. We envision that this efficiency in size and intentionality in Board members' selection will help us to be even more effective with the fine support your Conference has given in the past and which we seek in the future.

CENTRAL TEXAS CONFERENCE

The total operating budget for the HOME in 1981 amounted to $1,744,074. The total Conference giving (seven Conferences) for the year was $239,202.14, and of this amount the Central Texas Conference churches contributed $15,342.00. We commend all churches that participated in giving to the Methodist Mission Home, and we urge all others to include this vital ministry in their giving during the remainder of this Conference year.

Wesleyan Homes, Incorporated

In its November meeting the Board of Directors of Wesleyan Homes, Inc. authorized the Planning and Development Committee to proceed with development plans. Wesleyan Homes, Inc. would therefore appreciate your consideration of the possible expansion of the Wesleyan Nursing Home. The Wesleyan Nursing Home would like to double its size by adding approximately 100 beds.

The Board authorization we are requesting is not a new idea. For the past few years, we at the Wesleyan have been discussing the possibility of expansion and the Nursing Home was built with that in mind. We think that now is the time to begin making concrete plans for expansion. We base this on several factors which are:

1. The Wesleyan was established to minister to the needs of the aging and the infirm. We are currently doing that by operating the Retirement and the Nursing Homes. We see what we believe is a need to expand the services of the Nursing Home. This is evidenced by the number of people we have to turn down on a daily basis that need Nursing Home beds immediately. We are constantly having to tell people that we simply do not have available beds and may not for several months. We are very fortunate to have developed the reputation as one of the finest nursing homes in the area; because of this we are continually receiving referrals from doctors and families of satisfied residents. Simply judging by the number of people we turn down, it would be realistic to assume that the Wesleyan could fill a 100 bed addition in two to three months.
2. Our waiting list is currently quite long, with 133 applicants. That fact in itself may be a bit deceiving. When a person needs a nursing home bed, it is usually needed immediately, not months or years later. Any number of things can happen between the time a person puts his name on our list and we have a vacancy for him, several months later. He may still be waiting for us to have a vacancy, but more likely he has made other arrangements. Even so, there is little doubt that with our current waiting list we could fill 20-30 vacant beds tomorrow.
3. There is currently a lack of beds in the area and no new building is going on. Several months ago one of the larger nursing homes in our area was closed, sending well over one hundred people into the market for vacant nursing home beds. That situation only added to a problem that had been in the making for some time.
4. Georgetown is growing with more people continually moving into the area. We have seen a tendency for these people to want to move their aging parents closer to them. Add that to the fact that in several years the people moving in now may have a need for a

nursing home bed themselves, and it points to an ever increasing need for nursing home beds.

5. The Wesleyan has a proven track record of providing care of the highest quality for the aged. This is demonstrated by the fact that preliminary discussions with state officials indicate their full support in helping us obtain the needed certifications necessary for expansion.

We at the Wesleyan realize that undertaking an expansion project is not something to be entered into lightly or uninformed. After much discussion, debate and careful deliberation, we have weighed the options and come to the conclusion that the expansion plan herein presented is the most feasible alternative to meet both the Church's and the Wesleyan's long range goals. This expansion project will benefit not only Wesleyan Homes, Inc., but the United Methodist Church as it was conceived in the spirit of Christian service to those we were called to serve, and with the idea of prudently expanding the Methodist Church's role and scope in the field of long term care for the aged.

Our plan specifically calls for:

1. Adding 22 beds to the smaller of our two currently operating wings. This would make each wing house 60 beds and would allow for more efficient staffing. (State standards require licensed personnel in a ratio of 1:30, or portion thereof. As it is now, the smaller wing must meet the same minimum licensing standards with 38 beds as the larger with 60 beds.)

2. Building an additional wing of 80 beds to the south of the existing building. This wing would consist of resident rooms, nurse's station, resident bathing areas, and ancillary space. The ancillary space would serve different purposes, including housing expanded administrative space; storage area; a multipurpose area to be used for training, in-service education and/or activities; also a larger central supply area and nursing offices; and a Chapel, as the room currently designated as Chapel is far too small and cannot accommodate more than a few people at a time.

3. Remodeling existing space. Our primary emphasis here is on the kitchen. Our kitchen is very well equipped, but the layout of the work area is causing a lot of wasted time and duplication of effort. We would rearrange the work area of the kitchen to make for more efficient operations. We may also need to expand our current dining area to meet the increased need for space.

Based upon our estimates now, the cost of the total expansion program will be three million dollars. We at the Wesleyan realize that under current conditions it would be impossible to utilize conventional financing. Financing for the expansion would have to be through low cost government backed loans or else the Wesleyan itself would have to raise a substantial amount of the expansion cost. At present the availability of low cost government backed financing is unknown, but the Wesleyan does have the financial capability to pay a substantial amount of the cost of expansion. The Wesleyan would not undertake an expansion program that would risk the firm financial footing it now has. It is our intent to expand the scope of the United Methodist Church in the field of long term care without financial liability beyond its means.

In consideration of the facts presented, we offer the following resolutions:

Be it resolved that the Central Texas Conference authorize the increase of the debt limit of Wesleyan Homes, Inc. by an additional amount of $3,000,000.

Be it further resolved that the Central Texas Conference authorize the Committee on Finance and Administration and the Board of Global Ministries to approve or disapprove detailed architectural plans and financial arrangements for the Wesleyan's expansion in the event that favorable financing should become available between sessions of the Conference.

Laura Edwards Christian Community Center

Miss Laura Edwards, a Methodist Missionary to China, returned to Waco in retirement in the mid 1940's with a dream of establishing a day care center for needy children. With the help of women from various Methodist Churches a kindergarten for black children was

opened in September of 1947. Two others soon followed. The center known as The Christian Community Center located in Brack's Chapel and later moved to Wesley Methodist Church became Laura Edwards Christian Community Center. A new building located at 125 Carver Street, in the black community, was dedicated on June 2, 1974. This is an open concept building where children are not confined to tables and chairs but move from one learning center to another during the day where they are taught from lesson plans derived from a planned curriculum. The Center is licensed for 115 children. The present enrollment is 104; average daily attendance 90.

Vera Morris is Director of the Center. She is a college graduate, a young woman of great charm and capability — but best of all she is inordinately suited to this profession. Fifteen staff members assist her in running the Center in an efficient but tranquil atmosphere in keeping with our philosophy "We don't babysit; we educate."

A Board of Directors composed of 30 persons from various Methodist Churches and the community at large is the governing body. The District Superintendent is always a member of this board.

The amount of the Centers' operating budget for 1982 is $135,096.23, of which $13,624.32 will come from the United Way and $18,307.80 from the Methodist Church. Of this amount $9500 is Conference grant, $6807.80 Advance Specials, $1000 from UMW and $1000 in general contributions.

We deeply appreciate your interest and support because it has kept Miss Laura's dream alive. We solicit your continued prayers and funding in our efforts to feed His lambs.

President, Board of Directors

Summary
The Board Of Higher Education And Campus Ministry

Much of the work of the Board of Higher Education and Campus Ministry is ongoing and lacking in drama. In the past year money has been requested and allocated, causes interpreted, training events supported, goals of campus ministries evaluated, and the legal and property rights of our institutions updated and guarded. These are no small matters.

In the past year the Board has celebrated the life and acknowledged the death of its vice-chairperson, Dr. Bill Brogden of Weatherford, Texas. His contributions to the Board and its purposes have been long-standing and consistent.

The second Conference-wide Campus Ministry Retreat was held at Glen Lake Camp, March 5-7, 1982 attracting greatly increased attendance and participation from a growing number of Campus Ministry units within the Conference. A solid future now lies ahead of this newly emerging annual program.

The first recipient of the Central Texas Conference Scholarship will be announced prior to August 1, 1982. The criteria for the selection of a recipient as well as application forms are available at the Board of Higher Education display at the conference center. Funds for the new Scholarship are provided by a 10% rebate by the General Board of Higher Education of the total Central Texas Conference offering for United Methodist Student Day in 1981.

Finally, a careful study by the Board of the community colleges within the bounds of the Annual Conference reveal that nearly 40,000 students on such campuses are untouched by an organized ministry of the United Methodist Church. The study stimulated the Board to begin to establish goals to launch new ministries in the future decade. Recognizing that ministry to the campus is one of the essential evangelisms of the Church, it has become a goal of the Board to establish at least one new ministry on the campus of a community college in 1983.

Board Of Pensions
Report No. 1

Last year the Central Texas Conference took a giant step forward in response to the Pension Program passed by the 1980 General Conference. The basic thrust of the program in regard to pensions was two-fold: first, it was to establish a future program based on a

percentage contribution of fluctuating salaries, and second, to assure the presently retired and the soon-to-be-retired an adequate pension based on the old concept of a defined benefit using a specified annual Past Service Rate amount multiplied by the years of service. The first part of the program has been fully augmented; using a defined contribution plan whereby local congregations contribute 12% of the Denominational Average Compensation, future monies available for pensions will always be pegged to changing economic conditions. The second part of the plan has also been initially achieved as we moved from a Past Service Rate of $115 in 1981 to a Past Service Rate of $172 in 1982. This means that we are currently paying an amount that represents .913 of 1% of the average Annual Conference Salary of $18,839. The Conference is to be commended for the excellent manner in which it has accepted and implemented this over-all pension program.

However if we are to protect our future program that is based upon a defined contribution of 12% of the DAC, we must also be aware of our continuing responsibility to the presently retired and soon-to-be-retired. The provisions of Paragraph 4.1(d) of Section 4 of the Plan Document adopted by the 1980 General Conference can limit the MPP church contribution to an amount less than 12% if the Past Service Rate is less than 9/10 of 1% of the Conference Average Salary on January 1, 1986. In order to both protect the future and be fair to the present, the Conference Board of Pensions has projected our needs through the year 1986. The projection is based on an assumed increase of the Conference Average Salary of 7.5% annually, and is as follows:

Year	7.5% Increase	Average Salary	1% of A.S.	9/10 of 1%
1982	$1,688 (Actual)	$18,839	$188	$169
1983	1,413	20,252	203	183
1984	1,519	21,771	218	196
1985	1,633	23,404	234	211
1986	1,755	25,159	252	227

It should be stated that it is the goal of your Board of Pensions to maintain a Past Service Rate based on the 9/10 of 1% as a minimum to — and hopefully beyond — the year 1986. We believe this can be achieved in a joint effort with minimal increases in the Apportionments and in effective management of the funds now available to the Board of Pensions as a result of the Capital Fund Drive that was successfully concluded at the end of 1981 (see report No. 3). Based on the above, we therefore recommend a Past Service Rate of $185 for the year 1983. This increase is to be funded by seeking a $3,567 increase in apportionments, thus raising the total in apportionments from $686,433 to $690,000, and by channeling $66,322 of the interest earned on the body of the Capital Funds into our current needs. This amount is less than 50% of the projected earnings on our Funds thus enabling us to not only protect the initial corpus but to also continue to increase the amount in the corpus.

We pledge to the Conference a responsible management of the monies under our direction, but at the same time we elicit the support of the Conference in enabling us to maintain a sense of responsibility and integrity to those whose pension is derived totally or mostly under the old program of defined benefits. We wish for their benefits to be proportionate to that which we receive.

CENTRAL TEXAS ANNUAL CONFERENCE OF THE UNITED METHODIST CHURCH RESOLUTION RELATING TO RENTAL/HOUSING ALLOWANCES FOR RETIRED OR DISABLED MINISTERS OF THIS CONFERENCE

WHEREAS, the religious denomination known as The United Methodist Church has and functions through Ministers of the Gospel who are duly ordained or licensed; and

WHEREAS, the practice of The United Methodist Church is to provide a parsonage or a rental allowance as part of the gross compensation for each of its active ordained or

licensed ministers; and

WHEREAS, pensions paid to retired ordained or licensed ministers of The United Methodist Church are considered as deferred compensation and are paid to said retired ordained or licensed ministers in consideration of previous, active service, and disability benefits are considered payments in lieu of compensation for active service; and

WHEREAS, the Internal Revenue Service has recognized that the Central Texas Annual Conference is the appropriate organization to designate a housing/rental allowance for retired ordained or licensed ministers who are members of this Conference; and

WHEREAS, the disabled minister has the same legal relationship to an Annual Conference as does the retired minister and, thus, this Annual Conference is also the appropriate organization to designate a housing/rental allowance for a disabled ordained or licensed minister who is a member of this Conference:

NOW THEREFORE BE IT RESOLVED:

1. An amount equal to 100% of the pension paid to any retired minister or any amount in excess of the first $5,200 of disability payments received during the year be and is hereby designated as a rental/housing allowance respectively for each retired or disabled ordained or licensed minister of The United Methodist Church who is or was a member of the Central Texas Annual Conference at the time of his or her retirement or disability;
2. The pension or disability payment to which this rental/housing allowance applies shall be the pension or disability payment resulting from all service of such retired or disabled ordained or licensed minister from all employment of any local church, Annual Conference, General Agency, or institution of The United Methodist Church or of any former denomination that is now a part of The United Methodist Church, or from any other employer who employed the minister to perform services related to the ministry and who elected to make contributions to the pension or benefit funds of The United Methodist Church for such retired minister's pension or disabled minister's benefits.

NOTE: In explanation it means that any retired minister can designate up to 100% of his pension for housing. In terms of those who receive disability payments, the first $5,200 of disability benefit is automatically excluded from gross income, therefore the housing designation is 100% of all disability funds in excess of the above amount. This ruling has been confirmed in a specific ruling for the Central Texas Conference dated March 11, 1981 and this confirmation of the ruling under the Internal Revenue Service Ruling 75-22.

Board Of Pensions
Report No. 4

As of January 1, 1982 the responsibility for the Hospitalization and Medical Expense Program was transferred to the Board of Pensions as a result of the action of the 1981 Annual Conference. At the same time it was also the action of the Conference to accept the Family Health Care Plan provided through the General Board of Pensions, and to fund the program through a combined program of apportionments and individual member contributions. The responsibility for administering the collection of contributions from individual members as well as other aspects of the program such as claims, etc. has been given to the Office of Director of Finance and Administration. In terms of the program provided by the General Board of Pensions and the administration of that program through the area Director of Finance and Administration, we are pleased, and wish to report that our experience in both situations has been extremely good; therefore we wish to thank both the representatives of the General Board and the Director of Finance and Administration for their support and cooperation.

However, there is a matter that needs to be addressed, and that is the matter of delinquent individual contributions. While not a serious matter at the moment, it is one that needs to be taken seriously before it does become a pressing issue.

It is the terms of our program with the insurance carrier that all premiums be paid on the first of each month; from that point we are allowed a thirty-one day period of grace in which to make the payments. If not paid in that period of time coverage is automatically dropped. However, under our present payment program, the Conference Treasurer pays the entire premium and individual members pay to the Annual Conference, and while it is true that we are not, and are not likely to be, delinquent with the insurance carrier, it is true that at various times various members of the Conference are delinquent with the Conference. In order to insure equal treatment of all members of the Conference, and to protect the Conference, we offer the following resolution:

BE IT RESOLVED, that inasmuch as the basis of our health insurance program is based on mutual cooperation between the Conference and the individual members thereof, and inasmuch as the financing of the program is one to be mutually shared, WE THEREFORE authorize the duly appointed insurance officer of the Conference to consult and work with any member who is delinquent in an effort to resolve the situation. We further authorize the same insurance officer, after duly informing the appropriate District Superintendent and the Chairman of the Board of Pensions, to drop from coverage any offending member who is 31 or more days delinquent.

Board Of Pensions
Report No. 5

The General Board of Pensions has recommended and passed that the eligibility for participation specifications be modified to include the divorced spouse of an HMEP participant in a category of Eligible Dependents subject to the following conditions:

1.) Coverage of the divorced spouse will be continuous until (a) acquisition of group health coverage from another source, or (b) the re-marriage of the divorced spouse, or (c) two years have elapsed following the date of the divorce decree.
2.) The participating Annual Conference will be billed for the premium due on account of the participation of the divorced spouse.
3.) Following adoption of this eligibility category by an Annual Conference, it shall be mandatory for the Annual Conference to enroll all divorced spouses where the divorce date is subsequent to the date of such adoption. Eligibility to participate in HMEP shall not apply to those divorced spouses when the date of divorce was prior to the date on which the Annual Conference adopts this provision.
4.) The spouse must be a participant in HMEP at the time of the divorce.

5.) In cases where the divorced spouse is totally and permanently disabled at the time of the divorce, coverage would be continued indefinitely beyond the two-year period provided such spouse does not remarry or obtain group coverage elsewhere.

INASMUCH as it is necessary for each Annual Conference to adopt the above coverage; therefore be it

RESOLVED, that the Central Texas Annual Conference in session May 30 through June 2, 1982 approves and adopts the above program in relation to divorced spouses and affirms their eligibility to continue in the HMEP program of the Central Texas Conference under the conditions outlined above, and be it further

RESOLVED, that the eligible divorced spouse will include only such instances where the divorce date is subsequent to the date of adopting the above resolution.

Board Of Ordained Ministry
Report No. 1
INTRODUCTION

In its report to the Annual Conference the Board of Ordained Ministry is measuring its work against a quadrennial goal of growth in ministry. That goal concerns both recruitment/qualifications of persons called to the office of ordained ministry and continuing support and professional growth for persons in full connection in the conference. In fact, in assessing its responsibilities the board finds its work increasingly comprehensive dealing with issues spanning the entire professional career of the ordained, beginning with candidacy and continuing through retirement.

Two important pieces have been given special attention this year. 1) The board, in cooperation with the cabinet, has provided training for "Ministerial Performance Analysis" (evaluation) for teams in each district of the conference. Those teams have assumed responsibility for training Pastor Parish Relations Committees in each local church (or their equivalents in beyond the local church ministry) in a process that will assist them in working with the ordained minister to evaluate the church's ministry and in planning for growth in ministry. 2) The crisis of divorce in clergy families has been addressed by both the cabinet and the board. In response to an initial move by the cabinet the board has provided a policy statement and guidelines for use by those parties involved in the trauma of divorce in clergy families.

The Conference Board of Ordained Ministry functions on behalf of the entire conference to which it is directly responsible. The following report is a response to the historic mandates and expectations of the conference in matters pertaining to ordained ministry and an accounting of the board's work during the year.

Guidelines For Ministerial Relationships

Reprint from 1972 Journal

(Adopted June 6, 1972)

The United Methodist clergyperson of today considers himself/herself a professional of equal stature with the other professionals of our society. This professional image is produced by the degree of educational attainment and the competency with which the clergyperson fulfills his/her responsibilities both within the Church and community. In view of this, the following GUIDELINES FOR MINISTERIAL RELATIONSHIPS are offered in an effort to provide the clergyperson with a definable boundary of conduct, with the intent and purpose being the strengthening of the bonds within the ministerial community, in order that all involved might render a more meaningful service within this ministry of love.

I. It is to be understood that the minister designated as "Pastor-In-Charge" (hereinafter referred to simply as "Pastor" and referring to that Individual who has the primary ministerial leadership responsibility while the term "minister" shall apply to any other clergyperson) shall perform or shall be in charge of all Sacraments, Acts of Worship and Rituals carried out within the parish unless circumstances prevent him/her from fulfilling this responsibility.

A. A minister shall not perform any **ministerial function** for a member of a congregation without the express permission and direct personal invitation of the Pastor.

1. If a family in a crisis situation desires the ministry of a minister other than the Pastor, said minister must be requested through the Pastor, who will arrange for his/her presence.
2. In the case of funerals, weddings or other ministerial functions, if members desire the ministry of a minister other than the Pastor, said minister is to be requested through the Pastor, who will contact the desired minister.
3. Visiting ministers will assist the Pastor in a manner mutually acceptable to the member family and Pastor. The Pastor will be in charge of the service, NOT THE VISITING MINISTER. However, the Pastor shall retain the right not to assume direct charge as a matter of personal preference, or if he/she deems such an action as pastorally unnecessary.
4. The Pastor shall assume the responsibility for the fulfillment of all disciplinary requirements listed in Paragraph 438.2 of **The Discipline** (1980 — "Duties Of A Pastor"), in those instances where a visiting minister is involved.
5. When a family which is not a member of, or related to a local Church in their city calls a distant minister to conduct some ministerial function in a facility other than the local church, the minister out of loving care and concern, should contact the local Pastor before conducting the service.

B. If a family contacts a potential visiting minister prior to consulting with the Pastor, the family shall be instructed by the potential visiting minister to consult with the Pastor, and no commitment shall be made until such a time as the visiting minister is contacted by the Pastor.

C. If the Pastor is unavailable to minister to the needs of a family due to illness, vacation, or other extenuating circumstances, the visiting minister shall conduct himself/herself on the highest level of ethical behaviour so as not to impair or injure the future ministry of the Pastor.

D. The Pastor is to inform the Funeral Director regarding all arrangements for a service.

II. While realizing that ministers tend to build meaningful and lasting relationships with persons and families within a parish, visits in a previous pastorate should be held to a minimum especially during the first year. In turn, no minister should make suggestions as to what should or should not be done within the program or policy of a local church of which he/she is not the Pastor.

III. Retired ministers should abide by the same rules of conduct established for visiting ministers. They should accept the responsibility for the performance of any ministerial function only upon direct invitation of the Pastor.

IV. In the interest of assuring a smooth pastoral transition, the outgoing Pastor has the following obligations to his successor:

A. Introduce him/her in a positive manner, utilizing the church newsletter and other means which are at his/her disposal.

B. Arrange for responsible Lay Persons to meet with and acquaint the new minister with his/her new parish assignment.

C. The outgoing Pastor should make it clear that the newly assigned Pastor will have the responsibility of ministering to the congregation, and that he/she will no longer be available for such services.

D. The outgoing Pastor shall explain to the local congregation, in a tasteful manner, the circumstances which produced his/her new assignment, i.e., if he/she had actively sought a new pastorate he/she should be honest enough to say so, or if he/she had agreed to a move which he/she had not sought this, too, should be explained.

E. In the area of finances:

1. All church finances should be current and fiscal data file available for the new Pastor.
2. A new Pastor moving to a new appointment following Annual Conference shall not receive salary, from the local church for service after May 31.
3. It is the Pastor's responsibility to see that all funds are expended only for the purpose for which they were contributed.

F. All records should be in an orderly and up-to-date status.

G. The parsonage shall be vacated by noon on "moving day." The incoming Pastor should not arrive prior to noon. The outgoing Pastor shall work with the Parsonage Committee to see that the parsonage is thoroughly cleaned inside and out, and that needed repairs are called to the attention of the committee prior to his departure.

H. All utilities shall be paid through the departure date in those instances when the Pastor is directly responsible. In those instances where this creates a problem, the outgoing Pastor shall make arrangements with the incoming Pastor to pay his fair share.

V. If a Pastor is to be absent from his/her parish for an extended period of time, he/she should inform the congregation as to which minister(s) will be performing his/her pastoral duties. If no previous arrangements are possible due to sudden calamity, the District Superintendent should be consulted.

VI. The Pastor shall keep in confidence any privileged information which he/she should obtain.

VII. A minister shall have those rights and privileges of citizenship which are common to other citizens.

A. A Minister may hold elective or non-elective public offices or positions of honor and trust if there is no time conflict between the holding of such offices or

positions and his/her relationship with his/her appointed ministry. The decision as to whether or not such a conflict does exist should be made by the minister in consultation with the Administrative Board (or equivalent governing body), the District Superintendent, and the Bishop.

B. A responsibility of the minister is to give leadership on moral and social issues; and his/her leadership should not be circumscribed by the congregation to which he/she is assigned except in those instances where there is a direct conflict with **The Discipline**. Because of this leadership role, the minister should familiarize himself/herself with character-building institutions, social and professional service institutions and governmental resources in the community.

C. In exercising citizenship rights and privileges, the minister should follow these suggestions:

1. Be careful to identify personal positions taken on public issues as personal positions.
2. If he/she presumes to speak for his/her congregation, he/she should be certain that his/her position is supported by action of the Administrative Board.

VIII. Although it is recognized that a certain amount of competitiveness promotes a healthy spirit of effort between local congregations, no Pastor should make himself/herself party to an activity or undertaking which injures or detracts from the efforts of the Pastor of a nearby local church. A Pastor's discreteness at this point should forbear his/her calling upon members of a nearby church who are actively involved, or scheduling programs or activities which tear down or hinder similar programs or activities of a nearby church. In short, local church pastors serving in immediate proximities should seek to cooperate and complement each other, rather than hinder or interfere with each other's programs.

* * *

The responsibility was given to the Board of Ministries to see that the **Guidelines for Ministerial Relationship be published in the Annual Conference Journal once each quadrennium and that a copy of the Guidelines for Ministerial Relationships** be placed in the hands of each minister who transfers into this Annual Conference and each minister who is received into Probationary Membership of this Annual Conference.

Statement On Clergy Divorce

Divorce is a reality in American Society. Clergy are a part of that society and therefore not immune to that reality. It is also clear, however, that there exists in our culture a double standard for social behavior between clergy and laity. This double standard is not healthy for either group. The demands of family life and the responsibilities of marriage do not rest more lightly on the shoulders of the laity than on the clergy. The "Social Principles" of the United Methodist Church are clear about the issues of marriage and divorce for all persons:

> We assert the sanctity of the marriage covenant which is best expressed by love and mutual support. Marriage between a man and a woman has long been blessed by God and recognized by society . . . In marriages where the partners are, even after thoughtful consideration and counsel, estranged beyond reconciliation, we recognize divorce and the right of divorced persons to remarry, and express our concern for the needs of the children of such unions. To this end we encourage an active, accepting, and enabling commitment of the church and our society to minister to the needs of divorced persons.

It is significant that in this statement no distinctions are made between clergy and laity as regards marriage and divorce. Clergy have a right to the same sort of love, care and support as laity going through this difficult experience.

While it is clear that the moral implications of divorce are not different between lay and

clergy marriages, it is also apparent that clergy divorce contains profound institutional implications not present in lay marital crisis. The procedures outlined in these reports recognize the importance of these implications for the pastor, the family, and the church of which they are a part. The procedures seek to accomplish three tasks: 1) to respond redemptively to the minister involved in divorce, and to save his/her future possibilities for ministry. 2) to provide support, counsel, and understanding to the minister, the family, and the local church. 3) to preserve the integrity of the ministry and the connectional church.

Strengthening The Clergy Family

In the **Handbook On Clergy Divorce**, prepared by a Task Force of the Council of Bishops, recognition is made of the stresses that are unique to the clergy family. The report goes on to suggest that the church must begin addressing these unique issues. As a conference we must begin to investigate some of the root causes of divorce among United Methodist clergy. The Council of Bishops' study, for example, indicates that two of these causes of conflict in clergy marriages are problems associated with time and money. Other issues that need to be addressed are the unique crises that are brought about by the nature of our itinerant system; the grief associated with moving; the pressures of our parsonage system; and the uncertainty and anxiety that comes with a new appointment. We see the need for Pastor-Parish Relations Committees (or other appropriate bodies in agencies outside the church) to investigate the impact of these and other issues in their local situations. The Board of Ordained Ministry needs to develop programs that seek to enrich the marriages of those who are in the process of ordination.

To deal with these important issues the Task Force recommends that a committee be appointed by the Board of Ordained Ministry and that this committee would be responsible for planning such programs as may be necessary to meet the needs of families. It is also recommended that this committee make its report to the Annual Conference of 1983.

Administrative Procedures When A Clergy Divorce Is Imminent

Since every clergy person has a right to confidentiality and privacy, it is imperative that the number of persons with whom he/she is required to deal be held to a minimum. To protect the local church, the connectional church, and the integrity of the minister, the following procedures are suggested.

1. The minister's first responsibility to the church in divorce situations is to inform his/her district superintendent (or bishop). Such notification should come as soon as the minister is aware that a divorce is imminent in his/her family.

2. The district superintendent (or bishop) will convene a meeting of the Pastor-Parish Relations Committee (or other committee charged with personnel matters in other than local church settings). The director of professional ministries will be present for support and consultation. At this meeting all parties will explore how they should function in the particular situation. The minister will be advised of the meeting and have the option of being present.

3. The district superintendent has over-all responsibility for clergy, the local church, and the spouse. It is his/her responsibility to listen, to assess needs, and to offer appropriate support. In this regard the Pastor-Parish Relations Committee, the district superintendent, and the director of professional ministries are encouraged to remain neutral, open and helpful. If the spouse requests a hearing, this should be granted. The district superintendent will suggest referrals for professional counseling for all immediate family members involved, if this is desired, during and after the divorce. While each person's need to choose his/her own source of support is affirmed, it is imperative that expressions of support and concern of the church are offered when needed. Therefore, the ministers of each district will

elect a clergy support team. Four persons will be elected by their peers at the first meeting after each annual conference. The vote will be without nomination, by simple paper ballot. Those elected will be trained to provide more immediate kinds of support for the clergy and family, especially the spouse. To protect the integrity of this support system, these persons will not be involved in any administrative procedures connected with the clergy person. They are to augment the pastor role of the district superintendent.

4. In the initial meeting outlined above, the district superintendent will try to find a consensus on the impact of this situation on the local church and on the pastor and family.

5. If agreement cannot be reached by the parties involved, the district superintendent will make an independent judgment based on his/her understanding of the facts of the case and recommend appropriate action.

6. If the parties involved (pastor and Pastor-Parish Relations Committee) disagree with the judgment of the district superintendent, an appeal may be made to the bishop.

7. The Pastor-Parish Relations Committee should consider the need for a move carefully. A move may not be helpful and may even be counterproductive to the church and/or the family.

8. If the clergy person feels a statement from the counselor would be useful, she/he may sign a release form to make this information available to her/his district superintendent or bishop.

9. If disciplinary action is to be imposed, such action should be in accordance with procedures described in the **Book Of Discipline, 1980** (paragraphs 448 and 449). The appointive process is not an appropriate means of discipline for a clergy divorce.

10. If a new appointment is appropriate, it should be recognized that all normal expectations may not be realized due to the circumstances. Special attention should be paid to the specific needs of the person and the church. For example, needs of each of the parents to be geographically close to minor children may be an important consideration.

11. If a new appointment is indicated, the receiving congregation (or other agency) should be contacted by the district superintendent and encouraged to be especially receptive to the new pastor.

12. The emphasis is to be on care, concern and understanding to the clergy family in their private time of need. Some concerns the Pastor-Parish Relations Committee should consider are: 1) whether the work load and job assignments need to be adjusted if a move is not imminent, and 2) whether special time off is in order (for personal or family concerns, counseling, etc.). The Pastor-Parish Relations Committee should keep in mind that it is charged with concern for the total family as well as the minister.

13. Throughout this process all discussion is to be confidential until it becomes imperative for the Pastor-Parish Relations Committee to release information to the local church. Any privileged communication, before being shared beyond the committee, must be approved by the persons involved. Even when it is decided that in the interest of the local church information is to be given to the congregation, discretion and respect for persons are to be maintained.

14. The Pastor-Parish Relations Committee is, of course, responsible to see that the church continues to prosper and to serve the needs of others as well. It should consider how the Pastor-Parish Relations Committee can work with the Council on Ministries to continue adequate programming and with Committee Fin. to provide adequate financial support. The Pastor-Parish Relations Committee should also assume leadership to handle constructively feelings of loss, disappointment, or anger.

15. Throughout the implementation of these procedures all concerned should remain caring, supportive, and accepting.

Report No. 4

Guidelines For Pastor-Parish And Personnel Committees

1. The committee should be sensitive to the fact that the role of the pastor and the pastor's spouse may be somewhat different in today's world than in times past. The advent

of women in ministry, clergy couples and clergy spouses who work outside the home have caused modifications in the traditional expectations placed on clergy families. Lack of sensitivity to these issues may foster stress between pastor and church or within the clergy family.

2. The committee needs to interpret to the congregation the impact of these and other issues on the pastor's work within the parish. The committee should take seriously its responsibility to provide adequate compensation, time-off, and comfortable housing arrangements, as these have a direct impact on the health of the clergy family.

3. If there is no housing allowance for the clergy, the parsonage committee should be sensitive to the needs of the spouse and children. The privacy of the pastor's home is to be respected, and all planning for the parsonage should provide an opportunity for the spouse's in-put.

4. Sensitivity to family needs should be a part of the annual Ministerial Growth and Analysis Process.

5. At the first meeting of the pastor and the committee after a new appointment is made, the pastor's spouse should be invited for the discussion. Expectations for the spouse and family need to be discussed with clear, mutual understandings.

6. If the church or agency is receiving a new pastor who is in the process of a divorce or has been divorced special attention should be paid to how this fact will be interpreted to the congregation. After the divorce is final this recommendation does not apply.

Committee On Research And Planning

The work of the Committee this year has been primarily in the area of monitoring the results of the five-year plan and developing new ways and means for continuation of the plan's "evergreen" process which is vital to the long range success of the process.

The Committee's monitoring of the results of the plan was encouraging in many particulars and discouraging in others. In observing the timeline of responsibilities under the plan for the year 1981-82, as reported to the Committee, the Annual Conference responsibilities were met almost 100%, the districts, approximately 80% and the local churches, about 40%.

An honest appraisal of the plan and its results thus far by the Committee and by the Bishop and his Cabinet, and by a cross section of the lay and clergy people of the conference, indicated several areas of major concern. The plan seemed to be bogged down and meeting resistance in various places. Some of the reasons given were:

(1) lack of flexibility in the plan

(2) too much programming by the Annual Conference

(3) lack of ministerial support (as evidenced by the fact of only 40% participation by the local churches)

(4) uncertainty in some districts as to the extent of their participation and involvement

After much soul searching and careful study, the Committee and the Bishop and his Cabinet expressed renewed faith and confidence in the value of the process and the benefits which have and would accrue to those churches participating.

In our efforts to further develop the "evergreening process," our concern has been to determine the best ways and means possible to strengthen and to utilize the plan throughout the Annual Conference, in the districts and particularly the local churches. The plan we have adopted and propose to the Annual Conference will provide for the ongoing of the planning process in the future, with continual "evergreening" by the local church, the districts and the Annual Conference.

We recommend for adoption by the Annual Conference:

(1) the plan for the "evergreening process" set out on the chart and exhibits, attached thereto which is made a part of this report by reference.

(2) the change of name of the plan from "Five Year Plan" to "Strategic Plan" which more accurately describes the process and which was the name originally given to the plan.

We sincerely urge all local churches to get involved in the planning process, and the formulation of goals and objectives, leadership training and all of the many other areas of the strategic plan which will strengthen the life of the local church.

SCOTT YOUNGBLOOD, Secretary

Commission On Archives And History

1. Of primary importance to the Conference is the preservation of its materials, both as a record of the work planned and executed by Conference organizations today and as reference and research material for those who will do the conference work in the future. The Archives and History Commission makes a commitment to the Central Texas Conference to collect, preserve, and store these materials of the work of the Conference. The Discipline of the United Methodist Church and the General Archives and History Commission authorize this commitment.

1911.1.a Archives house primarily documentary record material.

1911.1.c Records shall mean recorded information, regardless of media, made or received and maintained by a board, agency, or institution in pursuance of its obligation to the Conference or in the transaction of its Conference business.

727.1. It shall be the duty of the Commission to preserve the records of the Conference; to collect and preserve data relating to the history of the Conference; to maintain a firesafe archival depository; to provide for the ownership of real property and to receive gifts and bequests; and to encourage and assist local churches in preserving their records and compiling their histories.

1903.2. The Commission shall be accountable to the Bishop and to the Conference Council on Ministries.

1903.3. The Commission and/or the Conference archivist shall have responsibility for and supervision of its archives.

727.3. Each Annual Conference may have an archivist/historian to undertake specific duties as may be designated by the Conference. This person may or may not be a member of the Conference Archives and History Commission.

1909. The Commission shall be financed by appropriations from the Annual Conference and

gifts, grants, and bequests of interested individuals and organizations.

1911.3.e. General documentary record material of permanent value shall be preserved in the custody of the organization in which the records are normally kept or in the custody of the archives. Any Conference organization is authorized to turn over to the Commission any records that have been declared inactive and are no longer in current use, and the Commission is authorized to accept such records and having done so shall provide for their administration and preservation in the archives.

1911.3.j. Annual Conference secretaries shall deposit two copies of the Conference journal annually in the archives.

1911.3.k. Annual Conference organizations and offices shall deposit minutes of meetings, showing alternatives to final decisions made and acted upon, or copies thereof, as distinguished from reports which are printed separately or in the journal. Inactive or non-current records to be received by the archives shall come on a quadrennial disposition schedule agreed upon by the originating office and the archives.

727.4. The Commission shall develop and keep records of the heritage of ethnic congregations and their previous conferences within the bounds of the Conference.

2538.5. The archives and records of a closed or merged church shall become the responsibility of the successor church or be deposited in archives.

2541.2. All deeds, records, and other official and legal papers, including the contents of the cornerstone, of a church that is declared to be discontinued shall be collected by the district superintendent in whose district said church was located and shall be deposited for permanent safekeeping with the secretary of the Annual Conference or in the archives.

1911.3.m. Originators of records may negotiate appropriate restrictions on the use of materials which they deposit in the archives.

1912.4. The Annual Conference may designate as historic sites buildings and locations within its boundaries which have been related to significant events and important personalities in the origin and development of this Conference of the United Methodist Church or its antecedents. The chairman of the Archives and History Commission shall communicate such designation to the General Archives and History Commission, which shall in turn keep a register of all historic sites.

2. The new history of Texas Methodism will be off the press in the spring of 1984. The Archives and History Commission plans to begin pre-publication sales at Conference in 1983, contingent upon authorization from the writers and publishers.
3. The Kate Warnick awards for outstanding local church histories written in 1981 were given to the following: large church — First United Methodist Church of Wichita Falls; small church — Medina United Methodist, Medina; and honorable mention — Methodists of the Meridian Area, by Rebecca Radde of the Central Texas Conference.
4. The Archives and History General Commission Workshop For Archivists of Religious Materials held at Lake Junaluska last June 20-July 4, 1981, consisted of 112 hours of class time, or 11 hours each day, and was the equivalent of 6 hours of graduate school credit. It has proven to be a tremendous contribution to the archival work of this Conference. The Central Texas Conference Archives and History Commission reports all materials in the archives at Texas Wesleyan College, our official depository, to be safely stored and efficiently managed as of June, 1982. We are prepared to collect and receive materials as we are notified, and to serve the Conference in the preservation of its records.

Commission On Christian Unity And Interreligious Concerns

The Central Texas Conference on Christian Unity and Interreligious Concerns met on January 29, 1982. The following people were present: Chairperson Janice Kreitner Cain,

Mae Patterson, Mary O'Brien, Franks Williams, Claude Davison, and staffperson Lively Brown.

We approved these goals for the year 1982 believing that every aspect of Christian unity needs to be encouraged:

1. Dialogue with the Board of Ordained Ministry in reference to the Board's position on ministerial students attending theology schools that are not United Methodist, but are approved by the University Senate. We believe if the Board is not open to this, our purpose for church unity is in direct conflict.
2. Encourage local congregations to hold joint services with other local and ethnic congregations (rotating pulpit).
3. Offer a ministers' week on a co-operative basis with Disciples of Christ (not to replace either ministers' week) on church unity. Leadership should be provided by the area theological schools.
4. Request Brite Divinity School at Texas Christian University to add local ministers to their mailing list and notify the United Methodist Reporter of Ministers' Week.
5. Offer an Ecumenical Lay Academy with all denominations included as resources.
6. Be supportive of seminaries with economic difficulty (if we have ecumenical dialogue with that denomination), and pursue possibility of joining together as a union seminary.
7. Join together with other denominations in pastoral care centers wherever there is the need.
8. Co-operate in shared use of church facilities on an ecumenical or cultural basis.
9. Establish joint youth centers in communities (financed by various local churches).

Since this is a commission we agreed that we should meet again in the spring, having a minimum of two meetings each year.

Respectfully submitted,
Janice Kreitner Cain
Chairperson

Commission On Church Growth And Development
Report No. 1

In June, 1980, the Central Texas Conference adopted a theme called "Decade of Decision — The Eighties." The purpose of the theme was meant to call the leadership of our Conference to be more decisive in every area of Christian witness and mission.

It was out of this theme and purpose that the Central Texas Conference approved and launched the new Commission on Church Growth and Development. During the beginning months of this new Commission's existence, it carefully put together a plan of action and a program for establishing new churches in our population growth areas and a plan and strategy of growth in our existing churches.

It was determined at the beginning that the Commission would have these purposes:

1. To motivate and encourage evangelism and church growth in the Conference through renewal, expansion, extension, and ethnic growth.
2. To enable individual churches to devise strategy and bold plans for quantitative and qualitative growth.
3. To help pastors and lay persons understand their growth problems and apply reproducible principles of growth — those principles which are well grounded in Methodist theology and tradition.
4. To serve as a resource for the Bishop and his Cabinet in determining new congregational development and the relocating of some churches into more desirable areas.

These purposes are implemented through the office of the director by:

1. carrying on a program of research and development;
2. conducting seminars, workshops, and training sessions;
3. communicating through a variety of methods and media to enable churches to reach their fullest potential in growth and outreach;
4. preparing all demographic data and necessary research to recommend new

congregations; and

5. gathering the needed financial resources through the Conference apportionment and a network of individual shareholders.

In the brief time the Commission has been in existence we have come a long way in preparing for, not only this decade, but reaching toward the year 2000. Organization, research, charting the course and gathering the resources have taken much of our time. We discovered very quickly that if we are to really extend and expand our church in our growing population, it would require great sums of money. But, we also determined that we had no choice but to move ahead quickly, decisively with the belief that our goals can be accomplished. Now, after a little more than a year, we are convinced that our plan and programs are working and that we are actually ahead of schedule in reaching our projected goals.

Here is a brief summary of the progress we've made thus far:

— In February, 1981, we launched our first Conference-wide SHARE PLAN called **"PARTNERS IN GROWTH."** This first campaign brought in a network of shareholders providing over $290,000 in funds for a first year's start. This response revealed that the lay people were deeply concerned about the non-growth of our churches in Central Texas.

— In May, 1981, we financed the purchase of the new Genesis Church site and ground was broken for this new congregation in June.

— In July, 1981, we organized the first Korean United Methodist Church in the Central Texas Conference. A building was purchased, an architect employed, and construction for remodeling was begun in February, 1982.

— In September, 1981, we authorized a new Black Church and Bishop Russell appointed a pastor in October. This new congregation started out quickly with about sixty persons meeting in temporary quarters. We are in the process of preparing for their future home.

— In September, 1981, we purchased a four-acre tract of land in the Brushy Creek Addition near Round Rock and anticipate a new congregation here soon.

— We are giving financial assistance to two newly relocated congregations — Oakdale UMC in Stephenville and Early UMC near Brownwood.

— We have acquired a four-acre tract and a building in the Eagle Mountain area near Azle as a gift from Mr. and Mrs. J. R. Emanuel.

— In March, 1982, we authorized the purchase of a five-acre tract in the Western Hills Addition of Temple, Texas, and plans are underway for a new congregation here.

— In March, 1982, we authorized the partial funding of a revitalization program for the Watauga UMC. This church was begun at a time when there was not a Conference-wide plan to give a new church the support needed to get off to a good start. As a result the church struggled with inadequate building facilities in its beginning years. Because of the population growth all around this church and because the church has sprung to life with new members weekly, we have put together a package as though the church were just beginning.

— Research and planning is underway on the growth areas of our Conference and projections are being made for the financing of new churches on a well-planned basis.

— In existing churches we have conducted Church Growth Seminars almost weekly and good results are beginning to come from the seminars. Now, we are projecting seminars on a District basis training chosen ministers and lay persons to help in the teaching during the coming months.

It seems almost unbelievable that we've come so far so quickly. Progress thus far indicates that we can achieve our projected goals for the needed new churches and for growth with integrity in our existing churches. We believe this is happening because of the receptiveness and responsiveness on the part of lay people and pastors all across the Conference.

A NEW THRUST IN EVANGELISM AND CHURCH GROWTH

Evangelism is the church's most urgent, but unfortunately, sometimes its least pressing task. It can always be postponed. A minister is never finished in his or her work with those already in the church. Attending to the Lord's "other sheep that are not of this fold" is easily put off until some "free time" becomes available — a time that never seems to come. Lay workers, too, are under unremitting pressure to complete the tasks immediately at hand — preparing for the canvass, getting teachers for the church school, and so forth. Doing something about evangelism is postponed from month to month, from year to year, even from decade to decade. Because evangelism can be so easily neglected, the work must be anchored firmly within the structure of a congregation by the appointment of a committee that **will submit regular reports to the Administrative Board,** and within the structure of the Cabinet that **will require regular reports from the pastors. THEN SOMETHING IS LIKELY TO HAPPEN.**

"A New Thrust in Evangelism and Church Growth" is a Conference-wide plan which says that "evangelism and church growth are not optional in congregational life and work." It is too important to be postponed. Every district superintendent and every pastor is responsible for leading the local churches into a new strategy for winning persons to Jesus Christ and a life of discipleship.

GOAL OF "A NEW THRUST IN EVANGELISM AND CHURCH GROWTH"

That every United Methodist Church in the Central Texas Conference become a functioning center for evangelistic ministry and church growth.

Pastors of local churches shall take the lead in organizing and administering a program of evangelism and church growth that will —

1. constantly stress streams of evangelism and church growth throughout the year;
2. find and cultivate people for Christ and the Church;
3. win people to commitment and assimilate them in fellowship, service, and worship;
4. encourage faithful attendance at worship;
5. reclaim inactive members; and
6. raise to a high priority level the evangelistic-church growth consciousness of every member of the congregation.

PLANS AND PROCEDURES

1. District Superintendents, through District Council on Ministries and District Ministers' meeting, shall take the lead in setting District Goals and the encouraging of local churches to become functioning centers for evangelistic ministry and church growth.
2. District Superintendents may plan and set up District or Sub-District "Church Growth Seminars" through the director of Church Growth and Development.
3. The District Superintendent may require Progress Reports from the pastors —
   — to the Administrative Board monthly
   — to the District Superintendent or Bishop quarterly
4. Helps to districts and local churches are available from the director of Church Growth and Development.
5. Recognition given by the Commission on Church Growth and Development to local churches and pastors who are successful in "Growth with Integrity," spotlighting them to the Annual Conference.

Committee On Research And Survey
Report No. 3

The office of Church Growth and Development has the responsibility of accumulating demographic information pertaining to every segment of the Central Texas Conference for the purpose of —

a. Determining the changes in population density,
b. Discerning the areas of transition,
c. Recognizing changes in the age-sex distribution, and,
d. Calling attention to fluctuations in economics, industrialization, and other factors which might impact the life and ministry of the congregations of the Annual Conference.

Since the beginning of the commission the gathering of statistical data has been a priority. Eventually the required information will be gathered on every square mile (or census tract) of the Conference.

The director has met with several city planners, community developers, superintendents of schools and utility companies in order to gather the best information possible. This information will be shared with our Committee on Church Extension, the Cabinet, the National Division on Church Extension, and the commission in order to help make proper decisions on the planting of new congregations.

We are in the process of gathering an inventory of all abandoned church property within the Conference. This is a large undertaking but we are discovering that this information will be worthwhile. Eventually, decisions can be made on the sale of these properties, hopefully with proceeds used for the purchase of new sites in growing areas.

Fort Worth, Texas

The Metropolitan Board of Missions of the United Methodist Church, Fort Worth, Texas, began in the mid 1960's as a merger of the Boards of Missions and Church Extension of the Fort Worth East and Fort Worth West Districts for the purpose of church extension. In November, 1967 it was reconstituted as an agency of **total Metropolitan** planning and action. It works with and on behalf of all United Methodist congregations (both Central Texas and Rio Grande Conference), Community Centers, and other entities in the Fort Worth metropolitan area. A forty-five member Board of Directors, meeting monthly, directs the work whose purpose is to keep the church strategically positioned and effectively in mission to all people in all areas of the Metropolis.

In 1981 Metropolitan Board of Missions accomplished the following:

Congregational Development: 1. For over three years the Metropolitan Board worked extensively with the Rio Grande Conference towards the development of a new Hispanic congregation to serve the increasing Hispanic population in south Fort Worth. In June, 1981, the Rio Grande Conference appointed the Rev. Josue Munoz to begin a new congregation. His salary was provided by grants from Metropolitan Board of Missions, First U.M.C. of Fort Worth, and the Central Texas Conference. St. Paul U.M.C. has been providing meeting and office space for the newly developing San Pablo congregation. St. Paul has voted to continue the commitment through May, 1983.

The cooperation between conferences continues as is evidenced by approval of grants in 1982 from the Commission of Church Growth and Development, the Central Texas Conference Task Force on Ethnic Minority Church, and First United Methodist Church of Fort Worth for the San Pablo church.

2. Based on experience, and more importantly on mandate by the General Conference, the Metropolitan Board has sought and worked for unity at all levels of church life through

the development and support of several ecumenical clusters. These clusters provide congregations and individuals of various denominations the opportunity to minister more effectively to their community by working cooperatively.

Northside Inter-Church Agency (NICA) — In 1981 NICA provided emergency food and clothing, information and referral and other assistance to 2,975 individuals. Three ecumenical worship services and celebrations were held. NICA's offices are located in Boulevard U.M.C. and its director is Joyce Taylor.

Southeast Area Churches (SEARCH) — Last year a housing program provided exterior repairs and energy efficiency to 40 homes of low income persons. Close to 2,000 persons were helped with emergency assistance. Through SEARCH's efforts the community coalesced to prevent downgrading of zoning in their neighborhood. Other programs include immigration assistance, English classes and ecumenical celebrations and worship. Its director is Dorothy Anderson.

Southside Area Ministries (SAM) — In south Fort Worth a United Methodist presence continues (in an area where there is no longer a U.M.C.) through the salary support and appointment of United Methodist pastor Janice Kreitner Cain. She is the executive director of SAM.

Last year SAM developed a summer tutoring program which helped an average of 25 children whose secondary language is English. The program has continued in the fall for after school tutoring.

Other programs include community forums, advocacy on neighborhood issues and ecumenical worship and celebrations.

3. Congregations have an enormous wealth of gifts, resources, talents, and skills which can be shared within the congregation to nurture itself and outside the congregations to be the church in missions. Two Congregational Resource Development workshops were held to enable churches to begin identifying their resources.

4. Scholarships were provided to eight local pastors to enable their participation in the South Central Jurisdiction Urban Network event entitled "The Liberation of the City," which was held in Albuquerque, New Mexico, August 17-21. Participants all agreed that the event enabled them to gain a better understanding of ministry in the city.

5. Genesis United Methodist Church, begun in 1980 by the Metropolitan Board of Missions, received a loan from Metro Board to enable the construction of their first unit.

Support of Conference Commission on Church Growth and Development:

6. Metropolitan Board continues to be committed to new church development through its support of the Conference Commission on Church Growth and Development as evidenced by the following:

— Transferred title of a 4.59 acres tract, south of Wedgwood, to the Commission so it could be sold in order to pay off the note on the Genesis property.

— Loaned the Commission $44,000 from the Permanent Fund so it could pay off the note on the Genesis property.

— Granted $53,500 over a four year period to the Commission for the development of a new Black congregation in Southeast Fort Worth.

Special Ministries Support and Development: Support continued for several agencies who play a vital role in providing special ministries.

7. Grants were given to: United Community Centers, Inc. for support of their five centers and for camperships; to Meals on Wheels, Inc. for support of their delivery of hot lunches to over 475 homebound older adults; to Fort Worth Urban Ministries for support of a night ministry, direct aid — counseling referral center, and youth program; and to CONTACT for support of a 24-hour a day crisis ministry.

8. A small grant sustained an evening child care program for children of Southeast Asian parents who attended English and job placement classes.

9. Seed money was provided to develop day home care for children of Southeast Asian refugees.

10. Scholarships were granted for families needing financial assistance in the cost for child care at Community of Hope Child Development and After School Care Center. The

center is operated by a member of the Southeast Area Churches in a lower income community where 49% of the children ages 6-10, are not supervised after school.

New 1982 **Program Goals:**

1. To enable local congregations to minister to their community through various forms such as cooperative ministries, ecumenical clusters, and parishes.
2. To provide consultation to the North Fort Worth Parish as they evaluate its ministries and its future.
3. To provide training for lay persons and pastors to enable effective ministry in the city.
4. To link resources with other judicatories and agencies in the development of a comprehensive program of employment and education that will help welfare mothers break out of the welfare cycle.
5. To develop a procedure for evaluating programs and ministries which Metropolitan Board of Missions support.

Everything is geared to one dominant purpose: that the church may be the church, in ministry wherever people are!

Inner City Ministry Of Waco Annual Report To The Central Texas Conference Of The United Methodist Church

Direct support from the Central Texas Conference enabled Inner City Ministry to begin a new ministry in Waco in 1981, the Nursing Home Chaplaincy program. In addition, Inner City Ministry continued to expand its existing programs.

1. Nursing Home Chaplain-In September of 1981, a part-time Chaplain was hired to

begin direct pastoral care and counseling to residents of the thirteen nursing homes in Waco. Because of the tremendous response to this new ministry, the program will be expanded to full-time in mid-1982.

2. Meals on Wheels — Approximately 525 active volunteers prepared and delivered 55,000 meals to homebound elderly persons in Waco. Twelve churches in Waco, including 5 United Methodist Churches, donated kitchen space and utilities to help keep the cost of this ministry at a minimum.
3. Senior Center Nutrition — In 1981, nearly 90,000 hot meals were served to senior adults in six rural towns in McLennan County. Each center also provided a wide variety of support services and activities for older persons.
4. Senior Citizen Transportation — Transportation for senior adults in Rural McLennan County continues to be a priority need. Over 10,000 rides were made in 1981 to medical facilities, groceries, senior centers, and other necessary destinations.

These programs could not have the impact that they currently have on the community without the help of Conference grants and contributions from individual churches in the Conference. We look forward to a continued successful association with the Central Texas Conference as we strive to meet the needs of those around us.

Respectfully submitted,
David B. Ellis
Executive Director

Commission Equitable Salaries And Clergy Benefits
Report No. 1
Equitable Salary And Temporary General Aid Fund

There shall be a program of Equitable Salary Support in the Central Texas Conference under the management of the Commission on Equitable Salaries and Clergy Benefits. This program shall be patterned after paragraph 935 of the 1980 Discipline. Based on these guidelines, the following paragraphs shall compose the operating procedure for the Equitable Salary and Temporary General Aid Program.

1. The Commission recognizes the necessity of coordinating all salary subsidy; therefore, the Conference Treasurer shall inform the Commission of any salary grants by other Conference or General Church agencies, so it may coordinate salary grants with such agencies. Any pastor receiving such grants and whose salary is still below the Conference minimum shall be eligible for consideration of salary supplements through the Commission on Equitable Salary and Clergy Benefits for that portion not covered by any other sources.
2. A prerequisite for consideration of salary supplements from the Equitable Salary Fund shall be the filing with the Commission a written application by the District Superintendent. The District Superintendent shall certify classification of the pastor and the salary (salary, travel, and utility) set by the charge. The application form will be supplied by the Commission.
3. Salary grants shall be made for a calendar year with payments made monthly. In cases of appointment changes at or between the Annual Conference session, the District Superintendent shall file a written request with the Commission. Approved supplements shall then be paid on a pro rata basis for the part of the year actually served.
4. The following conditions must be met by the pastoral charge before its pastor can become eligible for consideration to receive salary supplements from the Equitable Salary Fund.
   (a) The pastoral charge shall have conducted an Every Member Canvass for the local church budget of each of its churches during the previous conference year.
   (b) All apportioned items shall have been paid in full for the previous conference year.
   (c) The charge must have at least 100 members.

In unusual situations the Commission on Equitable Salary and Clergy Benefits may waive any or all of these conditions.

5. The Commission on Equitable Salary and Clergy Benefits will pay any amount up to 1/3 of the minimum salary as set by the Annual Conference for each applicant according to his/her ministerial classification.
   If any exception under paragraphs 4 or 5 is sought, the request must be endorsed by a 2/3 vote of the Cabinet before it can be considered by the Commission.
6. Persons of the following ministerial relationships are eligible for consideration for salary supplements at the level indicated for 1983. Rates of adjustment will be considered annually by the Commission, rather than establishing automatic rate adjustments.

	1983
(a) Elder, Full Connection	13,200
(b) Associate Member	11,000
(c) Full Time Local Pastor	9,900
(d) Probationary Member	
(1) Non-Student Living on Charge	11,000
(2) Student Living on Charge	9,900
(3) Student Living Away from Charge	7,700
(e) Student Local Pastors	
(1) Living on Charge	8,800
(2) Living Away from Charge	6,600

7. Pastors who are appointed to less than full time service as addressed in the 1980 Discipline, paragraph 438.3b shall be eligible to receive salary supplements from the Equitable Salary Fund. The amount of salary supplement for which the pastor is eligible will be determined by the Cabinet's interpretation of time actually spent in pastoring the charge. For example, if the pastor is deemed as serving 1/4 of full time his minimum salary eligibility would be 1/4 of the minimum of his Conference relationship classification. The categories of 1/4, 1/2, 3/4 will be followed in determining less than full time eligibility for salary supplements from the Equitable Salary Fund.
8. Seminary students who are serving pastoral charges and receiving Equitable Salary Supplements, are eligible to receive $2.00 per mile, one way, one time per year, for the distance from the seminary to the pastoral charge. This extra allowance shall be computed by the Commission, and paid in one payment to the seminary student pastor receiving the charge at the end of the third quarter of the Conference year.
9. Ministers who are not eligible for salary supplement are:
   (a) Those whose appointment is other than pastor of a charge.
   (b) Those classified as part time local pastors.
   (c) Retired ministers.
   (d) No pastor shall be eligible to receive salary supplements from this Fund who has been offered appointments with higher salary, but who persistently prefers for personal reasons to remain in a present appointment.

Commission On Equitable Salaries And Clergy Benefits Report No. 2 Moving Expense

1. We recommend that the conference pay the greater of $100 or $3.00 per mile for the first 100 miles and $1.00 per mile additional after the first 100 miles with no maximum within the bounds of the Annual Conference and the receiving charge is expected to pay any remaining balance of the actual moving expenses.
2. We further recommend that the procedure of filing correct forms with the Conference Secretary/Treasurer be continued.

3. We do, however, expect every receiving charge in the Annual Conference to pay the moving expense of the new minister in excess of the allowance and it must be the responsibility of the District Superintendent at the time of consultation to inform the church of its share of this obligation.

Commission On Religion And Race

This Commission is working diligently to maintain its historic commitment to confront and combat racism. The ministry of acceptance, understanding and total agreement continues a forward thrust in this Conference. Action of Commission:

1. Four meetings during the Conference year.
2. Sponsored Hoosier Extravaganza September 1981 with emphasis on Evangelism for the 80's.
3. Conducted Conference wide survey to determine the status of inclusive programs and policies of the local churches.
4. The Commission provided resource information and suggestions to assist local churches in planning multi-racial endeavors.
5. Sponsored Annual Celebration of Wholeness highlighting "Love Thy Neighbor."
6. Representatives attended the Conference on Black Methodists For Church Renewal in St. Louis in the month of March, 1982.
7. Scheduled Workshop for October 1982 to assist district and local Religion and Race Coordinators to understand their responsibility; to encourage multi-racial dialogue at all levels.
8. The Commission was gratified by increased interest and cooperation toward intentional inclusiveness throughout the Conference.
9. Members of this Commission presented a request to the Worship Committee of the Annual Conference planning committee to incorporate a multi-racial worship service during the Annual Conference Meeting in Central Texas.

Recommend Continued Emphasis On:

1. Each local Church elect chairperson on Religion and Race at the Charge Conference.
2. ACCOM continue progress in the elimination of discrimination and racism within its organizational structures and institutions by providing adequate representation on all boards and agencies.
3. ACCOM develop a program aimed at bringing about regular inter-ethnic conversation and other exchanges to facilitate the building of bridges of trust.
4. Each district superintendent explain the meaning and desirability of an open itineracy to each Charge Conference, citing biblical and theological authority as well as the position of the United Methodist Church, encouraging questions, responses and open discussions.
5. Annual Conference develop ongoing recruitment programs for ethnic minority pastors, not only to meet present or particular "supply" crises, but to challenge faithful Christians to consider the call of the ministry on a continuing basis. To visit theological schools and recruit minority pastors for our conference.
6. Celebration of wholeness be continued as an annual event.
7. Local congregations plan for joint worship services, fellowship dinners, discussion and study groups, and services and community projects with congregations of another ethnic racial background.

Report Of The Commission On The Status And Role Of Women Report No. 1

The Commission has had a good year. In many respects, this year's work has also been most challenging. We continue to foster awareness of women in the life and leadership of every local church within the Central Texas Conference.

We have participated in two training events in the 81-82 conference year. In the Fall we reviewed the guidelines of COSROW handed down by General Conference. Then in February of '82 we participated in a workshop (an in-house training event) with Jan Wiksten, chairperson of the North Texas COSROW, as our workshop leader. The day was informative and enjoyable. Our ongoing ministry to divorced spouses continues.

We accept our mandate to be advocate, monitor, and catalyst in the matter concerning clergywomen in the Central Texas Conference. It is with alarm that we see many of our fine sisters consider leaving the active ministry and so we offer the resources of this commission and all our concern as we seek to help resolve problem situations and personal discouragements facing these courageous ministers of the gospel.

We have tried to be a listening ear to the special concerns of women in the Central Texas Conference. Our aim has been to be open and caring. The mandate to this commission has prompted us to be the open forum women need to air special concerns, address grievances and injustices, and seek to bring about understanding between the church in general and the concerns faced by our women as we seek to be all God has intended us to be.

We, the Central Texas Conference Commission on the Status and Role of Women, affirm women in all walks of life and actively seek to support and enable each woman wherever she feels God has placed her to serve. We dream big dreams for our lay women and our clergywomen in this conference. We are thankful for the opportunity to work within the system to bring about mutual cooperation and yes, change whenever and wherever necessary.

(1) Goals for 1983

1) Highlight women in ministry both lay and clergy.
2) Provide a conference-wide awareness seminar to inform and to motivate. Seminar target audience; pastors, diaconal ministers, and at least one representative from each local church. Our aim is to make COSROW visible and to insure understanding as to the role of the Commission within our conference.
3) Expanded Ministry to divorced clergy spouses.
4) Continued emphasis on "Women-In-The-Pulpit."

(2) Recommendations

a. We recommend that new emphasis be given to the unique potential for leadership of all women in the life of the church at all levels of involvement.
b. We further recommend that the cabinet consider the appointment of a woman as district superintendent within the next eight years (by 1990).
c. We recommend that a committee, person, or a chairperson of a local church COSROW be named from each local church to relate to the Conference Commission on the Status and Role of Women. This person should be active, interested, and really concerned about women's roles in the church. This contact person/liaison should be selected by the nominating committee and elected by the Charge Conference. We further recommend that this new COSROW liaison be a member of the Council on Ministries in the local church. The responsibilities of such a person should include participation in the major concerns relating to women and assume the advocacy role in these matters. This person would also have responsibility for helping to compile a talent bank of capable and interested women to serve in positions of leadership in the local church, on the district level and on the conference level. The local contact person shall maintain open lines of communication between the Conference COSROW and the local church communicating interests, concerns, and programs relating to the Status and Role of Women.

(3) **Issues**

Encourage the cabinet, church administrations, pastor/parish relations committees and all others concerned to give fair and equal consideration to clergywomen within the appointive process.

(4) **Ongoing Projects**

These ongoing projects of Central Texas COSROW need all our attention and cooperation to make them successful ventures.

1) Continuing program to support divorced clergy spouses. Working with the Board of Ordained Ministry, district superintendents, and the office of the Area Directors of Professional Ministries, we are expanding our ministry to and support of these persons who are experiencing changing lifestyles.
2) Continued emphasis on the importance of the use of inclusive language throughout the church.
3) Presenting interesting, constructive, professional images of women in ministry.

Georgia Allen, Chairperson
COSROW

Report No. 2

The Commission On The Status And Role Of Women established an ongoing Committee on Clergy Concerns in March 1982. This committee is aware of the potential which women offer to the ministerial office as well as the challenges which they face. Their ministries have been affected by problems which we have been listening to. We realize that all persons may encounter similar problems in active professional ministry. Our task is to understand these needs as they relate to women and men in ministry.

We are submitting constructive methods for addressing these needs. In so doing we see ourselves as partners with those persons, boards and commissions which are equally concerned with furthering the ministry of women as part of the ministry of the whole church.

As we did our work we recalled the three-fold focus of COSROW. First, the commission seeks to be an advocate — to offer support and sustaining care to clergywomen. It seeks to understand the resources of the conference which enhance the emotional, mental and spiritual growth of clergywomen, and to aid them as they serve their congregations. As advocate, COSROW has a responsibility to proclaim the Gospel in a prophetic way.

Next COSROW sees itself as a monitor. In this role the commission watches and maintains an awareness of the issues within the United Methodist Church relating to clergywomen, with particular attention paid to their import for our own conference. In the process of monitoring we seek appropriate channels for constructive action to meet clergy concerns.

The third part of the commission's focus is that of catalyst or promoting action. In so doing we challenge all persons both lay and ministerial to examine their attitudes toward clergywomen. Do our actions match our attitudes and do they reflect our commitment to the ministry of all Christians?

Therefore the committee presents the following proposals aimed at strengthening our ministry. We offer them as actions toward healing.

1. We **affirm** the candidacy and ordination process as it recognizes the gifts and graces of persons for ministry and qualifies them to be appointed as ordained ministers.

We **propose** that local church Pastor-Parish Relations Committees and church members evaluate potential ministers' qualifications, education and suitability for ministry without regard to sex, race or age.

2. We **affirm** the profession of ordained ministry and recognize the stress which affects the clergy and their families. We further affirm the Bishop and Cabinet, the Board of Ordained Ministry and the Director of Professional Ministry as they care for the well-being of ministers and their families.

We **propose** marriage enrichment seminars for candidates and ordained clergy.

3. We **affirm** the uniqueness of each clergy spouse and members of clergy families. We

further affirm the right of each spouse and family member to determine how they may best relate to the local church.

We **propose** that members of local church Pastor-Parish Relations Committees receive training in clarifying and verbalizing their expectations of the pastor and pastor's family.

4. We **affirm** the commitment and special role of the clergy spouse, especially during a minister's preparation for ordination.

We **propose** that the ordination service recognize the unique role of the clergy spouse and celebrate their ministry as Christians.

5. We **affirm** the uniqueness and the humanness of persons as they work together in God's ministry. We further recognize the differing abilities, roles and experiences of persons who serve as senior pastors and as associate pastors. The experience of ministers working together calls upon us all to search for skills that foster teamwork for mission.

We **propose** that persons entering ministry be given exposure to the tasks of senior minister and associate ministers. This could be done through the seminary curriculum or as a seminar given by one of the conference boards. We further propose that there be a workshop offered at regular intervals on multiple staff relations, communication skills and management.

In closing we recall the counsel of the **Discipline**:

> The heart of Christian ministry is shown by a common life of gratitude and devotion, witness and service, celebration, and discipleship . . . guided by the Spirit into the truth that frees and the love that reconciles (par. 101, 110).

Committee On Communications And Interpretation

The Committee on Communications and Interpretation's sole function and purpose is to help the local church, district and annual conference in spreading the "Good News" that Jesus Christ is Lord. To do this effectively, we must work to strengthen both internal and external communications of the church.

By internal communications, we mean the church newsletter, church bulletin, telephone and other innovative ways of communicating the message and program of the church to its members.

By external communications, we mean a better utilization of the printed word, both sacred and secular, radio, television and satellite, as we speak to the larger community of faith.

Communication means more than telling the story of the church at work. It means interpreting our total program and benevolences. This calls for a special person to be selected by the local church and district. We need people committed to the life of the church and the cause of Christ.

To help the church in this ministry, the committee has sponsored and will continue to sponsor workshops aimed at strengthening the skills necessary for their task.

As we approach 1983, we see new forms of communication being utilized by the church. We will be sharing in workshops on the computer and satellite, as it relates to the larger teaching and proclaiming ministry of the local church and conference.

To be effective, we need the support of the local church and district. The job of the Coordinator of Communication is important. It is not someone who is drafted, but volunteers for an adventure in Christian growth and development.

There are several concerns we have:

1. The lack of information from churches and districts for the Conference Page of the **United Methodist Reporter**.

2. The lack of support for the **United Methodist Reporter** as it tries to tell the story of the General Church.

3. The lack of support for the radio show "Connection," which died an untimely death.

4. The lack of interest in many churches for workshops and district training events for people called to communicate.

Your committee will be examining these areas of concern and addressing itself to their solution.

Jesus has said, "You shall learn the truth and the truth will make you free." How will people learn the truth, if we fail to communicate that message?

We call upon this Annual Conference to join us in getting serious about the message of the church and the message of Christ. "We've a story to tell" — and it is a marvelous story of life!

Inter-Conference Committee For Mexican-American Work
Report No. 2

Presently the rules of the Central Texas Conference include in the membership of the Annual Conference Council on Ministries Chairpersons of Conference Boards and Commissions (such as Commission on Religion and Race and the Commission on the Status and Role of Women) even though these relate directly to the Annual Conference.

In order to facilitate communication between the Annual Conference and the Inter-Conference Committee for Mexican-American Work we request the Central Texas Conference to change its standing rules (II. Conference Organization, Annual Conference Council on Ministries, 1.2) to include the Chairperson or his/her representative of the Inter-Conference Committee for Mexican-American Work in the membership of the Central Texas Annual Conference Council on Ministries.

Inter-Conference Committee For Mexican-American Work
Report No. 3

The Hispanic population continues to increase as evidenced by the 1980 census figures which estimates the population at 14.6 million and by non-official estimates which vary from 19 to 20 million. A significant increase in the Hispanic population is evident in the Central Texas Conference.

The Committee recognizes the need for development of ministries with the growing Hispanic population. In the Committee's role of initiating, coordinating and enabling inter-

conference ministries within the bounds of the Central Texas and Rio Grande Annual Conferences, we recommend the following to the Central Texas and Rio Grande Annual Conferences:

1. If any kind of Hispanic ministry is anticipated by a Central Texas Conference congregation or agency, the Inter-Conference Committee shall be consulted prior to the initiation of the project.

2. Consultation with the bishops and cabinets of the Rio Grande and Central Texas Conferences shall be made prior to initiation of the project.

3. Local congregations and agencies of the Central Texas Conference are encouraged to consider developing Hispanic ministries.

Central Texas Conference Federal Credit Union

Your Credit Union continues to maintain a strong and sound financial basis upon which we serve well the needs of our members. In the midst of the rapidly changing interest and credit pictures, your Credit Union has made important adjustments which have allowed it to continue to maintain its strength while serving its members.

The first adjustment was required by new federal guidelines. These guidelines call for loans not to exceed 80% of our assets. Although this is a good move, it has required that we change our loan policies. In light of this and remembering that our primary purpose is to serve as many of our members as possible for personal loans, another adjustment has been made to limit automobile loans to $3,000.00. This policy can change whenever we have sufficient deposits to meet all needs. The third adjustment this past year was a change in the interest rates on loans. Your Credit Union has gone to a multi-level scale on our rates. We now charge 16% on signature loans, 14% on secured loans and 12% on loans fully secured by share deposits. We still remain the best alternative when a family needs to borrow money. Another adjustment has been to make loan insurance optional at extra cost. However, automatic life insurance on share deposits up to $2,000 is still our policy.

Our current assets are $535,676. Our loans stand at $411,692. Since our organization we have made a total of 2183 loans for $3,711,400. Last year we made 119 loans for a total of $224,478. Since organization, we have charged off only $21,476 of which $4,751 has been recovered. This is an excellent record and well ahead of the general public. Through diligent efforts this year our delinquent list has been reduced considerably. We appreciate the faithful consideration of our members in a very difficult time.

Our membership stands at 706 at the present time. This past year we did a study of our membership to see how depositors break down by category. Here are the results of that study: 20.48% have ten dollars or less in the Credit Union; 30.88% have deposits of from ten to one hundred dollars; 23.27% have accounts of one hundred to five hundred dollars; 6.23% have five hundred to one thousand dollars on deposit; and 19.04% have over one thousand dollars. Currently we pay 6% on deposits to share accounts which remains the best return on this type of account. We also still pay ¼% (one-fourth per cent) above the current rate paid by savings and loans on certificates. We now have All-Savers Certificates also which are based on the current rate of treasury bills. All deposits are insured to $100,000.

Your Credit Union remains one of the most competitive places you can find for investing funds, or in borrowing money for loans. Our greatest problem in meeting the demands of a fluctuating economy and the needs of our members is a lack of resources. We are here to help our members in this difficult economic time. We need your support in this endeavor. We urge members, especially those with small deposits, to establish a systematic savings plan. And we urge borrowers to include a deposit with their monthly payment. This will help others get the loans they need and help the borrower down the line when additional funds are needed. We want to serve as many of our members as possible in as complete a way as possible.

One February 1, 1982, Dr. J. W. Sprinkle turned the reins of the Credit Union over to Mrs. Jerden Davis. We appreciate very much the many years of fine service Dr. Sprinkle has

given to our Credit Union. During his nine plus years, we have seen our Credit Union grow from less than $200,000 in assets to over half of a million dollars in assets. We are grateful to Dr. Sprinkle's dedication and skilled leadership.

We commend our new Manager, Mrs. Jerden Davis, for her work and guidance. The address is: P.O. Box 9013, Fort Worth, Texas 76107; telephone number 731-3852. The Board of Directors are: Barbara Vaughan, Walter Black, Eric McKinnery (1984); Joe Fagg, Ben B. Marney, J. W. Sprinkle (1983); and Tim Russell, Nelda Barrett and Judy Wenzel (1982). Woody Flynt chairs our Supervisory Committee; John Dowd our Credit Committee, Frank Leach our Collection Committee; and Judy Wenzel our Educational Committee.

Respectfully Submitted,
Tim Russell, Chairperson

Homes For Retired Ministers

Your trustees of Homes for Retired Ministers are happy to report another good year. There are 28 homes owned by the Conference, with 4 of them vacant at the present time. We have vacancies in Stephenville, Corsicana, Fort Worth, and Mineral Wells.

To keep these homes in livable repair and to pay the taxes and insurance premiums we must rely on your contributions by way of a special offering each year. Your offerings amounted to $12,527.20 this year for which we are truly grateful.

We continue to be grateful for the contributions made by the residents of the homes which makes the difference in whether we could maintain as good a program as we can. Contributions from individuals amounted to $11,630.45 this year.

Of interest to the Conference are the amounts disbursed for:

Insurance	$ 3,355.00
Ad valorem taxes	6,044.22
Maintenance	13,761.10

From year to year there is need for us to rethink some policies and redefine the Board of Trustees' position on matters pertaining to future retirees and housing for them. In regard to the matter of the joint purchase of a home by a retiree and the Board, we would like to place the following statement of policy, that was adopted by our Board of Trustees on February 15, 1982, before the Conference.

"Our policy on the joint purchase of new housing for a retiree will be established and governed by:

1. The availability of other houses (vacant houses belong to us, regardless of the location)
2. Our financial condition at the time
3. The financial circumstances of the applicant as substantiated by a complete financial statement."

This policy supersedes all other policies as of February 15, 1982.

The Trustees are James H. Campbell (1983), Robert L. Robertson (1983), Frank L. Turner (1983), Charles Hearn (1984), Eric Purnell (1984), Edis Sluder (1984), E. J. Hughes (1985), Warren Fuller (1985), and William M. Greenwaldt (1985).

We are pleased to render an accounting of our stewardship for this year. LPI, an agency of your Conference and the South Central Jurisdiction, has experienced a year that could best be described in terms of peaks and valleys. To use another idiom it could be a good news-bad news situation.

In the good news category, there are various items that are indeed exciting, and we would want them to be a part of the telling of our story.

Summer Activities consist of a Session for remediation or for students to make additional progress. At recent times, another Summer Session has been in English as Second

Language (ESL) for young boys and girls of the El Paso-Juarez community, but also reaching into the northern sections of Mexico. Our program last summer enrolled almost 300 students in this special section.

Another piece of good news is the phenomenal growth that has been experienced in our ESL program during our regular term. We have had to add additional sections to accommodate the demand.

We are delighted that as we address the needs of our students, a very important factor is the whole area of religious and spiritual development. This year this has taken an interesting direction of community involvement on the part of a core of students. This includes working with a near-by Presbyterian Church and their children and early adolescents in recreational, tutorial and other sharing of skills, but mostly, sharing interpersonally with disadvantaged children from the immediate community.

By the mere matter of who we are, staffing patterns continuously change the complexion of our school. Aside from persons in our teaching staff, this year we have needed to replace our Business Manager. We were indeed blessed in that, a young man and his wife responded to our Macedonian call. Mr. James L. Tresner, CPA, with an outstanding auditing firm in New York City, left a lucrative future to come and be in mission with us.

Lest all appear extremely rosy, let me say that there have been some stories not too great which temper our excitement only to address our mission with greater intensity.

Among these, is the drop that we have experienced in our High School Program, which has affected our over-all enrollment. As we struggle to identify reasons for the decrease, recent increase in tuition costs appear to be the major reason.

I wish I could report that all our Conferences have met their minimum goal for LPI support. Of the 17 Conferences, ten support us on an apportioned basis. This has contributed to a deficit in our anticipated receipts, and consequently, to our current fiscal picture.

In all, we are grateful to God, our Conferences, churches and individuals, in their support of our ministry. It is because of concern expressed and support demonstrated that we look to the coming days and months with both confidence and excitement. It is indeed a pleasure to be in ministry on this Bi-national setting on behalf of our Christ and all His Church.

Perkins School Of Theology
Report To Annual Conference

"Perkins offers superb field education for its students and is conspicuous for its academic excellence." So states Dean James E. Kirby about the school of theology at Southern Methodist University. Kirby is the first alumnus of Perkins to be appointed its dean, returning to Texas in June 1982 to take up his post.

The challenges of preparing persons for the decade of the eighties have resulted in a comprehensive curriculum review which has been extended through this year and into the next. A review committee, made up of faculty, students, and alumni/ae has taken a careful look at current degree requirements. Perkins is committed to maintain a curriculum which will not only train persons to think theologically but also to impart skills in such practical areas as church budgeting. The increasing pluralism of the church and the importance of making it evident in the seminary community have caused the dean to institute conversational Spanish classes for faculty and staff.

Under the leadership of the new Director of Development, Joan Ronck, plans and programs are being formulated to make fund raising a high priority. By the beginning of the academic year, a director of recruitment and admissions and a dean of student life will be appointed, as well as a new faculty member in Christian Education.

Student enrollment for 1981-82 school year totalled 423 degree students, of which 326 are United Methodists. Twenty-one other denominations are represented and 15 international students are enrolled. Students come from 37 states and 12 countries. Reflecting recent

trends, nearly half of the students enrolled this year did undergraduate work in state institutions rather than in church-related colleges.

The Intern Program, the Mexican-American Program, the Perkins Women Students' Association, the Black Seminarians, and the Wesleyan Fellowship offer students opportunities to explore particular interests in specific groupings.

Report Of The United Methodist Men For 1981

The year of 1981 completed the second full year of the United Methodist Men in their new structure and reporting directly to the annual Conference.

Nationally, 1981 was the first year in many that over 5000 Chartered Men's Fellowships existed. There are reportedly another 5000 to 10,000 unchartered across Methodism.

In our conference we still cannot get an accurate reading but it is obvious there is more and more interest and we will get them recorded. With new chartering programs and the Every Man Share (EMS) program where any man may become a registered UMM for only $9.00, we will eventually get it done.

In our Spring 1981 UMM convocation we had over 200 UMM in attendance to hear a good speaker and start the road back to being a more active and positive force in the life of our Church and Conference. In August our own Bishop John Russell lead the Conference Men's Retreat which is sponsored by the UMM. Our registration reached over 350 a long way from the days of 1000 or more but again a positive response. A highlight of this retreat was Bishop Russell opening the Retreat to and fielding questions from any quarter on any matter of concern that the men had about their church. It was an enlightening time for all.

Our plans for 1982 are well under way. The theme is "Men Anew in '82" and our two meetings are under way. By the time this is printed we will have completed our UMM Spring Convocation at which Coach Tom Landry was Key Note Speaker. A program of cooperation with the Boy Scouts of America was presented with new Scouting Programs and emphasis which local churches, and more particularly, UMM Fellowships can sponsor and assist youth across Central Texas. Another Spring meeting for 1983 is already being planned and another quality speaker and program will be brought to the UMM of our conference.

Our Speaker-Teacher-Leader for the August '81 Men's Retreat has not accepted at this writing but we expect another growing turn out on the dates of August 13-14, 1982 at Glen Lake Camp.

Another concern of the UMM is losing the equivalent of a 200 member Methodist Church across this nation as Methodist people move and then "fall in a crack" — or are lost to other denominations. Nationally UMM are addressing this problem and we expect to be addressing this in our Conference beginning in 1983.

One of the greatest concerns of the leadership of the UMM is that we secure the dedicated and committed support of the clergy to encourage the organization of **local chartered fellowships of UMM**. (See P. 262.6 of the Book of Discipline of the United Methodist Church.) We believe that an active viable and growing UM Men's Organization at all levels in our great church will be the catalyst and foundation for healthy and sustained growth of our denomination in the 80's and 90's. We the leadership of the UMM are committed to that calling. We will go to any district or any local church to help accomplish this goal. Try us! We're ready, willing and able.

In Christ,
United Methodist Men

United Methodist Women
1982 Report To Annual Conference

Since June 1981, United Methodist Women in Central Texas Conference have been busy implementing the training they received on the Conference and District level, while they have continued to study world and national issues as well as the local church and community. Along with their study, prayers and action four new units were formed and $156,443.81 was sent to the Women's Division through Pledge to Mission, Special Gifts to Mission, World Thank Offering, Call to Prayer and Self-Denial, and designated giving.

Our records from Annual Reports made by the local president to the district president show a total membership of 10,557. The reports which the local pastor makes to the district superintendent still do not agree with ours. We worked toward this during the report time; however we are still not receiving the same figures. Our figures show an increase of 557 members during 1981.

A year long emphasis on the study of World Development, particularly in the Third World, has continued through a Conference-wide workshop in April, the Schools of Christian Mission and will end with the Annual Meeting in October. Each district will be expected to follow-up with district workshops during 1983.

Very successful Schools of Christian Mission were held during July in cooperation with the Conference Board of Global Ministries.

The president of Central Texas Conference United Methodist Women attended the fall meeting of the Women's Division at the invitation of the Women's Division in October. She attended South Central Jurisdiction Board of Global Ministries Linkage Event in November and a South Central Jurisdiction Core Planning Group Consultation of Presidents in January. One new officer attended the New Officer Training Event in New York in December.

The Conference Executive Committee and five others from each district attended a workshop conducted by members of the Women's Division, "Christian Social Responsibility Interpretation Workshop." Those attending found the workshop to be enlightening and worthwhile.

Some goals we have adopted for 1982 are: giving our encouragement, support and commitment to open itineracy in Central Texas Conference; continuing the Nestle Products boycott; reading and rating books for sexism and racism as part of a South Central Jurisdiction United Methodist Women Project; an increase of 5% in membership and 7% in giving to mission. In addition, the treasurer has challenged each local member to contribute 1¢ per day to the World Thank Offering. This would be over and above the usual pledge to mission which each member is expected to make each year.

Approximately forty-five women are planning to attend the Assembly of United Methodist Women in Philadelphia, Pennsylvania in April/May. Others will participate through a special Assembly Offering.

A cooperative Schools of Christian Mission will be held in July. This is a joint effort with the Conference Board of Global Ministries. The Dean of the Schools has arranged through Rev. John Loggins for ministers who attend one or both of the schools to receive credit toward their continuing education program. Both schools will be held at Texas Wesleyan College.

Dates and topics are: **Weekend School — July 16-18 and Weekday School — July 19-22**; we will study "Hebrews," "Peoples of the Pacific" and "Pilgrimage in Faith."

Child care will be available for those attending the schools. This has become very popular with our young mothers. The Conference United Methodist Women are offering seven scholarships to one of the schools. Some of the districts will also be offering scholarships. We encourage local units to pay all or part of the expenses of members who attend.

United Methodist Women of Central Texas Conference have grown spiritually and in knowledge and concern during 1981. Great strides are already being made in 1982.

Jane Hill, President

Jurisdictional Council On Ministries
South Central Jurisdiction — United Methodist Church
Report — 1981

Leadership training opportunities for age-level workers, as well as in other areas of the church, continues to be one of the major functions of the Jurisdictional Council on Ministries. The calendar year of 1981 began with a job training event for lay leaders and United Methodist Men. Each of these groups is making plans for similar events in 1983.

Some of the most exciting events sponsored by the Jurisdictional Council on Ministries were four conferences for retirees held at Mt. Sequoyah, Fayetteville, Arkansas. The first of these was "Dogwood Time," planned at a time when dogwood blooms color the mountainsides of that area. The three other events: "The Best Is Yet To Be," "Autumn Time," and "Mountain Top Retreat." A total of approximately 850 were involved in these experiences that are attracting more retirees every year.

Communications and T.V. ministries is an emphasis given by the Council, with training events in several areas, the use of the computer in the local church, video cassette production, the Protestant Hour, etc. It has been during this year that the South Central Jurisdictional Video Cassette Exchange program was initiated. This has linked a number of annual conference resource centers and local church communications centers in a network, exchanging video cassettes that each have produced.

The summer months have attracted a large number of people to Mt. Sequoyah, attending Bishops' Week, the Ecumenical Missions Conference, and other events. Approximately fifty-four percent of the events held at Mt. Sequoyah during the year 1981 were sponsored by the South Central Jurisdiction.

A very active and vital youth program of the Jurisdiction brings together young people from across the eight state area, providing opportunities for fellowship, study, and Christian growth. The young people met this year at Southwestern University, Georgetown, Texas.

A special event: "Ministry Planning and Review," was held for four cabinets during the year. The extended cabinets had opportunities, under the leadership of Dr. Paul Dietterich, Center for Parish Development, to look at their jobs, examine their own leadership styles, set goals, and make plans for the year.

Visions '81 — Biennial Convocation, Fellowship of United Methodists in Music, Worship and Other Arts, was participated in by a number of persons from the South Central Jurisdiction.

One of the basic leadership training events of the Jurisdiction is the laboratory school held at Mt. Sequoyah, Fayetteville, and a second one at Sacramento, New Mexico, each summer. Approximately four hundred people were participants in these two events.

The Jurisdictional Council on Ministries worked with the General Board of Global Ministries in a training event for annual conference leaders in the area of missions: "Leadership Development Experience."

Persons related to camping shared in an event at Camp Horizon, Nevada, Kansas, "Christian Education Out-Of-Doors."

Dr. Lively Brown and Ms. Helen Marshall serve as members of the Jurisdictional Council on Ministries from the Central Texas Annual Conference. We are grateful to these people for their leadership, and the support of the Annual Conference to the Jurisdiction.

Task Force On The Ethnic Minority Local Church

For the year 1981-82, your task force on the Ethnic Minority Local Church has established guidelines for funding and funded several programs under those guidelines. A list of those programs and the funding involved are listed below. The following guidelines will be used in funding programs:

Guidelines:

The committee will fund no' projects that are involved in building or building maintenance.

Our primary goals are: 1) training of clergy through scholarships, for continuing education opportunities, salary supplements (where sources are not available from other sources), 2) to develop lay leadership through training events and scholarships to attend conference and jurisdictional events.

Our objective is not to design program, but involve local leadership in continuing education projects. We will seek to strengthen developing programs within ethnic minority local churches or programs involving ethnic groups that evolve within any local church. No programs will be funded beyond one year.

We must be intentional with our funds. We will help develop strong educational ministries within ethnic minority congregations or other congregations working with ethnic groups. We must provide avenues for young people that encourage them to seek a vocation of full-time Christian ministry.

Funding Cycle — Semi Annual: Deadline for written proposals is September 15 for funding to begin January 1. Deadline for written proposals is March 1 for funding to begin June 1.

Each proposal must have the approval of the Administrative Board of that local church. All other proposals must come from an official agency of the Central Texas Conference or one of its districts.

The task force continues to seek innovative and imaginative programs. A proposal has come from Perkins School of Theology that shows promise in the area of continuing education. We still seek programs in communities that have concentrations of ethnic groups but no organized church to serve them. Any local church can pick up on this opportunity. As we continue to support and develop this missional priority, let us seek, together, to fulfill opportunities for ministry in this crucial segment of our church's mission.

Report Of The Mt. Sequoyah Board Of Trustees

Bishop Russell, members of the Annual Conference, and friends. On behalf of the Mt. Sequoyah Board of Trustees, I want to express my thanks to the Annual Conference for the financial support you have given to Mt. Sequoyah.

The facilities at Mt. Sequoyah are being improved yearly. During 1981, flourescent light fixtures for Galloway Hall (the cafeteria) including lay-in ceiling and insulation were installed. A new public address system was also added with speakers in five different locations. Electric service was put underground.

There are many planned activities during the year. Please make plans to visit Mt. Sequoyah soon. A listing of activities will be in your United Methodist Reporter.

Once again, thanks for your support of Mt. Sequoyah.

Respectfully submitted,
Luther W. Henry, Sr.
Board of Trustees, Mt. Sequoyah

Report From Mt. Sequoyah Assembly For 1981

The Board of Trustees authorized two major improvement projects to be completed during the winter of 1981-82: (1) Fluorescent light fixtures for Galloway Hall (the cafeteria), including lay-in ceiling, and insulation. (This project was completed on 1/15/82.) A new public address system was also added, with speakers in five different locations. (2) Putting most of the electrical service underground. (As of 1/21/82, this project is about one-third complete — delayed by the weather.)

52% of the days of occupancy were by Jurisdictional Sponsored Activities.
14% other United Methodist Groups.
34% Non-United Methodist Groups.

Offerings from other sources	24,106.00
Total	$ 60,750.00
*From Operations	$166,828.00
Total Income	$227,578.00

Expenditures:

Operations, Maint., Capital Improvements & Debt Retirement	$206,725.00
Balance	$ 20,853.00

*Usually there is no income from operations from the middle of November until the middle of March, except from room reservation deposits.

All of the dollar figures are unaudited, since our books are late in being audited. It is usually around May 1 each year before the audit is completed.

During 1981 contributions amount to 27% of the income. The yearly average for contributions during the 1976-80 quadrennium was 29%. During that quadrennium, the Assembly also received an average of 8.25% of its income from the Jurisdictional Apportionment, which added to the 29% = 37.25%. These figures indicate that the Assembly is experiencing a lag of 10.25% in contributions in proportion to its total income.

John Garrett Russell

John Garrett Russell, age 25, son of Bishop John and Mary Jean Russell, died on January 18, 1982. He was born in Muskogee, Oklahoma with a congenital birth defect: regressive genetic dystrophic epidermalysis bullosa, a rare skin disease that happens once in every four hundred thousand births. With it there is no elasticity of the skin and when it is bruised, a blister similar to a burn is formed. The unrelenting disease and handicap persisted throughout John's short life, but he made that life a "very special" one for himself and those about him.

He loved school and pursued his education through college. And at each step of the way he had a profound effect on people about him. He excelled in studies and earned a place in the National Honor Society for three years during Junior High School. He preferred speech and literature and had dreamed of being a radio announcer. But most of all he loved to sing. He joined the school chorus and church choirs and sang as a soloist.

One of John's goals in life seemed to be, to be happy and make others happy. He accomplished this very often. Upon graduating from Junior High, he received a special award as the one who was the greatest inspiration to faculty and student body. When learning of John's death, the Registrar, Dr. George Metzel, University of Tulsa, called Bishop Finis Crutchfield to state, "He taught this campus what higher education is all about. No one has done more for this university, either as a president, member of the faculty or student than John Garrett Russell. When he received his degree, there was a thunderous applause. No greater outpouring has ever been given and we've been here 100 years."

The funeral service for John Garrett was held in Highland Park United Methodist Church in Dallas with Bishop Crutchfield giving the memorial address, Dr. Leighton Farrell, pastor of Highland Park, serving as worship leader and Dr. Barry Bailey, pastor of First United Methodist Church in Fort Worth, giving the morning prayer.

Roy H. Davis

Roy Hilman Davis was born in Purley, Texas on September 2, 1899. He attended public schools in Purley and on November 9, 1924 he was married to Mattie Littrell of Ridgeway, Texas. To this union was born a lovely and talented daughter, Mary Nell.

He was admitted into full connection in the Texas Conference of the Methodist Protestant Church in 1927 and in the years that followed he served Center Point, Minter Circuit, Emhouse Circuit, Pike and Klondike. He attended Westminster College, Tehuacana, Texas in 1930-31 and returned to Tehuacana as Pastor in 1938, where he served effectively and efficiently as pastor to college students as well as the membership of the Church in Tehuacana.

After unification in 1939 Brother Davis served the following appointments: From Tehuacana he was appointed to Rogers, Eliasville, Corsicana North, Dawson, Wortham, Blooming Grove, Red Oak, Dublin, Meridian, and Corsicana Central. He took the retired relationship in 1965.

Death came to Brother Roy on June 13, 1981. Memorial Services were held at the First United Methodist Church in Corsicana on Sunday, June 14, 1981 with Marvin Bledsoe and Tom Graves officiating.

"An Evening Prayer"

Oh, Thou Great Source of all that's best,
Grant me a night of quiet rest;
Make soft my couch and linger nigh,
While shadows deep around me lie.
Release my tense and tired mind;
Enable me Thy calm to find;
So peaceful make my slumber be
That morn shall dawn a boon from Thee."

Jerry Oliver departed this life on July 26, 1981. His memorial service was held two days later in the sanctuary of Oak Dale United Methodist Church in Stephenville with his nephew, Rev. One impressive fact of his ability to relate to people as a preacher and pastor is his record of appointments. In thirty and one-half years of ministry, he had only five appointments. He served Novice (1928-1930), Winchell (1930-1934), Strawn (1939-1953), and Italy (1953-1959).

In a letter to the family, Bob Weathers expressed what many persons in the Central Texas Conference will remember about Reverend Chester Wilkerson:

> "Chester Wilkerson was a great light to many of our lives, and as long as I live I will remember him. He preached the gospel with power and authority and brought hope and vitality to his parishes because of his unyielding loyalty to Jesus Christ and his love and commitment to his people."

Texas Conference of the United Methodist Church. He preceded her in death on April 9, 1964.

Mrs. T. G. (Mary Jane) Story

For some 99 years, 3 months and 17 days, Mrs. T. G. Story gave authentic witness to the Gospel of Holy Love. In appropriate fashion a Memorial Affirmation of Faith was expressed on Sunday, Oct. 11, 1981 at McGregor, Texas, by her Pastor, Rev. Bruce Baker, assisted by District Supt. Dr. Ervin Gathings, with burial at her place of birth in Florence, Texas. Mary Jane was born on April 23, 1882 and married T. G. Story on October 5, 1902. Shortly thereafter the Storys entered the family hardware business in Florence. In 1910 T. G. Story responded to the Call to Preach and was licensed to preach in Georgetown that same year. Three years later when the Central Texas Conference convened in Temple, he was received into the Conference. He was ordained a Deacon in 1915 and an Elder in 1917.

For some 34 years the Storys served the cause of Jesus Christ as Pastor and Wife. Some of the Churches served by the Storys included McGregor, Bluffdale, Hillsboro — Line Street, Weatherford — Couts Memorial, Killeen, Alvarado, and Carbon. Rev. Story preceded his wife in death Dec. 13, 1958.

Mrs. Story moved to McGregor and lived there until her death on Oct. 9, 1981. My how she lived life with an alarming kind of gusto. Accepting life as a sacred and precious gift to be cherished and dedicated to Almighty God. In faith we can say, 'Blessed are the dead who die in the Lord.' Therefore in poetic language we can affirm her life:

God has not promised skies always blue,
Flower-strewn pathways, all our lives through.
God has not promised sun without rain,
Joy without sorrow, peace without pain.

But God has promised strength for the day,
Rest for the laborer, light on the way.
Grace for the trials, help from above,
Unfailing sympathy, undying love.

Mrs. Sara Amanda (Sallie) Harper

Mrs. Sallie Harper was born July 19, 1892 in The Grove, Texas in Coryell Co. to William Jackson and Catherine Dickerson. At her home in The Grove, on July 11, 1911, she married Reverend Earl G. Harper of Flat, Texas. Together they were loving and caring parents of three sons and two daughters: Garlon Harper, Moody Harper (deceased), Travis Harper, Gladys Cavender and Anne Koos.

Mrs. Harper served with her husband through the years as a very important part of his ministry, with her special interests lying with the youth of the church as well as United Methodist Women. Throughout the years she was especially proud to maintain a parsonage home to which all the members of the church were welcome.

Mrs. Harper's service as a minister's wife was spent in West Texas Conferences as well as the Central Texas Conference with churches at Plainview, Penelope, Dodson, Nolan, E. Broadway in Lubbock, Cahoma, Rising Star, Frost and Perry.

Reverend Harper passed away on June 14, 1959 and Mrs. Harper died Oct. 12, 1981 in Waco, Texas. Graveside services were held at Restland Cemetery at Gatesville, Texas with her pastor Reverend Lee Geldmeier of Herring Avenue United Methodist Church Waco, Texas officiating.

Mrs. Harper is remembered for her beautiful paintings as well as for her love and quiet concern for her family and church.

Bonnie Ethel Johnson

Bonnie Ethel Johnson, widow of the Reverend William O. Johnson (1870-1959), longtime local preacher of the Central Texas Conference, died at Weatherford, November 15, 1981, at the age of 82. Burial was in the Poe Prairie Cemetery beside her late husband who died March 19, 1959.

Born to John Calvin and Mollie Millican, Ethel came in her first year of life to the Lone Camp Community of Palo Pinto County. As a young adult she taught in several rural schools of Palo Pinto and Parker Counties. These were one and two-room schools where she endeared herself to many as "Miss Ethel," their beloved teacher.

On June 2, 1923, Ethel was married to the late Rev. W. O. Johnson, local preacher and farmer. Since Mr. Johnson's first wife, Mollie, had died a year earlier leaving several young children, Ethel immediately assumed the mother role rearing these children as her own. Two sons were added to the family: The Rev. John C. Johnson, currently pastor of Bethesda UMC in the Weatherford District and Cecil W. Johnson, a layman in the First United Methodist Church, Killeen.

Except for a three-year residence in California, Mr. and Mrs. Johnson lived on the family farm in the Littlefield Bend Community of Parker County until 1936. Here, they were both active in community life and the Soda Springs Church. Mr. Johnson often preached in area churches including Soda Springs Church where Ethel was a regular Sunday School teacher.

In 1936, W. O. and Ethel Johnson moved with their family to the outskirts of Weatherford and became active in the Couts Memorial UMC. For years she was teacher of the Virginia Alsup Sunday School Class for older ladies and an officer in the WSCS. The church was the focal point of her social life and she oftimes transported friends to church activities. In the midst of World War II, "Brother Willie" Johnson returned to full-time pastoring of rural churches of the area because so many younger ministers were serving in the Armed Services. Ethel was his constant companion and driver to the preaching appointments.

Bonnie Ethel Johnson, throughout her years, was known as a woman of devotion, a faithful wife, loving mother and grandmother, superior cook and tireless worker. She was a resourceful woman who encouraged her children and grandchildren intellectually and spiritually. She oftimes shared her fruit cellar with others even as she shared the beautiful life of eighty-two years.

Many friends and family members gathered at Couts Memorial Church on November 17, 1981, to worship God and praise Him for her life. Conducting the service was Doctor Jack Payne, Weatherford District Superintendent, assisted by former pastors Doctor S. Wayne Reynolds and Doctor Wallace J. Shelton who delivered the memorial message.

Jack Payne

Mrs. B. L. McCord

Theo McCord was born April 4, 1912 in Kerens, Texas, the daughter of Judge and Mrs. T. A. Crowley. She was married to B. L. McCord September 12, 1931 in Kerens while B. L. was pastor of the nearby Bazette Methodist Church. This was the beginning of more than fifty glorious years together in significant service for our Lord Jesus Christ and The United Methodist Church. On September 12, 1981 they enjoyed a gala celebration of their fiftieth wedding anniversary in the home of Mr. and Mrs. Houston B. Garland, their daughter, son-in-law and family. Friends joined in expressions of congratulation and appreciation for their meaningful lives and fruitful ministry.

The McCords gave devoted service in the following pastorates: Bazette, Pioneer, Caddo, Granbury, Meridian, Sparks Memorial Waco, St. Paul's Fort Worth, Englewood Fort Worth, Couts Memorial Weatherford, Ranger, 7th Street Temple, Comanche, Benbrook Fort Worth, Aldersgate-Perry Waco. Thus, all appointments of their half-century ministerial career were in The Central Texas Annual Conference.

After B. L. retired in June 1971, Theo and he became a vital part of the Arlington Heights United Methodist Church, Fort Worth, where he as an Associate Pastor, and she as loyal help-mate, won the hearts of the entire congregation. In fact, she was so beloved that a Circle of young women of the United Methodist Women was named "The Theo McCord Circle" in memory of her. Indeed, she was a loyal life-time member of United Methodist Women, having served as President for one term at Sparks Memorial Waco, and having been made an Honorary Life Member by her peers. For years she sang in the Choirs of their respective pastorates. She also ministered as Counselor at Glen Lake United Methodist Camp.

Theo's many friends from all over the Conference honored her at death by presenting a Memorial Window in her memory at The Arlington Heights United Methodist Church, memorials to the Heart Association, Harris Hospital-Methodist Auxiliary, Cowboy Camp, etc. Her husband affectionately paid this tribute to her, "I'll tell you: Theo carried more than her part of The Ministry for us!"

Willie Faye and I have known Theo McCord since the 1930s, and we found her to be one of God's choicest servants and one of Methodism's most faithful Christian disciples. She was tidy, clean (believing cleanliness was next to Godliness), orderly, precise, cultured, refined, charming. With a winsome personality and keen sense of humor, she exuded joy, love and happiness to those whom she met. Her hobbies were sewing and serving through the Church. In truth, I saw her as one who gracefully fulfilled the tribute to Womanhood in Proverbs 31.

Following a heart attack she died January 21, 1982. A meaningful and well attended Memorial Service was conducted in the Arlington Heights United Methodist Church, Fort Worth, January 23, 1982 by Dr. Mike Young, Reverend Barbara Gaugl and Reverend Raymond Burton. Interment is in Greenwood Memorial Park, Fort Worth, Texas.

She is survived by her husband, Reverend B. L. Mrs. Warren A. Flynn, Sr.

Mrs. Warren A. Flynn, Sr. was born Modena Mae Cox on August 13, 1901 to Mr. and Mrs. Jasper Cox of Waxahachie, Texas and died in Fort Worth on January 24, 1982. She married Warren in Forreston, Texas on November 8, 1925. Their marriage lasted more than fifty five years and they were blessed with five wonderful sons who have honored their name. The sons are: Warren Jr., James L., John N., Wayman B. and Doyle who preceded his parents in death. All of the grandchildren and their parents unite in thanksgiving to God for the heritage which Warren and Modena gave them.

Modena along with her husband Warren served Methodist Churches in Bluff Dale, Carlton, Cleburne, Cisco, Temple, Fort Worth, First Church Weatherford, and First Church in Hillsboro — all churches in the Central Texas Conference. This wonderful wife and mother had no desire to be in the limelight. She was content to support and encourage her husband in his ministry. It was her choice and all along the way she made friends who were true until God took her home. Another choice she made was to care for her boys. As a friend it was my privilege to be in the parsonage home often and I know of that dedication. She practised in the home that which Warren preached from the pulpit.

A memorial service was held on January 26, 1982 with Interment at Laurel Land Memorial Park in Fort Worth, Texas. The minister for the service was Rev. Quay Parmer.

The writer of the Proverbs placed these words in Holy Writ, and they apply to Modena and her family:

"She looks well to the ways of her household,
And does not eat the bread of idleness.
Her children rise up and bless her:
Her husband also, and he praises her saying
'Many daughters have done nobly,
But you excel them all.'
Charm is deceitful and beauty is vain,
But a woman who fears the Lord,
shall be praised."

We are better because this woman who loved God, husband and family was our friend.

Genevieve Hammonds Crawford

Genevieve Hammonds Crawford was born October 29, 1926, in Amherst, Texas. She attended schools in Williams and in Rising Star, Texas. In 1943 she was married to William C. Crawford and this marriage produced two daughters, Trudy and Gwendolyn. During this time Genevieve was active in the Methodist Church in Rising Star, Texas, holding office, teaching Sunday School, and working in the Women's Society of Christian Service. She was also in Eastern Star work, and was busy at school being a Band parent, Room Mother, and P.T.A. member. In 1958 the Crawfords entered the Methodist Ministry as Rev. Crawford received his License, went back to school, and began serving pastorates with his young wife by his side. They continued active in the ministry until Rev. Crawford had to take Disability Leave in 1977. Until Rev. Crawford became ill, Genevieve was involved in painting and was a member of the Art League. With the Disability Leave, the Crawfords moved to Waco, there becoming active in Cogdell Memorial Church.

Together the Crawfords worked in: Putnam Scranton; Wesley Church in Cisco; Mt. Calm Circuit: West and Leroy Churches; Crawford-Compton; Cross Plains and Burkett; Taylor Tenth Street, with Lawrence Chapel and Beaukiss; Salem Church in Graham, with Tonk Valley and Murray; Eastern Hills in Ft. Worth; and Wortham-Kirvin-Richland.

On April 5, 1982, Mrs. Crawford was working at her place of employment in Waco when she was mercilessly beaten in a robbery. Almost a week later, on Easter Sunday morning,

she died from that beating. Leaving this life, she leaves as survivors her two daughters, Trudy McGuire and Gwendolyn Crawford; two grandsons, Ian and Kerry McGuire; her mother, Mrs. Josephine Hammonds; three sisters, and a host of other relatives and friends.

Funeral service was held April 13, 1982, in Waco, Texas, with Rev. Lloyd Sansom officiating. She was buried at Crawford Cemetery.

Emma Vera Richie McMillan

E.mma Vera Richie McMillan, former Classroom Teacher, and widow of a prominent Methodist Pastor, and Fort Worth resident for 70 years, passed away Sunday, May 30, 1982. Her demise came just one month before her 90th birthday.

"Vera" was the daughter of the late Lewis and Laura Richie, pioneer settlers at Pelham, Texas, an all-Black township in rural Navarro county. She grew up at Pelham, attended public school there and was a graduate of Sam Huston College at Austin, Texas. She returned to Pelham where she taught for four years.

"Vera" had united with the Methodist Church as a very young lass, and committed her life to Christian service. She united in Holy Matrimony to Reverend Kay W. McMillan, a young Methodist Minister thereby becoming first lady of Methodist parsonages wherever her husband was assigned. She spent 18 years at Saint Andrews' serving in various capacities, as member of the senior choir, and member of the W.S.C.S. which she served as president for 8½ years. They were later assigned to Cowan Methodist Church where Dr. McMillan served for 7 years before his demise. Their name was added to the name of the Church in recognition of their leadership. Mrs. McMillan served as Organist for the church, and as tutor and counselor for both laymen and Clergy even after losing the companionship of her husband.

Mrs. McMillan was a member of the Order of Calanthe holding membership in Easter Lily Court No. 138, and Sweet Helen court No. 421 Heroines of Jericho.

She is survived by her stepson, Mr. Kay W. McMillan Jr. of Forth Worth, Texas and his wife Mamie L. McMillan; her nephew who cared for her in her waning years, William M. Richie, and his wife, Peggy Richie, both of Los Angeles, California, several generations of nieces, nephews, cousins and other relatives including her cousin Curtis Richie of Denver, Colorado.

Mrs. Walter E. Williams

Mrs. Walter E. Williams was the wife of the late Rev. Williams who died February 6, 1975 in Mexia, Texas. She was born Edna Pearl Silknitter, the third of four children of William Miller Silknitter and Clara Alice Milliken, in Tower Hill, Illinois on July 1, 1900. Her parents and grandparents were from Huntington County, Pennsylvania of German-Dutch, Scotch, and Irish ancestry. Mrs. Williams died June 8, 1980 in Mexia, Texas.

The contributions of Mrs. Williams as teacher, pastor's wife, loving mother and grandmother, and her unique spirit as a friend to all are shining examples of her devotion to the kingdom and an inspiration for the lives she has touched. With her pleasant smile, quiet manner and strong religious faith, she could lift a fainting heart. Especially so for the clergy in the midst of stress. She was an ideal United Methodist layperson.

She is survived by two daughters: Mrs. William W. (Elizabeth Ruth) Huffman of Nampa, Idaho; Mrs. Ralph L. (Alice Rachel) Smith of Irving, Texas; three grandsons and three granddaughters.

Funeral services were held in the sanctuary of the First United Methodist Church of Mexia on June 11, 1980 with burial in Restland Memorial Park, Dallas, Texas. Rev. J. W. Sellers of Mexia officiated at the service. Donald Alan Smith, a grandson and pre-ministerial student at Southwestern University, Georgetown, Texas, read scripture. Rev. Robert Warden of Little River led the congregation in singing hymns. Rev. David Shawver of Irving assisted Rev. Sellers at graveside.

1.2 The business of the Annual Conference shall be conducted according to Roberts Rules of Order.

1.3 Lay members and alternate members of the Annual Conference shall be elected at the charge conference for a one year term to begin on January 1, following their election, subject, however, to paragraph 701.3 of the Discipline.

1.3.1 To equalize the number of Lay and Clerical members of the Annual Conference the following will be members by virtue of the office held: each District United Methodist Women's President and Conference Board, Commission, or Committee Chairperson who is a lay person not otherwise a member, the Diaconal Ministers of the Conference not otherwise members, and Jurisdictional Council on Ministries, General Council on Ministries and General Church Board and Agency representatives not otherwise members of Annual Conference; and one additional Lay member from the Charges of the Conference whose membership is above the number, set annually by the Conference Secretary required to equalize the ratio between clergy and lay members. This figure will be revised annually. The Conference Secretary will notify the District Superintendent as to the churches that will elect additional members by January preceding the next Annual Conference.

1.3.2 Each charge of the Annual Conference is responsible for defraying the expenses of its lay and clerical members while in attendance at the conference.

1.4 All matters to be presented to the Annual Conference which pertain to the work of one of the conference boards, commissions, committees, and councils shall be referred to the proper boards, commissions, committees, or councils before action can be taken by the Annual Conference, and shall be reported back to the conference for action prior to the close of the conference session, unless otherwise directed by the Annual Conference.

1.5 All papers, resolutions, obituaries, and reports coming to the conference, not included in the Pending Report book, must be typewritten in triplicate and two copies of said report must be in the hands of the secretary before they are presented to the conference. VII. DISCONTINUED OR ABANDONED CHURCHES

1. When a local church has been discontinued or abandoned and the property disposed of as directed by the Book of Discipline in accordance with Paragraph 2441, the proceeds derived therefrom, if any, shall be first applied to the retirement of pension deficits, and the satisfaction of any claims against ministerial pension annuities which may have arisen out of failure of that church to make proportionate payment for ministerial support. The Trustees of the Conference shall recommend to the next session of the Annual Conference the disposition of any remaining proceeds.

EQUITABLE SALARY PROGRAM

There shall be a program of Equitable Salary Support in the Central Texas Conference under the management of the Commission on Equitable Salaries and Clergy Benefits. This program shall be patterned after paragraph 935 of the 1980 **Discipline**. Based on these guidelines, the following paragraphs shall compose the operating procedure for the Equitable Salary Program.

1. The Commission recognizes the necessity of coordinating all salary subsidy; therefore, the Conference Treasurer shall inform the Commission of any salary grants by other Conference or General Church agencies, so it may coordinate salary grants with such agencies. Any pastor receiving such grants and whose salary is still below the Conference minimum shall be eligible for consideration of salary supplements through the Commission on Equitable Salary and Clergy Benefits for that portion not covered by any other sources.
2. A prerequisite for consideration of salary supplements from the Equitable Salary Fund shall be the filing with the Commission a written application by the District Superintendent. The District Superintendent shall certify classification of the pastor and the salary (salary, travel, and utility) set by the charge. The application form will be supplied by the Commission.
3. Salary grants shall be made for a calendar year with payments made monthly. In cases of appointment changes at or between the Annual Conference session, the District Superintendent shall file a written request with the Commission. Approved supplements shall then be paid on a pro rata basis for the part of the year actually served.
4. The following conditions must be met by the pastoral charge before its pastor can become eligible for consideration to receive salary supplements from the Equitable Salary Fund.
   (a) The pastoral charge shall have conducted an Every Member Canvas for the local church budget of each of its churches during the previous conference year.
   (b) All apportioned items shall have been paid in full for the previous conference year.
   (c) The charge must have at least 100 members.

   In unusual situations the Commission on Equitable Salary and Clergy Benefits may waive any or all of these conditions.
5. The Commission on Equitable Salary and Clergy Benefits will pay any amount up to ⅓ of the minimum salary as set by the Annual Conference for each applicant according to his/her ministerial classification.

   If any exception under paragraphs 4 or 5 is sought, the request must be endorsed by a ⅔ vote of the Cabinet before it can be considered by the Commission.
6. Persons of the following ministerial relationships are eligible for consideration for salary supplements at the level indicated for 1982, with following years based upon percentages of the average salary of the Conference. The salary supplements, based upon the fixed percentage rate, will change automatically with any changes in the average salary:

	1982	Following Years
(a) Elder, Full Connection	12,000	80%
(b) Associate Member	10,000	66.6%
(c) Full Time Local Pastor	9,000	60%
(d) Probationary Member		
1) Non-Student Living on Charge	10,000	66.6%
2) Student Living on Charge	9,000	60%
3) Student Living Away from Charge	7,000	46.6%
(e) Student Local Pastors		
1) Living on Charge	8,000	53.3%
2) Living Away from Charge	6,000	40%

7. Pastors who are appointed to less than full time service as addressed in the 1980 **Discipline**, paragraph 438.3b shall be eligible to receive salary supplements from the Equitable Salary Fund. The amount of salary supplement for which the pastor is eligible will be determined by the Cabinet's interpretation of time actually spent in pastoring the charge. For example, if the pastor is deemed as serving ¼ of full time his minimum salary eligibility would be ¼ of the minimum of his Conference relationship classification. The categorized ¼, ½, ¾ will be followed in determining less than full time eligibility for salary supplements from the Equitable Salary Fund.
8. Seminary students who are serving pastoral charges and receiving Equitable Salary Supplements, are eligible to receive $2.00 per mile, one way, one time per year, for the distance from the seminary to the pastoral charge. This extra allowance shall be computed by the Commission, and paid in one payment to the seminary student pastor receiving the charge at the

end of the third quarter of the Conference year.

9. Ministers who are not eligible for salary supplements are:
   (a) Those whose appointment is other than pastor of a charge within the Central Texas Conference.
   (b) Those classified as part time local pastors.
   (c) Retired ministers.
   (d) No pastor shall be eligible to receive salary supplements from this fund who has been offered appointments with higher salary, but who persistently prefers for personal reasons to remain in a present appointment.

Committee On Sustentation

Report No. 1

OPERATIONAL PROCEDURE FOR SUSTENTATION
Plan of Operation

1. There shall be a program of sustentation in the Central Texas Conference under the direction and management of the Executive Committee of the Board of Pensions.
   This committee will have charge of and promote all the interests of the Sustentation program and shall be the determining factor in the final approval of any candidate for participation in this program.
2. We recommend that the amount of sustentation granted to an applicant shall be the amount of the current minimum salary.
3. We recommend further that the following shall be eligible for participation:
   1. All ministers of the Central Texas Conference who have been admitted on trial, or have been received into full connection, provided they have not reached the age of voluntary retirement, which is sixty-five (65) years of age.
   2. An approved supply pastor who shall have rendered not less than ten (10) years of full-time approved service as pastor of a charge in the Central Texas Conference.
   3. Any Minister, meeting the above requirements, who is relieved of his pastoral duties and granted a leave of absence from his charge by the Bishop and Cabinet any Conference year for physical or psychological reasons shall be eligible for sustentation for the portion of the year that remains until the next meeting of the Annual Conference.
4. We recommend the following procedure:
   1. The applicant shall make his desire known, in writing, to the Committee on Sustentation.
   2. The applicant must submit to a complete examination of the Clinic of The Harris Hospital in Fort Worth, Texas and the Certificate of Disability must be completed by the examining physician. Emphasis shall be placed upon question number eight (8) of the Certificate of Disability which asks: "Do you unreservedly feel that one year leave of absence would be conducive to restoration of health so that the claimant might continue in an effective ministry?"
   3. In extreme emergencies, the Committee will consider the diagnosis and recommendations of a duly qualified physician, but not the claimant's personal physician.
   4. When the applicant is approved by the Committee, the name of the applicant shall be submitted to the Committee on Conference Relations with a request that a leave of absence be granted for a period of one year. With the approval of the Committee on Conference Relations and the favorable action of the Annual Conference, the applicant shall be eligible for the benefits of this program.
   5. We unreservedly recommend that no person be eligible for sustentation funds for a period exceeding twelve (12) months running consecutively.
   6. All payments shall be made to the claimant monthly.
5. We recommend the following financial plan:
   1. The Committee shall be given authority to draw upon the Operating Reserve Fund of the Central Texas Conference such amounts as are necessary during any given Conference Year to meet the needs of the applicants in accordance with the above suggested practice.
   2. After the amount expended during a Conference Year has been determined, the Committee on Sustentation will make a request to the Council on Finance and Administration for the inclusion of that amount in the Conference Budget for the ensuing year. This procedure will be most practical for there is no way to actually determine the full amount which will be needed in any Conference Year, and if the plan is followed, there will be no possibility of having surplus or deficiencies in the money available for the Sustentation Committee.

Central Texas Conference
Council on Ministries
Fort Worth, Texas

I have examined the Statement of Cash Receipts and Disbursements of the Central Texas Conference Council on Ministries for the year ended December 31, 1981. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as I considered necessary in the circumstances.

As described in Note 1, the Council on Ministries' policy is to prepare this statement on the basis of cash receipts and disbursements; consequently, certain revenue is recognized when received rather than when earned, and certain expenses are recognized when paid rather than when the obligation is incurred. Accordingly, the accompanying financial statement is not intended to present results of operations in conformity with generally accepted accounting principles, since such accounting principles require the accrual of income and expense.

In my opinion, the accompanying Statement of Cash Receipts and Disbursements referred to above, presents fairly the recorded cash receipts and disbursements of the Central Texas Conference Council on Ministries for the year then ended, on the basis described in Note 1, which basis has been applied in a manner consistent with that of the preceding year.

Note 1 —The accounts of the Council on Ministries are maintained entirely on a basis of reported cash receipts and cash disbursements. Members of the Council on Finance and Administration
CENTRAL TEXAS CONFERENCE of the UNITED METHODIST CHURCH
Fort Worth, Texas

I have examined the Summary of Cash Receipts and Disbursements of W. M. Greenwaldt, Secretary-Treasurer, Central Texas Conference of the United Methodist Church, for the year ended December 31, 1981. My examination was made in accordance with generally accepted auditing standards, and accordingly, included such tests of the accounting records and such other procedures as I considered necessary in the circumstances.

As described in Note 1, the Central Texas Conference's policy is to prepare this summary on the basis of cash receipts and disbursements; consequently, certain revenue is recognized when paid rather than when the obligation is incurred. Accordingly, the accompanying financial statement is not intended to present results of operations in conformity with generally accepted accounting principles, since such accounting principles require the accrual of income and expenses.

The Supplementary Information included in this report is presented for information only, since the status of these items are of interest to the readers of this report in conjunction with the various funds to which they are related. However, the scope of my examination was limited to a review on auditing procedures with regard to the Supplementary Information, except to confirm the balances shown.

In my opinion, the accompanying Summary of Cash Receipts and Disbursements referred to above, present fairly the recorded cash receipts and disbursements of the Conference Treasurer for the year then ended, on the basis described in Note 1, which basis has been applied in a manner consistent with that of the preceding year.

THE UNITED METHODIST CHURCH
CENTRAL TEXAS CONFERENCE

To all who shall see these presents, Greetings;
Be it known that

The Reverend Glenn C. Bowman

has been awarded this SPECIAL CITATION for his outstanding contribution to the Central Texas Conference and to the United Methodist Church during the period 1950 — 1982. During this entire 32 years, Glenn Bowman served as Conference Statistician for the Central Texas Conference. His devotion to duty and concern for detail in performance of his duties of annually developing the statistical reports has contributed greatly to the excellence of the Central Texas Conference.

Glenn Bowman also served on the National Division of World Service and Finance for 12 years in a similar manner of excellence. He served as chairperson of a Committee of the Forms and Credentials Division which developed the statistical forms and reports to be used throughout the United Methodist Church upon unification of the former Evangelical United Brethren and The Methodist Church in 1968. Those forms remain in use, virtually unaltered, to this day. Glenn Bowman also served with distinction and achievement on the committee that paved the way for the merger of the former West Texas Conference and the Central Texas Conference.

Be it further known that Glenn C. Bowman has performed all his service as Conference Statistician in the true Wesleyan Spirit of excellence and has exemplified the highest spirit of Christian Service and is hereby declared to be a model for others to follow.

CORRECT NAMES AND ADDRESSES

All personnel of the Conference whose names and addresses must appear in the Journal should always communicate any changes to the Conference Secretary. The only exception to this policy is at the time of ministerial appointment, wherein the new appointee occupies the same address as the previous appointee. Your assistance will insure that both the Conference Secretary and the Conference Office have the accurate addresses and telephone numbers for all persons who are related to the Annual Conference.
