3. Are all charge conference forms completed in Connections?

4. There are multiple church leadership rosters available in Connections: 2025, 2026, and 2027. Which one should my church complete?

Churches must complete the **2027 Church Leadership Roster** in Connections to report their leaders elected at 2026 Charge Conferences. [This online tutorial shows Connections users how to update the 2027 Church Leadership Roster.](#)

7. Can I save a form before I am ready to submit it?

Yes. At the bottom of each charge conference form is the option to “Save and Continue Later”. A signature is required for saving to prevent accidental submission. **All answers will be saved and a link will be sent to the submitter’s email address where the submitter can continue completing the form at a later time.** The email containing the link to the form can be forwarded to others for access/review. Once a form is submitted, the submitter will receive an email with an “Edit” link that can also be forwarded to someone else if necessary.

8. How do I access charge conference forms that have already been submitted?

Both the **submitter** and the **church email address** on file with the conference will receive an emailed copy of the following forms once they have been submitted. **Churches must save the PDF attachment from each form submitted for the church records.**

- Pre-Minutes of the Charge/Church Conference
- Report of the Trustees
- Report of the Finance Committee
- Report of the Pastor
- Pastor’s Continuing Education Report
- Lay Servant Ministries Annual Report/Certification Application
- Annual Report of the Deacon with Primary Appointment to a Local Church
- Retired Member of the Annual Conference Report
- Report of Clergy Member on Leave of Absence
- Parsonage Inspection Report

The following forms are **NOT** automatically sent to the church email address on file with the conference. Once submitted, copies of these forms will be sent to the **clergy email address** and/or the form **submitter**:

- Appointment to an Extension Ministry (**NOTE: It is the responsibility of the clergy serving in extension ministry to provide this report, or a summarized version, to their HTC charge with which they are affiliated.**)

List of Submitted Forms in Connections: Church administrators and clergy with access to the Connections Web Portal will only be able to see which forms have been submitted, the name of the person submitting the form, and when they were submitted. Form contents are not available through Connections. This is why it is important to save the confirmation email sent to the church email address on file.

9. How do we submit names of candidates that have been recommended for certification or continuation of certified candidate status?

Churches whose S/PPRCs have recommended candidates for certification or who continue to support candidates in the process toward licensed/ordained ministry, should list individuals under 18.a or 18.b of the Pre-Minutes of the Charge Conference.

NOTE: Licensed local pastors who are pursuing Course of Study or a graduate degree require an annual recommendation from the S/PPRC of their home charge conference. If the home charge is unable to provide a

recommendation (i.e. due to disaffiliation or from another conference), the S/PPRC of the charge to which they are appointed may provide this recommendation. The licensed local pastor name(s) should be listed on line 18.b for continuation in their process with the district committee on ordained ministry.

10. Where do I find the number of lay members to Annual Conference our charge is assigned?

Each charge is assigned a certain number of lay member(s) to annual conference to elect during charge conference. Districts do not elect “at large” lay members. Please refer to the [Charge Conference Resources](#) page for more information on electing lay members to annual conference. All elected lay members should be recorded in the Church Leadership Roster available through Connections.

11. Where can we find 2027 Apportionment numbers?

2027 Apportionment numbers are almost ready for distribution and should be uploaded to the HTC website by the end of September. Once available, they will be under APPORTIONMENTS, which will be under the RESOURCES tab on the HTC website.

12. Are signatures required on charge conference forms? Will each chair need to sign a “signature page”?

At the bottom of each charge conference form is a space for a digital signature which is required before the form may be submitted. No hard copy checklists or signature pages will be collected at charge conferences; however, all attendees will need to sign-in to record their attendance at charge conferences.

13. What actions should be taken by the charge conference/church council in regard to lay servants seeking certification as Lay Servant, Lay Speaker, or Lay Minister?

Lay servants should be in communication with their pastor about their desire to seek certification. The church council or charge conference must vote annually to recommend a lay servant for certification. The minutes of the charge conference should reflect the recommendation for certification of lay servants. Pastors should share the charge conference forms link so that lay servants may submit their annual LSM report/application.

14. Our church hosts a Boy Scouts of America troop. What is required as part of charge conference to document this relationship?

No reporting for charge conference is required on this matter. HTC Board of Trustees prohibits chartering of Boy Scouts of America groups by local churches. Instead, churches hosting BSA troops must only enter into “facilities use” agreements using [this template](#) pre-approved by the HTC trustees. In addition to the facilities use agreement, churches may enter into a pre-approved “affiliation” agreement with the BSA or local BSA councils using [this template](#) in order to continue to engage with this important organization in our communities. While the conference does not need a copy of these agreements, churches must keep them on file in the church office. Churches can continue to involve scouts in the life of the church through Scouting Sundays and other activities.
