We rejoice in the growth and prosperity of our own Samuel Huston College under the presidency of Prof. J. B. Randolph. We are proud that one hundred of its sons were called to the

colors and were found worthy to bear arms in defense of our country and its ideals.

We realize that the need of Christian education is greater now than ever before and that the destiny of the West Texas Conference is linked with the destiny of Samuel Huston College. Both will rise or fall together. We further realize that the continual raising of educational standard demands more building, greater equipment and a larger and more efficient teaching force, all of which involves a large expenditure of money; therefore Be it resolved, that we pledge our united support to President Randolph, the local Board of Trustees, The Board of Education for Negroes in their efforts to raise the standard of S. H. C. That we pledge our hearty co-operation in securing students and in raising our full apportionment;

Resolution No. 17.

Whereas the San Antonio District Conference of the West Texas Conference during her last sitting, in its most harwide precedents for Methodism, under the guidance of our monious and progressive undertaking, were setting worldmost beloved and impressionable District Superintendent, Rev. T. H. Wyatt, who by motion was empowered to appoint a committee to draft a resolution praying the West Texas Annual Conference to record itself as favoring an increase of more than fifty percent of the small pittance now granted our retired ministers by creating a special fund for the benefit of its own members.

Therefore we the committee beg leave to pray our most honored Bishop and brethren to submit for your further consideration and investigation; first, that it is within the power, authority and jurisdiction of the West Texas Conference to create a special fund for these men whose sacrifices have made it what it is.

Second, that the men giving the best of their lives to any concern should not be retired from this their life's work on less than fifty percent of their last salary next preceeding retirement.

Third, that it is a church necessity, above and aside from our Christian duty, to lead men with power and influence backed with a burning zeal to execute a program for God.

Fourth, that we have a membership of thirteen thousand five hundred (13,500) or more and by tithing five cents each per month we would have six hundred seventy-five dollars

($675) or eight thousand one hundred dollars ($8,100) per year. And should the conference accept and appoint a committee to further investigate the matter with power to recommend to this body: That the vacancies occuring in our pulpits hereafter will find reserves waiting with anxious hearts together with full knowledge of the program of the church and an ardent desire to complete the unfinished work of the fathers.

Report of the Committee on Education

Whereas the public schools of the state are facing a grave situation on account of the shortage of teachers.

Whereas this inadequate shortage is due in large part that a living professional wage is not being paid by schools;

Whereas, deeming next to the religion of Jesus Christ, the light of knowledge best calculated to lessen human woe and to increase human happiness and to make stable the foundation of civil institutions.

And whereas there is increased demand made upon the colleges of the country to supply this shortage in teachers and whereas the buildings and equipment and financial support prevents in a measure our educational plants from doing what might be expected and preventing them from offering larger educational advantages,

And whereas the General Conference has changed the name of the Freedman's Aid Society to that of the Board of Education for Negroes, thereby stabilizing the interests on part of the Negro membership, and encourage us to self government and responsibility, therefore be it

Resolved that we do hereby pledge our unstinted support and renew our fealty to the work of the Board of Education and that we earnestly call upon all school officials, boards of education and even state legislatures to make some provision for better wages in our public schools.

Further resolved that we appeal to our congregations and to the press of our communities to help awaken the public sentiment of the state and community to save the schools by maintaining an adequate force of trained teachers, further let it be understood that as a conference we stand for larger salaries even in our colleges for those who make the sacrifice of teaching.
