NORTH TEXAS ANNUAL CONFERENCE CONFERENCE and DISTRICT AGENCIES

I. Annual Conference Actions

At the Adjourned Session of the 1972 Annual Conference meeting at First United Methodist Church, Dallas, on November 27, 1972, the following conference and district agencies were authorized.

Accordingly, the agencies were constituted on January 1, 1973 and have been functioning. During the May, 1973, Session of the Annual Conference minor adjustments were approved. Those changes have been edited into the following paragraphs.

II. Basic Principles for the Structure of Conference and District Agencies

A. Local churches of the Annual Conference are the points of beginning for Conference and district functions and structures through representation from every charge on the district councils.

B. District councils establish their agencies annually and review the program and projects of their district agencies periodically.

C. Nominating procedures for membership on Conference and district agencies involve responsible lay and clergy participation from every district and culminate in the nomination of Conference agencies leadership from a composite list of suggested names by the Conference Nominating Committee.

D. Membership of district agencies is pyramided to establish analogous Conference agencies with decreased membership on Conference agencies but increased involvement of local church leadership on the district level.

E. The interrelated system of Conference and district structures is designed to accentuate wholeness rather than fragmentation while maintaining a strong support framework for the major elements of the church's mission and ministry.

F. Essential and established functions for mission and ministry beyond the local churches are arranged in more effective groupings to enable Conference and district agencies to move toward the "Goals for the '70's."

G. Conference agencies are clustered in three councils on ministries, six auxiliary commissions, a council on finance and administration with related agencies, and a broadly representative but non-controlling coordinating committee with supporting committees.

III. Recommendations for Conference Agencies

A. The designated functions of the disciplinary Council on Ministries in the North Texas Conference are delegated to the Conference Council on Connectional Ministries, the Conference Council on Local Church Ministries, the Conference Council on Professional Ministries, and the Conference Coordinating Committee. Annually these four agencies will meet jointly to determine that all functions of the Council of Ministries as required by the Discipline are being performed effectively through the three Councils and the Coordinating Committee.

B. The following agencies will be constituted through quadrennial election by the Annual Conference of chairpersons of councils, boards, divisions, commissions, and the Coordinating Committee on nomination by the Conference Nominating

Committee and annual election of members of boards, divisions, and commissions by the several district councils on nomination by the district nominating committees:

1. Conference Council on Connectional Ministries—23
   - Board of Campus Ministries—23
   - Board of Church Development and Community Missions—27

IV. Recommendations for District Agencies

A. District councils will be constituted in each district to establish district agencies, review district programs and projects, and provide channels of communication between the local churches of that district and the Annual Conference.

B. The membership of each district council will be the district superintendent and all persons from the charges of the district officially seated at sessions of the Annual Conference. Lay pastors and consecrated lay workers have the right to vote in district councils.

C. The chairperson of the district council will be a lay member elected by the district council on nomination by the district nominating committee.

D. Following their designation of charge conferences by the clergy who are retired or are serving under special appointment, the total number of lay and clergy members with voting privileges in each district council will be computed. The number of at-large lay members will then be determined for each district council to equalize the number of lay and clergy members with voting privileges. District councils will elect their at-large lay members annually on nominations by their nominating committees.

E. Each district council may determine alternate patterns for seating in its council a lay delegate from each church on circuit charges and granting them fraction votes.

F. Annually a district nominating committee will be elected by each district council composed of three lay and three clergy members with the district superintendent as chairperson to present nominations to all offices which the district council is responsible for electing.

G. Each district council may constitute the following district agencies with membership as indicated:

1. District Board for Local Church Ministries

   District coordinators of program resources (one each)
   - Education
   - Evangelism
   - Missions
   - Social Concerns
   - Stewardship
   - Worship
   - Children
   - Family
   - Youth

   Presidents of district lay groups elected by those groups
   - United Methodist Men
   - United Methodist Women
   - United Methodist Young Adults

   Coordinator of Lay Administration Training

2. District Board of Church Development and Community Missions

   Divisions—four lay and three clergy each
   - Church Assistance
   - Church Location and Building
   - Community Ministries

3. District Board of Interpretation and Promotion

One lay and one clergy representative each
- Advance Specials and UMCOR
- Health and Welfare Ministries
- Higher Education
- Special Offerings and Appeals

One representative for Texas Methodist Foundation

4. District Board of Professional Ministries

One clergy each
- Conference Relations
- Career Assessment
- Lay Pastors
- Preparation and Qualification

One lay and one clergy each
- Continuing Education
- Enlistment
- Lay Workers
- Insurance
- Minimum Salary
- Pensions

5. District Board of Finance and Administration

Composed of district stewards elected by each charge conference on nominations of the district superintendent and district trustees elected by the district stewards.

H. The district superintendent will serve as the chairperson of each of the five district agencies.

I. All District coordinators for local church ministries, all members of district boards of interpretation and promotion, all members of district boards of professional ministries, and all chairpersons of the divisions of district boards of church development and community missions will serve as members of the analogous conference boards.

J. Each district council will elect lay and clergy members to serve on the Conference Board of Campus Ministries and the six Conference Commissions.

K. Membership on district and conference agencies will not be limited to the members of the district councils.

L. District coordinators on the district boards of local church ministries will work in close cooperation with their local church counterparts to initiate and coordinate activities of their designated ministries.

V. A Flexible Framework for Conference and District Agencies

These proposals for structuring Conference and district agencies have been designed to establish a valid framework for responsible decision making, focusing on connectional ministries, local church ministries, and professional ministries. This framework, however, is not intended to be rigid but flexible so that designated agencies can be readily responsive to emerging needs through innovative programming. The extensive use of task forces is expected requiring short-term involvement of many United Methodists throughout North Texas, especially lay persons who are members of administrative boards and councils on ministries.

The framework for the proposed agencies has not been completely detailed in precise blueprints. Rather, the structures, as proposed are guidelines which can set us free to envision images of potentiality. Continuing review and evaluation of the interrelated organizations will be necessary to keep the flexible framework in harmony with expected changes in the future.

VI. Definitions of terms

District Councils

legislative and policy making bodies composed of the district superintendents and all persons from the charges of the district officially seated at sessions of the Annual Conference. Lay pastors and consecrated lay workers have the right to vote in District Councils.

Conference Councils on Ministries

coordinating bodies of board, division, and commission chairpersons responsible for correlation and review of the work of the agencies represented on the councils.

Boards

basic administrative structures composed of board officers and division members responsible for formulation of projects and programs initiated through district agencies or by Annual Conference direction and implemented through appropriate divisions of the boards or task forces constituted by the boards.

Divisions

functioning units to perform continuing designated tasks of the parent boards with membership originating from analogous district agencies.

Sections

groupings of divisions to perform related functions when required.

Commissions

service agencies assisting all district and conference agencies coordinated through the Conference Councils on Ministries.

CONFERENCE AGENCIES REPORTS—1973

COUNCIL ON CONNECTIONAL MINISTRIES

BOARD OF CAMPUS MINISTRIES

The newly organized Board of Campus Ministries determined at its first meeting in January 1973 that it could not accomplish its tasks without visiting all four of the campuses within the North Texas Conference where there are units of campus ministries. Consequently, the Board found it necessary to schedule meetings with leaders of the four units in the Centers on each campus. The campus ministries units related to the Board within the North Texas Conference are:

East Texas State University—Commerce
Midwestern University—Wichita Falls
North Texas State University—Denton
Texas Women's University—Denton

After the four campus visitations the Board decided to create three divisions to carry forward its work. The divisions are:

Division of Programs and Personnel
Division of Promotion
Division of Property

Each division has been exploring its area of responsibility.

The Division of Program and Personnel conducted a pilot Young Adult Laboratory in the Dallas Southwest District in early November, recognizing the interrelatedness of Young Adult Ministries with Campus Ministries. Training of additional laboratory leaders was initiated to expand the pilot laboratory project into all districts as needed.

The Division of Promotion has developed a slide and sound presentation to interpret campus ministries at the two centers in Denton. University students took the pictures, wrote the script, and voiced the commentary with music. The presentation is available for use in district and local church meetings.

The Division of Property has undertaken the project of taking inventory of all real estate, buildings, equipment, and furnishings in the four Centers. Transfers of titles and deeds to the Conference Trustees are also being completed.

The Board's main problem continues to be in financing campus ministries at a more efficient and effective level. Because of the increase in payments of the Campus Ministries apportionments in 1973 of more than $8,000, the deficit incurred in 1972 has been covered. But more than $20,000 in 1973 apportionments were not paid. Hence, it has been impossible to expand our campus ministries. In fact, with inflation eating up purchasing power, we are not even staying even. We look forward for full payment of the 1974 apportionment as our only hope to expand the ministries of our church on the campuses within the North Texas Conference.

Division of Church Extension

Methodist Board of Church Extension of Greater Dallas had an exciting and meaningful 1973. In January, through joint effort of Church Extension with the four Dallas district superintendents, St. Luke United Methodist Church (South Dallas) was able to purchase the Owenwood United Methodist Church facilities for relocation.

In March Church Extension joined with Wesley United Methodist Church, McKinney on a grant/loan basis to purchase a site for relocation. The congregation will move to the west side of U.S. Highway 75 to a site on F.M. Road 3038 where extensive residential development is taking place and planned for the future.

In April Church Extension purchased land adjoining Argyle United Methodist Church for future expansion of the Argyle congregation. This support was through a small grant and the balance as a loan to be repaid in three years.

In June a site was sold on Pioneer Road, Balch Springs that was purchased by the Board of Extension in 1965. It is felt that this will not be needed due to lack of anticipated growth in the area.

In September a site on Josey Lane, Carrollton was sold. The site was purchased in 1965. The proceeds from this sale will be used to purchase a site farther north on Josey Lane in the Woodlake Addition, Section 4 under development. The new site is considered a better location than the one purchased in 1965.

In September Church Extension agreed to assist Christ United Methodist Church, Plano (a new congregation constituted September 16 with 148 members) in building a permanent unit on a site purchased by Church Extension in 1972. This support will be along the same lines as that given Buckingham United Methodist Church, Garland.

In October the demountable building used to start New World United Methodist Church, Garland, was moved to a site purchased in Heath by Church Extension in 1970. The Heath congregation will relocate and occupy the demountable building and serve a rapidly growing area near Lake Ray Hubbard between Forney and Rockwall.

At The Annual Meeting of Church Extension held in October a proposal was presented to merge the Methodist Board of Church Extension of Greater Dallas into the structure of the Conference Board of Church Development and Community Missions. The proposal was a culmination of the efforts of two TASK FORCES assigned to this project a year ago, one from the Methodist Board of Church Extension, and the other from the Conference Board of Church Development and Community Missions. The proposal was approved by the directors of Church Extension and the Conference Council on Connectional Ministries and adopted without dissent by those in attendance at the Annual Meeting. Also, a resolution was adopted at the same meeting changing the name of the Corporation to North Texas Conference Division of Church Extension of The United Methodist Church and changing its area of operation Conference wide. Beginning January 1, 1974, the Corporation will begin operation under the new name and the new structure. The directory board for 1974 consists of thirty members, ten are named by the Conference, seven are named by the district nominating committees, twelve elected upon nomination at the Annual Meeting and one as past president of the Corporation.

Future plans include survey of needs on a Conference wide basis, continuing to purchase sites for new congregations, expansion of existing churches, and relocations.

Division of Community Ministries

The Division of Community Ministries seeks to be a viable instrument of Christian service to North Texas Conference Church Communities. Its basic purpose is to bring together the community of man at both resource and receiver levels. Our North Texas Churches, with their sincere concern for mission, have responded by providing much needed opportuni-

ties and resources for ministries in many directions. The future appears to be even more optimistic.

The past Conference years represented a struggle to more deeply engage in an extended ministry into communities of the North Texas Conference. It was a time when we made a determined effort to establish priorities and effect a vital relationship with the neglected and the needy. Our Conference has responded with an involvement of programatic and financial assistance, thus providing a supportive role to those who are recipients as well as those who are the instruments of service and ministry. This is the Church at work and in service in a variety of ways by which God's spirit and love is made manifest to us all.

The Division of Community Ministries shall continue to keep the New North Texas Conference informed of the progress of all approved projects and will further encourage our local churches to become more involved, making it possible for essential programs to continue. Volunteer service, budget support and assistance in developing new projects have been invaluable aids in this process of community ministry. This is necessary if the whole person is to be ministered to by the Church, which is our chief force of reconciliation and love in proclaiming and doing the work of Christ.

It must be encouraging to our participating churches that their support has brought a much needed ministry of hope beyond our traditional institutional boundaries. Our Conference is to be commended for having approved the following Community Ministry projects as Conference Advance Specials: Bethlehem Center, Wesley-Rankin Centers, Warren Day Care Center, Contact Teleministries, East Dallas Self Help Cooperative Ministry, Maple Lawn Apartment Ministry, Westerfeld Community Church, Dallas Indian United Methodist Church, Methodism's Breadbasket and Emergency Aid (formerly Inner City Parish), Aldersgate Multi-racial and Child Care Ministries, Dallas Inter-Tribal Indian Center, Office of Mexican-American Ministries, Lambuth Day Care Center, St. Luke Kindergarten, Mary King Youth Program, Wichita Falls District Projects (including community service projects, youth projects, bus ministry, transportation services); Clarksville Day Care Center, Haven Chapel St. James Parish of the Sherman-McKinney District . . . programs of adult education Electra Meals-on-Wheels (Wichita Falls District) and others to be named.

Other major projects and their ministry concerns can be found in the following list:

Methodism's Breadbasket and Emergency Aid—A ministry providing emergency special foods and emergency services when otherwise unavailable. Help areas include jobs, clothing, college scholarships, medical, counseling, emergency loans, shoes and extended casework with families and individuals.

Bethlehem Center—A multi-social service center offering programs such as emergency aid, tutorial projects and general community activities.

Warren Day Care Center—A full time child care ministry especially for persons working and those just beginning employment.

Wesley-Rankin Center—A multi-social service center offering programs for all age groups, including day care.

Contact Teleministries—An emergency twenty-four hour telephone ministry dealing with persons with deep personal problems and persons needing someone to listen and care. Face to face counseling possible when needed.

East Dallas Self Help Ministry—A ministry designed to assist persons in securing help from other social agencies and of becoming self supporting following personal difficulties.

Horas Alegras Kindergarten—A preschool training program serving children who speak little or no English. Special emphasis is upon language skills and preschool fundamentals.

Mary King Youth Program—A ministry to youth providing recreational and educational enrichment activities including tutoring and summer camps.

Maple Lawn Apartment Ministry—A ministry to single parent families with children providing full time child care, religious services and housing.

Westerfeld Community Church—A local church ministry relating the Church to the community on a non-traditional church basis but continuing with traditional church ministries.

Dallas Indian United Methodist Church—A local church ministry relating to the needs of the urbanized Indian. Special emphasis is upon development of a dental clinic.

Specialized Ministries to Mexican Americans—Some of these special ministries are carried on in Mesquite, Dallas (Munger, Tyler St., Grace, St. John) and other Metro Dallas areas in an effort to meet community needs of local groups. (Carried out through Inter-Conference Office of Mexican American Ministries)

Clarksville Day Care Center—A preschool ministry emphasizing fundamentals of preschool development and language skills.

St. Luke Kindergarten, Youth and Community Programs—A local Church Ministry fostering church-community services, preschool training and interracial activities.

Aldersgate Multi-Racial and Child Care Ministry—A ministry providing an uninterrupted family life style through ministry to the total needs (social services and spiritual) of the families served. Includes day care and a private school; before and after school care with focus upon single parent families.

Wichita Falls Bus Ministry—A ministry of transportation services to senior citizens and all persons who need help in securing services from other established social agencies.

Wichita Falls Youth Ministry—A program designed to deal with special activities of youth on a community sharing basis. (projected)

Lambuth Day Care Center—A ministry of full time child care for working parents with provisions for after school care of other children.

Dallas Inter-Tribal Indian Center—A ministry of social, family, medical, and employment services to Indians. Special emphasis is upon ministry to the total family and total needs of the individual.

Electra Meals on Wheels—(Wichita Falls District) An ecumenical ministry providing hot meals to the shut-in and sick, emphasis is with senior citizens and the disabled.

Haven Chapel—St. James Parish (Sherman-McKinney District)—A community ministry dealing with adult education and the improvement of job skills. Projections include day care and youth ministries.
Ministry to Senior Citizens—Special involvement and leadership currently provided by Elmwood and First Church, Lancaster United Methodist Churches.

THE BOARD OF INTERPRETATION AND PROMOTION

The work of this board is done largely through the five divisions. A report from each of these division chairpersons follows.

Division of Advance Specials and UMCOR

In the several meetings which our Division has held this year, emphasis upon education, information, and cultivation of the churches within the Conference has been of primary importance. At the initial meeting, our Division set up certain goals, and this report will reflect some results of them.

During this year, all approved Advance Specials which have been considered by the Annual Conference have been channeled through this Division for assistance in promotion. The Conference page of The Texas Methodist has been used for such promotion, and District Coordinators of Missions have shared these needs in their own Districts.

All missionaries here on leave or furlough have been utilized in filling speaking engagements, serving as resource persons in District training events, and in doing a great amount of interpretation on the mission of the church. Groups of missionaries have met in some Districts with pastors for dialogue on the scope of missions. Bishop W. McFerrin Stowe and his Cabinet have enabled missionaries on leave and furlough to share in a Cabinet session on this same subject. Lists of mission interpreters have appeared in our Conference page, and much effort has been put forth on underwriting missionary support.

Bishop W. McFerrin Stowe, in a pastoral letter to all churches in this Conference, has urged full support of all missionaries related to, or assigned to our Conference. In the latest report from the Conference Treasurer, some $60,895.00 has been given in 1973 for Missionary Support. An additional amount of some $14,536.00 was given for Work, Equipment, Scholarships, etc., through our General Advance Specials. We are very appreciative of the efforts of Bishop Stowe, and all pastors and leaders in the local churches for this response. However, we must note that our Conference still lacks some $18,000.00 in order to fully underwrite our assigned missionaries.

District Teams are being set up to help to promote General Advance Specials in all our Districts. As new Advance Specials are accepted by our churches, we will list them in our Conference page of The Texas Methodist. This, plus the brochure which is now being completed, and which lists our total mission involvements, World, National, Conference, and community work, will assist us in challenging our churches to be in mission.

The North Texas Conference goals for the three projects of the National Division, which are partially or totally supported by our Jurisdiction are:

		1973 Giving
Rio Grande Conference	$14,000.00	$6,835.00
Lydia Patterson Institute	9,000.00	8,140.00
Oklahoma Indian Missionary Conference	10,000.00	9,265.00

It is obvious that we still need to do more work in these areas of support, in order to reach our goals which have been set. As we are in partnership with persons in these three emphases, we realize how much our lives are enriched by such sharing. We pray that this coming year will enable our churches to share in an even wider manner in service to God.

Finally, our response to emergency needs through U.M.C.O.R. has sent $8,563.00 to aid others. In addition, an amount of $8,824.15 was given by our churches for the "One Great Hour of Sharing", to meet needs around the world. We thank you for this response.

May we remind all our churches that *every penny* given for Advance Specials goes to the project, program, or person so designated. No administrative costs are taken out. Thus, this voluntary, "Second-Mile Giving", enables us to amplify the basic mission support of our World Service, and the Woman's Pledge to Missions through the United Methodist Women. We look forward to a new year of service, as we follow the leading of God in mission.

Division of Higher Education

The combined apportionments for 1973 Texas Methodist Colleges and Black College Fund were set at $271,052.00. As of October 31, 1973, the two funds had received only $76,837.68 or 28 1/3% of the total apportionments.

The Division of Higher Education contacted each pastor and finance chairman in the North Texas Conference by mail with an urgent appeal to raise as much of the proposed apportionments as possible. The churches met their responsibility, and by the year's end had paid a total of $173,411.54 or 64% of the apportionments. This is an increase of $35,000.00 over the year 1972 and $15,000.00 over the year 1971. Even though the goal of 100% paid on the apportionments was not attained, 1973 was a very good year for the Texas Methodist Colleges and Black College Fund.

Division of Health and Welfare Ministries

This Division is continuing under the same basic aims of concern for the sick, the needy, the outcast, and the underprivileged. We continue to see our role, as does the General Board of Health and Welfare Ministries, as organized into two sections: 1) on Agency Ministries and 2) on Church

Program. We consider our responsibilities as:

"1. An overall *responsibility* to all United Methodist Church-related health and welfare agencies (presently operating and future)
2. A *developer* of services that will meet the need apparent across the entire annual conference area
3. A *sensitizer* of concern among the United Methodist people for ministries in the range of Health and Welfare
4. An *activator* of programs of involvement which provide Health and Welfare services
5. A *trainer* through workshops for persons entering into these action programs."

Within the new structure of North Texas Conference this Division is becoming aware of the need to work more closely with the Local Church Representatives of Health and Welfare to help them find direction within their local churches for programs of outreach and action in health and welfare services. Many fine programs of this nature have been progressing very well and this Division will stand ready to assist in whatever way they can.

We are also directly concerned with more understanding of the services of the four agencies: Methodist Hospital of Dallas; C. C. Young Memorial Home (which includes Blanton Gardens); Methodist Home at Waco; and Methodist Mission Home of Texas, San Antonio. Each of these agencies have had special dates for recognition in the local churches and an opportunity to help laypersons become better informed. We trust that with a good working relationship between pastors and their Local Representatives of Health and Welfare that we can accomplish this more fully.

For these agencies during 1973 these significant milestones took place:

Methodist Hospital of Dallas—
Adopted new By-Laws
Broke ground for a suburban facility at Wheatland and Westmoreland (Annual Conference approved for the second year a $75,000.00 apportionment toward this facility)

C. C. Young Memorial Home—
Rev. Julian Thomas was added to the staff as Assistant Administrator

Methodist Home at Waco—
Merged Methodist Home Foundation with The Methodist Home and adopted new By-Laws

Methodist Mission Home of Texas—
Rev. Harold Burkhardt became new administrator on June 1, 1973.
A new service is being added for the deaf (Southwest Center for the Deaf)—this will be in addition to the ministry for the unwed mother.

As we work within the new structure of our Conference we hope to approach our responsibilities with the challenge that is ours at this changing time and appeal for fresh, different, and creative ways to show our love and concern for children, youth and aging, as well as the sick and indigent, in whatever ways will best meet their needs to make life fulfilling.

Division of Special Offerings and Appeals

The Division of Special Offerings and Appeals has the responsibility of strengthening the entire benevolence program of the church. Most benevolent causes are supported either through budget apportionments and goals, Advance Specials or with special days set aside for their observances. This Division sees its task through the District Clergy and Lay Representatives, to encourage each "LOCAL" church not to be LOCAL but to be GLOBAL in its concern. Therefore, the church can meet its apportionments and PAY-OUT; support its Advance Specials that personalize their giving; and through special offerings go—not only the second mile—but the third.

Most special offerings have their own supporting division, but in some cases this division is the only one to encourage support. In events of special appeals not already designated, this division will encourage them to the Pastors and Laity. The Pastor should return his order blanks immediately upon receipt for the bulletin inserts and brochures and envelopes for special offerings.

Encouragement then is our task. We encourage the individual congregation to pay out all its Apportionments; for all churches to have at least one Advance Special; and to take the Special Offerings on the day designated. Proper credit is given when these monies go through the Conference Treasurer. One of the goals would be that each church have no blank spaces in their Financial report to the Annual Conference.

To Summarize:

1. Our division is responsible to encourage all Special Offerings and Appeals.
2. We must make sure that all special days, such as Human Relations Day, One Great Hour of Sharing, World-wide Communion, and others, have support even though they do not have a supporting division in the Annual Conference.
3. When there are special crises in the World and in the Church, and when the Council on Bishops, or Board of Global Ministries request special offerings, we stand ready to promote and cultivate the appeal for response from every church.
4. Our best method of promotion and appeal will be: a. use the special offering envelopes and brochures from agency making appeal; b. use of Annual Conference Mid-Monthly Mailing from our Conference Council office; and c. through special bulletins and news releases in the United Texas Methodist.

Division of Texas Methodist Foundation

The purpose of the Texas Methodist Foundation is Fund Management. It is an investment-service corporation operated by and for the Methodist Church in Texas through elected trustees in behalf of its agencies, boards, institutions and churches.

The Foundation generally receives funds in two ways: (1) those placed with the Foundation for investment purposes by the church and its agencies; for example, local church funds, special purpose funds, board and agency funds and other industrial funds; (2) cash and properties from

wills, trusts, etc. which are received by the church and/or its agencies and are placed with the foundation for short-term, long-term or perpetual handling.

The Foundation seeks to work with leaders in the church, pastors, lawyers, trust officers of banks, life underwriters, accountants and individuals who have the best interest of the church and its future financial needs at heart. It has sponsored district Estate Planning Seminars throughout the state that have been well attended and beneficial.

The Foundation, as an official agency of the Methodist Church, invites inquiries. Dr. Donald R. Redmond is the Executive Director and Howard E. Taylor is the Conference Representative.

COUNCIL ON LOCAL CHURCH MINISTRIES

The Council on Local Church Ministries is comprised of two boards: The Board of Program Resources which has nine divisions and The Board of Lay Groups which has four divisions.

During 1973 the Council received a proposal for establishing a Conference Resource System. The proposal became a reality and during November and December The Conference Resource Center began operating as a service of the Conference Councils office. A copy of the paper which was used to establish the Conference Resource System is available from the Conference Councils office. The major changes which the Conference Resource Systems brought into being are as follows: Creation of a Conference Resource Committee chaired by Ben Oliphint; establishment of the Conference Resource Center; a local church membership plan making it possible for a local church to be a member of the Resource System and to use loan materials without cost after paying a membership fee; and a resource catalog listing items in the Conference Resource Center.

Another project of the Council that included the work of division in both boards was the Annual Christian Citizenship Seminar. The 1973 Seminar made it possible for fifty youth and adults to visit Washington, D.C. and New York City to explore national and world concerns. The 1974 Seminar plans were made during 1973. The maximum number of fifty registration was again reached.

A major budgetary change was made during the year which effected the disbursement of the 1974 monies. Of the $30,000 requested and received by the Council for 1974, $17,500 was designated to be made available to the seven district boards of local church ministries. This procedure of making what had been conference level funds available at the district level will be evaluated during 1974. The remaining $12,500 was allocated for Council agencies administrative expenses, Conference Resource Center, Board of Program Resources—Section A, Board of Program Resources—Section B, and Board

BOARD OF PROGRAM RESOURCES Section A.

Section—A of the Board of Program Resources is made up of the six divisions that have primary responsibility for adult ministries. The divisions are education, evangelism, missions, social concerns, stewardship, and worship. Although much of 1973 was given to working out our identity in the new structure there were events, emphasis and plans that should be noted.

In January the district coordinators participated in the district workshops for local church leaders making important contacts with their local church counterparts. Throughout the year and particularly during the last quarter of the year each division made some funds available for adding new items to the Conference Resource Center.

Reports from the Division are as follows:

Education

During the Spring of 1973 our division set up consultation across the Conference dealing with Adult Studies. Using the new curriculum "Our Living Bible Series" as a beginning place all United Methodist printed curriculum options were given an overview in the consultations. Over 400 teachers and adult leaders participated in the five consultations led by the division member and Conference Councils staff.

Our division cooperated with The North Texas Christian Communications Council in getting the Bauman telecast of "New Life in the New Testament" aired over WFAA-TV in Dallas.

Evangelism

On March 29, 1973 the Division of Evangelism sponsored a Conference-wide Workshop on Ways of Witnessing. The workshop focused on personal and social witness. Archie PARRISH of Florida, George Hunter and Marvin Judy of Perkins School of Theology and John Tatum provided the leadership. Although attendance was only seventy people much help was received through the helpful suggestions made by the leaders.

During the summer two division members John Shulder, and Albert Pitts attended a workshop on evangelism in Nashville, Tennessee. The division also made expense money available so that the chairman could attend in Consultation on the Black Church, held in Atlanta, Georgia in November.

A major project of the division was to sponsor a booth at the 1973 State Fair of Texas. James Dean headed this project. Several thousand copies of the scriptures were given away to fair goers.

Missions

The Missions Division has seen its major responsibility that of interpreting mission and enabling the cultivation of a vital program of missions in the conference. Two task forces are working on events designed to carry out this responsibility: 1) "Why Mission Today?"—an experience in mission, to be held in the fall of 1974. Dr. Donald Struchen, of the General Board of Global Ministries, will assist in the leadership of this meeting in which participants will be actively involved in mission work in the city of Dallas. 2) A cooperative School of Christian Mission to be held in conjunction with the United Methodist Women.

Three members of the Division have attended "Why Mission Today?" seminars, Don Youngblood and Dale Swain in Pittsburgh and Ed Blythe in Denver.

The chairperson of the Division has worked with the Conference Resource Committee to provide adequate resources in missions and with other mission leaders of the conference to prepare a leaflet on mission emphases for the quadrennium.

Social Concerns

The Division of Social Concerns devoted its initial efforts to organizing under the new structure. Being composed of only a Chairman and seven district coordinators, it was decided to work by Task Forces, recruiting able and interested people for specific tasks, aided by one district coordinator working in liaison with each Task Force.

The First Task Force established was a Half-Way House Task Force chaired by Mr. Woodfin Henderson, an attorney. (Liaison: Harold Boehning) The purpose of the Half-Way House was to aid the reentry into society of State ex-convicts and/or parolees to reduce the recidivism rate. Progress on the Half-Way House, named The Wayback, consists of obtaining funding, opening a bank account, incorporating the organization, recruiting a Board of Directors, and constructing a schedule of action. An Executive Director is being sought, a committee is looking for a site for the house, and it is projected that the first resident will enter the house around March 1st. Start up funding is assured. Subsequent maintenance funding will be raised on appeal, and to date the response from various local churches has been gratifying.

The Division was instructed by the Annual Conference to establish a Task Force for the consideration of Amnesty and related matters. The Division recruited a blue ribbon Task Force for this sensitive matter, chaired by Judge Spencer Carver. (Liaison: Dr. Robert Pinckney). The Task Force has submitted a draft of a detailed examination of the subject to the Division. Using this examination, the Division will issue a comprehensive report to the Annual Conference.

A Task Force on Abortion was organized with Professor Albert Outler as initial Chairman and Rev. Barry Bailey as his successor (Liaison: Rev. Henry Stevenson). The Task Force is considering the moral, ethical, and spiritual implications of Abortion in the light of the new legal situation. An attempt will be made to present precepts and findings to aid concerned individuals in confronting this issue.

A Task Force on Ecology is being organized, chaired by Dr. George Crawford. (Liaison: Rev. James William Morgan) Top priority is being given to a recycling plan.

A Task Force on Drug Abuse is in the formative stage, chaired by Rev. William Matthews. (Liaison: Rev. Woody Poore).

A Task Force on Racial Tensions is in the recruitment stage. (Liaison: Judge Clarence Guittard)

Operating under a mandate from the 1972 Annual Conference, the Division staged a seminar on the Statement of Social Principles on September 28th and 29th. A prestigious panel of speakers presented a comprehensive and thought provoking analysis of the Statement. Discussion groups then lent lively debate after each presentation. The panel was graced by the participation of the Executive Secretary of the Board of Church and Society, Dr. Dudley Ward. It was generally agreed that the Statement was deserving of improvement. Dr. Ward maintained that it was an open-ended document and that the Board of Church and Society was receptive to the revision.

The Division is examining the action by the Board of Church and Society at their recent meeting, referred to as the Impeachment Resolution. An analysis of that action is being written and will be forwarded to the Board of Church and Society as well as made available to the members of the North Texas Conference.

Lack of communication at the local church and conference level prompted the division to establish a newsletter this year. Circulated to the workarea chairperson of social concerns in each church in the conference, the newsletter, named PERSPECTIVES is under the able direction of Dr. Robert Pinckney.

Now that the Division has fairly well accommodated to the new structure, it is anticipated that 1974 can be fully devoted to productivity.

Worship

The Division of Worship undertook its responsibility of assisting with the planning of worship for the Annual Conference session with much seriousness and enthusiasm. Prayer Breakfasts were initiated, which gave Conference members the opportunity to begin the day with a light breakfast with others and to have some moments of inspiration and prayer. The evening worship experiences were planned in anticipation of giving some excitement and meaning to Annual Conference Worship.

During the year plans were begun to publish A Manual on Worship for local churches in the North Texas Conference. Twice during the year we compiled resource listing which was made available to local churches through the mid-monthly mailings. The very favorable response to these mailings brought about the idea and plan to put together a manual for local churches.

BOARD OF PROGRAM RESOURCES Section B

MINISTRIES

Children's, Youth and Family Ministries

A four-fold emphasis of ministry within the conference divisions of children's, youth and family ministries during 1973 has produced big results.

The first emphasis is the camping program. The settings for these events was literally, Texoma, Bridgeport, the world. Covering a wide range of interests, the program sought to involve as many persons as possible. Last year, a total of 1743 children, youth and adults were a part of some camping experience whether it was the usual summer events, the quarterly retreats for youth and their sponsors, the choir camp, the Christian

Citizenship Seminar, or the trips to such places as Colorado, New Mexico, Oklahoma, Arkansas or the southwestern part of Texas.

During 1973, seven elementary, six junior high and three mid-senior high camps were held at either the Bridgeport or the Texoma Conference Center. In addition, two pioneer trips for mid-high youth, a senior high trip, a trail hike for young adults, and inter-generational canoe trip were sponsored by the three divisions. A elementary children's choir camp was held for the first time and met with much success.

Nor does this include the four quarterly events for youth and their sponsors, which were based loosely on the theme of Kay '73 under the general heading of CLUE ("Christian Leadership, Understanding and Enjoyment"). Bible study, sharing groups, and creative evangelism were all important to these weekends. Midwinter Institute, the first of the four, was held the first and third weekends in February. Its theme, "Acts Alive!" sought to explore biblical images and early forms of Christian worship as recorded in the New Testament book, The Acts of the Apostles. Patsy Quested and Billy Boyd Smith served as deans for the two weekends.

Spring Training, under the leadership of Jim Brown, sought to show the local church how to use drama in communicating the Gospel. The theme, "Acting Out the Word", was given some very expert help by the Covenant Players of Dallas.

Leadership skills on both personal and group basis, with some emphasis on recreation, was the idea for John Flynn's "Leaders as Servants" in the Summer Retreat. The weekend taught the youth what it meant to accomplish a task from start to finish, how to develop a program that really "turns on " a youth group, some skills and how worship can indeed be the very place where we learn what it is to be a servant-leader.

"Kergygma—The Electronic Word" was the title of Fall Roundup's media workshop. Under dean Nancy Love, the event was designed to show the youth how to communicate the Gospel in all forms of media and how to sharpen their skills in its successful employment.

The Christian Citizenship Seminar which took fifty youth and adults to Washington, D.C. and New York City was a highlight of the year.

Leadership development, too, is a constant factor in the ministries of these this section of the Board of Local Church Ministries. A workshop for Teachers of Young Children, held in March at the Bridgeport Conference Center, dealt with professional and personal growth. Elementary teachers experienced a similar weekend in September which helped them to sharpen their skills in planning and teaching by use of a "mini-lab".

Also, a coaching conference to assist in the certification of new leaders was jointly sponsored by the Divisions of Children's and Youth Ministries. Ten persons in the various age levels of children's work are presently working toward certification. A total of 219 persons were registered in the three leadership development schools.

Preparation for Vacation Church Schools was greatly assisted during 1973 by a director's workshop and six teach workshops held throughout the conference.

Resources, and equipment of various sorts, too, play a big part in how well we get the task of communicating the Gospel. During 1973, the following were purchased for use by the North Texas Conference:

Films:
"What Do You Think?"
"I Think"
"Hello Up There"
"Teaching & Learning Series: Grades 3-4"
"Teaching & Learning Series: Grades 5-6"
"Teaching & Learning Series: Grades 7-8"

Filmstrip: "Eye"

Printed Resources:
Public Affairs Pamphlets
"Parents With Teenagers"
Children Are Centers for Understanding Media
subscriptions to **Risk** and **Ideas**

Cassette Series: Young Culture Lifetime

Equipment:
4 tents, tent and framecases
telescope
simulation games

Current Projects are those items which are on a continuing basis. Two such items are of particular importance. The Youth Service Fund is the mission arm of youth work. Seventy percent of the money raised is returned to this annual conference for projects designated by the youth. During 1973, the youth council spent the following amounts:

$ 375	American Indian work, Dallas for the establishment of a dental clinic
562	scholarships to conference-sponsored events
562	Literacy program, Mozambique
$1499	

Also a task force in Children's Ministry is developing a second-year camp curriculum. The topic, "Jesus Christ, the Gang and Me" will focus on New Testament teachings and their application to the Christian life.

Plans for 1974 include the following:

1. A lab school for Teachers of Children will be held July 30-31 and August 1, 1974 at Highland Park, Dallas.
2. Family Ministries plans a Family Enrichment Weekend for Fall, 1974, to be held at the Texoma Conference Center and a workshop in each district to acquaint local churches with the service agencies and their programs. Included will be repersons from Al Anon, Big Brothers, Parents Without Partners, Suicide Prevention, drug abuse and family counselling.
3. The Family Ministries Division will sponsor seminars for District Coordinators to help parents in planning Advent and Lenten worship.
4. Youth Ministries will sponsor three Mid-Winter Institutes during February 1974 in hopes of meeting the large groups of young per-

sons the event has brought in recent years. Also, new for 1974 are a weekend similar to Mid-Winter for Jr. Highs in April and a third trip for the same age level going to Southwest Texas called a Texas Safari.

BOARD OF LAY GROUPS

The North Texas Annual Conference met November 27, 1972 in an Adjourned Session and adopted a new structure for the conference. Three Conference Councils came into being. These were 1. Conference Council on Connectional Ministries, 2. Conference Council on Local Church Ministries, 3. Conference Council on Professional Ministries. The laity program was established under the Conference Council on Local Church Ministries with two boards which are the Board of Program Resources and the Board of Lay Groups.

The Board of Lay Groups functions with four divisions; Division of Lay Administration headed by Dr. George Boswell, Division of United Methodist Men, President, Mr. Clay Cheek, Division of United Methodist Women, President, Mrs. Mattie Tanner, Division of United Methodist Young Adults, President, Miss Nancy Love. The Conference Lay Leader chairs this Board of Lay Groups.

The Council on Local Church Ministries, the Conference Coordinating Committee, and the Board of Lay Groups met regularly during 1973.

The Conference Lay Leader served on the Annual Conference Agenda Committee for 1973, the Annual Conference Nominating Committee along with the Cabinet for 1973, the Conference District Boundaries Committee, represented the North Texas Laity on the Bishop's Area Committee relating to job description for the Administrative Assistant to the Bishop, the Area Task Force on "Images of the Future", and chaired a committee relating to the local church and the District Superintendent.

Other boards whereby the Conference Lay Leader represents the laity, are the Texas Methodist Foundation, the Conference Board of Church Development and Community Mission, the North Texas Conference Federal Credit Union, the C.C. Young Home, and chairs the North Texas Conference Perkins Lay Advisory Council, Southern Methodist University.

Leo Baker and Frank W. Greenhaw represented the Conference at the National Association of Conference Lay Leaders held in March, 1973, in Kansas City, Missouri.

The Paris-Sulphur Springs District and the Wichita Falls District held Lay-Clergy rallies in 1973 with Bishop Stowe as the speaker to each district meeting. Both were well attended and very successful.

Members of the North Texas Conference delegation to the first United Methodist Conference of the Laity, meeting at Purdue University West Lafayette, Indiana, July 13-15, were Francis and Bob Nichols, Chisholm; E. C. Ransom, Dallas; John H. Conner, Garland; and Frank W. Greenhaw, Mesquite.

On May 5, 1973 the North Texas Conference Women's Society of Christian Service and the Wesleyan Service Guild became the United Methodist Women. The Conference meeting was held at Lovers Lane United Methodist Church, Dallas, Texas. By the end of 1973 all districts and local congregations had celebrated the birth of the new organization of United Methodist Women.

Mrs. Guy Tanner, president, North Texas Conference United Methodist Women, reported that "All of this activity did not prevent our carrying

on the every-day business of fulfilling our Purpose by attending the Regional School of Christian Mission in Mount Sequoyah, holding our own Conference School of Christian Mission and our Mission Weekend, holding workshops, Seminars, planning enrichment weekends, etc., in addition reaching out to educate, evangelize and support programs designed to help us carry out our mission to feed the hungry, clothe the naked, comfort the bereaved, as set forth in our Purpose and Goals, that we might truly be in Mission".

Mr. Clay Cheek, president, North Texas Conference of United Methodist Men, represented the United Methodist Men on the Board of Lay Groups. In October, 1973, a meeting was held for district leaders of United Methodist Men at First United Methodist Church, Mesquite, Texas.

United Methodist Men are sponsoring the Conference Laymen's Retreat for Men, to be held at Lake Bridgeport.

Miss Nancy Love, president, North Texas Conference Young Adults, has served on the Board of Lay Groups representing the young adults of the Conference.

The Division of Lay Administration Training was organized in 1973 and commenced its work. The personnel comprising this division consists of the representative from each district in the Conference elected by the District Councils. The division has met on two different occasions during 1973 for all day workshops for discussion and planning of activities centered mainly around the in-depth study and understanding of the new guidelines for the various boards and committees of the local church included in the division of lay administration. The workshops were very fruitful and the various district representatives were dispersed back through the Conference in their local districts for availability in assisting in the local churches in the training of administrative personnel, or as resource persons in local churches with problems in these areas.

During the church year of 1973, the Division of Lay Administration Training joined with the Commission on Leadership Development of the Conference in an extended study of lay training generally throughout the Conference and in the planning of a training event to be held by districts throughout the Conference in the early part of January, 1974, combining for the first time the all-day training events for both lay administrative personnel and program personnel of the local church, represented by the Council on Ministries. During these training events, the relationships of these two very important facets of local church ministry were presented at length with additional assistance to local church structures, etc.

Dr. George M. Boswell, Jr., chairman of the Division of Lay Administration Training, reports that "With the institution of new district lines in 1974, there will be some necessitated alteration of personnel and structure of this division but it is looking forward to a continued participation in this very important area of local church ministries throughout the quadrenium".

COUNCIL ON PROFESSIONAL MINISTRIES

BOARD OF PROFESSIONAL GROWTH

Our year has been a mixture of organizing, learning responsibilities, reorganizing, and getting on with it. It has been a sort of "It's 1973—where are we?". Let's be determined that "It's 1974—we'll do more!"

The three Divisions of the Board have found much that needed to be done. The capable leadership of the three chairpersons—Don Benton, John Roberson, and John Taylor—have helped us move into responsibilities with decision and purpose.

The ministers of the conference plus their spouses have all had the opportunity to fill out the Bi-Polar Inventories and to attend a Bi-Polar Seminar. Some 50% have participated so far. It was voted to extend this program into 1974 in order to reach more persons. This has been the major project of the Division of Career Assessment.

This Division has also initiated conversations with its counterpart in the Central Texas Conference to prepare and recommend an evaluation procedure to help the professional ministry personnel of our conference in evaluating their ministry and setting goals for continued growth.

The Division of Enlistment shared in the Bishop's Conference on the Ministry. After the conference it was agreed that the future conferences would better serve if each annual conference held its own conference. This recommendation was studied and approved. Through Bishop Stowe's office, a task force was named and empowered with the responsibility for planning a conference in 1974.

Approval was given to this division to produce a filmstrip that will be broadly based on making a commitment to a Christian vocation. Additional funds were also made available for pre-ministerial college scholarships.

The Division of Continuing Education sponsored the Four R's Retreat in September. Some 110 persons participated in the retreat. The Division recommended that funds be made available to the cabinet for training, recommended that our conference participate in 1974 in the Texas Clergy and Laypersons Conference at Georgetown and then evaluate future participation, and voted approval of the Edinburgh Continuing Education Conference, August 7-22, 1974 at Edinburgh, Scotland.

The three divisions are committed to serving persons. In this spirit, therefore, there are many opportunities and challenges to reach out and help persons find ministry challenging and exciting.

BOARD OF PROFESSIONAL SUPPORT SYSTEMS

Division of Insurance

Active Men

Life Insurance

Three hundred and three (303) men insured for $2,128,000 term in-

surance with double indemnity for accidental deaths.

All conference men are insured for $7,000 and student pastors are insured for $2,000. The Conference Insurance Committee pays for the first $1,000 and the balance is paid by the local church. This is done by apportionment using the two decimal system.

Hospitalization

Two hundred eighty (280) men are insured under this program at a cost of $141,742.28. Included in this amount is $1,710.20 for six (6) wives under 65 of men over 65 but serving a charge. This is Group IV. Also included are twelve (12) men over 65 serving charges at a cost of $1,305.60. This amount is apportioned to the churches on the two decimal system. Thirty-three (33) not serving charges are insured at a cost of $13,409.91. These men either pay this amount themselves, or organizations they are with pay it.

Disability

Pays $450 per month up to age 65 after the first 180 days of disability. The cost of this is included in the hospitalization cost given above.

The policy provides

$25	deductable
2	bedroom
70	days in the hospital
100%	miscellaneous
$400	maximum surgery schedule
$10,000	major medical that covers 80% of the medical expenses out of the hospital after the first $100

Men Over Age 65

Life Insurance

Fifty-nine (59) retired men and eleven (11) active men over age 65 are insured for $207,000 term insurance with no accidental benefits at a cost of $1.32 monthly (per $1,000 insurance). Men who retired before 1968 have $2,000. Those who retired between 1968 and 1971 have $4,000. Those who retired after 1971 will have $3,500.

Hospitalization

One hundred twenty-six (126) family units consisting of either retired man and wife, retired man, or widow are insured.

Golden Cross pays $13,817.64. Board of Pensions pays $13,863.76. The cost of Part B of Medicare is included in the above figures. The Benefits of this insurance is $10.00 per day for 365 days. These monies are designed to supplement Medicare A and B.

COST OF INSURANCE 1974

Hospitalization and Disability	$153,017.88
Life Insurance on Men Serving a Charge	24,948.72
Life Insurance for 11 Probationary Members Not Serving a Charge	364.32
TOTAL	$178,330.92

NOTE: 1975 cost cannot be determined until August 1974.

The actual cost for the program for 1973 was $169,608.34. The amount apportioned was $146,732.00 of which $142,309.53 was paid. This leaves a deficit of $25,012.95.

Division of Pensions

The North Texas Conference is making pension payments to 452 claimants. There are 64 ministers, 76 widows, and 10 children, a total of 150 claimants directly related to the conference. In addition, we have responsibility to 144 ministers, 144 widows, and 14 children, a total of 302 claimants retired in other annual conferences.

We sold the superannuate home located at 306 W 9th street in Bonham, Texas for $8,000.00. We received $1,000.00 cash and a $7,000.00, 8%, note payable at the rate of $61.25 per month from this sale.

We received a total of $46,160.22 for the Pension Foundation this year. We express our deep appreciation to Rev. and Mrs. W. Arthur Cox for their gift of $3,000.00. 177 local churches gave $43,160.22 (an increase of 25.6% over 1972) through the $1.00 per member plan. We are truly grateful for this support and urge every local church in the conference to support the Foundation in 1974.

The distributable income from the Joe and Lois Perkins Fund was $46,-158.67. $37,800.00 of this income has been distributed to the claimants of the conference and the $8,358.67 remaining balance will be distributed as the need arises during the year.

CONFERENCE COMMISSIONS

COMMISSION ON ASSEMBLY FACILITIES

1973 proved to be a significant year in the operation and development of the Bridgeport and Texoma Conference Centers. Because both Conference Centers are now in use the year around, facilities for lodging and meetings have been enlarged and improved.

Bridgeport the old summer cabins have been winterized for year around use. Kiker Hall has been remodeled into a very serviceable activities building with 4 classrooms, a large fireplace lounge, an enlarged lobby, a concession area, and an adjacent open air slab. In 1969 Bridgeport had only 64 of its 168 beds in winterized cabins. After the remodeling now 188 beds are available for year around use. Martin Hall is the location of the business office, 2 large classrooms, a small dining room, meeting room, and the large dining room that seats 300 persons.

Attendance at Bridgeport has increased significantly over the past five years. In 1969 7085 person days were reported. In 1973 there were 8743. During that five-year period person days totaled 41,714. More than 125,000 plates of food were served.

During 1973 a total of 143 groups used the Bridgeport facilities: 81 local church groups, 19 district events, 18 conference events, and 25 non-North Texas Conference events.

At Texoma Conference Center during 1973 two cabins were remodeled, a business office has been established in the dining hall, and 18 trailer and tent lanes have been constructed in the family camping area. Local church groups have found the Texoma facility to be a very exciting place to have retreats with an accent on the great outdoors.

Attendance at Texoma has increased from 1648 person days in 1969 to 2109 in 1973. A total of 73 groups used the resident facilities in 1973: 66 local church groups, 5 district events, and 2 conference events. 1973 proved a great year for family camping with a total of 189 groups using these facilities.

Persons and groups have given their support to the development of these two Conference Centers through gifts of labor and money. A new cross was erected on Vesper Hill at Bridgeport, a gift from Ben Spurgin, member of First Church, Dallas. Clearing of the central campus at Bridgeport was made possible by youth groups from various churches across the Conference, spending several weekends picking up rocks and clearing the underbrush. A 16 bed cabin has been remodeled out of our old wash house in North Village from gifts coming through the Dallas-Denton District. The Wichita Falls District has given support toward the building of another 16 bed cabin in South Village.

At the Texoma Conference Center youth and adult groups alike have given many hours of labor to help paint benches, tables, and trash cans and do general work on the grounds. The Sherman-McKinney District has made a commitment to construct a large pavilion in the family camping area adjacent to the bath house.

The Commission on Assembly Facilities has encouraged churches, families, and individuals to become patrons of the Conference Centers by making a financial contribution, doing a work project, and encouraging others to become a patron. After making this commitment the church or family may use the Conference Centers without paying the daily facilities fee of 50 cents per person. This has not only proved to be a good way to get things accomplished but also has served to bring churches and families to a closer relationship with the two Conference Centers.

On February 17, 1973 the residence at Texoma caught fire and was completely destroyed. Because of changing needs the Commission did not reconstruct the residence. The management of both Conference Centers has been unified under one administrator, a very significant change in the operation of these two year around facilities.

COMMISSION ON ECUMENICAL RELATIONS

Ecumenism is a Christian response to God's will by seeking the unity of all men under Him by means of God's grace and personal united effort. Since all Christians are involved, this search for unity is called "ecumenical" (one world of union). This ecumenical movement searches for and tries to develop opportunities for mutual understanding, love, and cooperation among Christians, as well as closer bonds of Church union. The ecumenical unity which we seek has a spiritual as well as an intellectual basis; it satisfies a need we all have to come together under God, and to help fulfill the prayer of Jesus, "That they may all be one . . . " (Ecumenical Guidelines, Texas Conference of Churches)

The report of the Commission for 1973 begins with the January Districts Workshops conducted by the four of our members who had attended the November training session, namely, Felix Kindel, Reinhard Kruse, Wayne Odom and Helen Piercy. Each, with one exception, was responsible for training instruction for local chairmen of Ecumenical Relations in two of the seven districts. The following goals were set in teaching:

1. Determine where we are in Ecumenics and give the local ecumenical leaders a clear idea of their own goals and tasks.
2. Foster interdenominational cooperation in terms of: a) Worship (services at Thanksgiving, Lent, Easter, etc.) b) Prayer groups and Bible study, c) Evangelism, d) Youth programs, e) Community projects, f) Social involvement, g) Pulpit exchange, h) Church Women United, i) Council of Churches and/or Ministerial Alliances, j) Key '73 programs, k) Jewish-Christian dialogue, l) Week of Prayer for Christian Unity.
3. Preparation by each person of a calendar for the year's ecumenical activities in the local church situation.

Emphasis was placed by the Conference Commission on concerns of the Texas Conference of Churches, since a major portion of our budget aids in the support of the TCC. We sent delegates to the TCC Assembly in Austin in February and appointed representatives to its four divisions, Felix Kindel to the Division of Research and Planning, Myrtle Beard to the Division for Unity, Royce Hardaway to the Division of Education and Dwight Judy to the Division of Church and Society. A new publication of TCC, "Guidelines for Ecumenical Relationships", has been purchased and a copy mailed to each pastor in the North Texas Conference. It is to be used for study in the local church, to encourage participation at the grass roots level in the areas of study, worship and social action. Division representatives have attended meetings of their respective divisions and reported to our Commission on desired action. Dwight Judy reports that the Division of Church and Society is planning a state-wide study emphasis on the Value of Life for the year 1976. He also reported on the status of the Interfaith Commission on Human Priorities.

March 17, 1973 Helen Piercy attended a Key '73 state-wide Strategy Seminary at Holiday Inn Central in Dallas, the object being to create greater awareness at the grass roots and to provide program resources.

Part of our report at Annual Conference was a presentation by the Father George Sallaway, associate director of the TCC. He talked about the common life we share in Christ, thanked the conference for what it has meant to the TCC, Bishop Kenneth Pope having been the first president of TCC after the Constituting Assembly of the Texas Council of Churches with the ten dioceses (Catholic) of Texas. There are 39 judicatories composing the Texas Conference of Churches and Bishop W. McFerrin Stowe is the top Administrative head from our Conference. Dr. Sidney Roberts is Chairman of the Division for Unity. The Rev. Bob Young responded to Fr. Sallaway's message and pointed out that our conference is participating in CROP along with the other members of TCC.

At the Conference on Faith and Order at MO—Ranch, a Presbyterian owned camp near Kerrville on an October week-end, we had our quota of five representatives, but wish more could have been there to hear the discussions directed by Dr. Schubert Ogden on "The Gospel We Hold in Common . . . . Or Do We?" This year the Faith and Order Conference will begin on Monday, October 21 with dinner and conclude on Wednesday, October 23 at noon.

December 8, 1973 was the Leadership Training Day for district representatives, who conducted their own Workshops in their respective districts in January. Since this was our first meeting after the redistricting, it was necessary to elect a Vice Chairman. Byron Myrick was elected to fill the vacancy, which makes our officers now: Chairman, Helen Piercy; Vice Chairman, Byron Myrick; Secretary, Dwight Judy; Staff Representative, Royce Hardaway and Ex-officio member, Sidney Roberts. Ten delegates have been appointed to attend the Assembly of Representatives of the Texas Conference of Churches in Fort Worth, February 18-20, 1974.

Since many churches do not have a work area for Ecumenical Relations, we recommend the appointment of some person to be responsible for promoting the goals which we have suggested and the study of the "Guidelines for Ecumenical Relationships". If you need help, do not hesitate to call on your Conference Commission on Ecumenical Relations.

COMMISSION ON LEADERSHIP DEVELOPMENT

During 1973 the Commission developed a statement of purpose that suggests that its task is to continually inquire into the status of leadership development in the local church, the district, and the annual conference and in light of the findings propose action that will improve the effectiveness of leadership development at these levels.

Some of the actions that were implemented during 1973 are as follows:

1) The developing of a structure that will make it possible for local churches to receive consultant assistance in some critical areas of ministry.
2) A compiling of different ways and types of leadership development models was started. At completion a booklet will be made available to local churches which will provide guidance in structuring ways to get at leadership development in the local church.
3) The designing of the Local Church Leaders Training which each district held was the primary responsibility of our Commission.
4) During 1973 work began on a project that is to take place in 1974. The project called Local Church Council on Ministries Development Program will provide ongoing training for Councils on Ministries that choose to participate.

5) Commission funds were used to purchase video-tape equipment which has been placed in the Conference Resource Center. The portable equipment is available for use by local churches and conference agencies to enable the effectiveness of leadership development.

COMMISSION ON RELIGION AND RACE

The Commission on Religion and Race of the New North Texas Conference continues to be an instrument of service and reconciliation. Perhaps, the greatest challenge is for the Commission to move from the information gathering stage to a point of direct encountering and action on relevant issues and priorities of the Conference. The main thrust of the Commission continues to lie that of fostering participation and evoking contributions from all members of minority groups in order to develop a stronger sense of community between and among those involved and sharing in the total work of the Conference.

The following list represents some of the actions for the year 1973:

(1) Conducted a forum on Black concerns as related to the North Texas Conference;
(2) Participated with the Central Texas Cabinet and the General Church's Commission on Religion and Race in evaluating the progress of merger in the Dallas-Ft. Worth area;
(3) Created an Inter-Conference Task Force on Mexican American ministries; (see attachment—I)
(4) Supported and sponsored two (2) persons to attend a conference on (Black) Evangelism Concerns at Atlanta, Georgia related to the unique needs of Black Churches.
(5) Worked with the Conference program of community ministries, developed and approved for funding a project related to assisting persons in becoming self-supporting and established in their employment. (See attachment—II)
(6) Initiated an effort to seek more scholarships for minorities at SMU, using existing means of support.
(7) Initiated an effort to promote interracial and community involvement by highlighting the unique services and ministries of local churches in the conference. The Texas Methodist (North Texas Conference page) will serve as the vehicle of communication.
(8) Assisted in raising issues related to the need for a minority conference staff person and aid for churches in racially changing neighborhoods.
(9) Increased the minority representation on the Commission in an effort to be more relevant to the needs and concerns of minorities.

We recognize the fact that our work has just begun. The Task before us now is to deal with more concrete and specific priorities as related to the total life of the annual conference. An adequate budget remains a first priority.

The concerns of (1) making persons aware of minority concerns in the life of the church and issues having to do with fostering interracial cooperation and sharing in view of the present district lines remain high on the agenda of items to be considered. A very special effort is now underway to strengthen the composition of the commission and to seek new ways of making the commission an effective instrument of communication and action in dealing with ever present priorities of participation of Blacks and other minorities in the conference, churches in changing neighborhoods, the open iternancy for minority pastors and racism in churches and church-related institutions.

We solicit the help of Bishop Stowe, members of the cabinets, local churches, agencies and individuals in providing input which will make the Commission more effective in dealing with issues in this report and other issues which may arise within the life of our Conference.

ATTACHMENT I
INTER-CONFERENCE TASK FORCE FOR MEXICAN AMERICAN MINISTRIES

I. The Commission on Religion and Race has created an Inter-Conference Task Force. This task force is being formed in response to concerns of the Inter-Conference Sub-committee and the Committee on Mexican American Ministries. The specific proposal reads as follows:

> "That each Conference (North Texas and Rio Grande) name seven (7) representatives in order that an inter-conference task force may be formed to carry on the development of a stable and ongoing process of ministry with Mexican-Americans within the geographical boundaries of the North Texas Conference."

The persons to represent the North Texas Conference will be named by the Conference Nominating Committee and will be composed as follows:

One (1) Mexican-American from the N. T. Conference
Two (2) Blacks from the N. T. Conference
Three (3) Whites from the N. T. Conference
One (1) member at large from N. T. Conference Staff or Cabinet

It is recommended that Dr. Fred Edgar serve as leader for the North Texas Conference Section of the task force.

II. The Inter-Conference Commission for Mexican American Ministries is serving to enable the process of developing new community ministries with Mexican Americans as well as to create new program resource support systems with Rio Grande Conference churches and with North Texas Conference churches and Agencies involved in ministry with Mexican Americans.

A. Community Ministries

1. West Dallas. A new and exciting ministry is being implemented at the El Buen Samaritano church and the Rankin Community Center. The two institutions have created a unified ministry with the community. The cooperative ministry is under the direction of a Community Developer, a resident of West Dallas, and includes a Child Care ministry, Youth recreational and counseling programs and Community self-development projects.

2. North Dallas. Emmanuel United Methodist, located near the Little Mexico area, is also working closely with the Wesley Community Center which provides Dental Clinic services and a Kindergarten ministry as well as other programs. Emmanuel Church has also initiated a Senior Citizens Nutrition ministry and is providing its facilities to a Mexican American Youth Educational program. Mary King Church has Juvenile counseling, Tutoring and Sesame Street programs. The two churches are members of the North Dallas Parish which also includes St. Luke and St. Paul churches and are carrying out a Parish Youth Ministry and a Kindergarten Ministry (Horas Alegras).
3. East Dallas. Grace United Methodist has initiated a new bilingual preschool program for 3-4 year olds. Memorial United Methodist is developing a Mexican American congregation in their community. Munger Place, St. John and Grace churches, through a cooperative ministry, have supported a community youth recreational program at St. John, and Wednesday Clubs for elementary school children at Munger Place and Grace. An Ecumenical cooperative ministry involving Disciples of Christ, Lutheran, Presbyterian and United Methodist Churches is also serving in East Dallas. The emphasis here is being placed on community organization, leadership development and community program development (adult education, job placement, youth counseling, recreation etc.).
4. Oak Cliff. Tyler Street Church has a staffed congregational and service ministry with Mexican Americans. Brooklyn Ave. Church has a recreational and service ministry and Irwindell is also providing service to the community.

B. Inter-Conference Structures and Relationships

1. The Inter-Conference Commission is composed of seven members from the North Texas Conference and seven from the Rio Grande Conference. Its purpose is to provide coordination and continuity to Ministry with Mexican Americans. North Texas Conference members are: Fred Edgar, Jo Fay Godbey, Charles Denman, Lydia Furie, J. D. Mooring, Mary Alice Garza, William C. Crouch. Rio Grande Conference members are: Trini Garza, Roy Barton, Samuel Moreno, A. T. Grout, Leonor Palos, N. R. Saenz, Rupert Rodriguez. All ministry with Mexican Americans within the geographical boundaries of the North Texas Conference will be coordinated through this Commission.
2. The District Councils of the various Districts in the North Texas Conference have extended the invitation to the pastors and lay members of the Rio Grande Conference churches within their particular districts to participate in their District Councils. The Rio Grande Conference Sub-District Council will also have North Texas Conference participation.
3. Mexican American Ministry unit directors are participating members of the Dallas Metro Division of Community Ministries Executive Council and a proportionate share of funds available is being directed to support these particular ministries.
4. The Mexican American Ministries Office and staff are located within and actively related to the North Texas Conference United Methodist Offices.

The Inter-Conference Con mission wishes to express appreciation to all the local churches and agencies of the North Texas Conference as well as to all those individuals related in one way or another to this ministry. The coordination of resources and close cooperation between the two conferences will continue to produce an effective and positive ministry with our people in North Texas.

ATTACHMENT—II

HARD CORE EMPLOYMENT SERVICE MINISTRY

The Church faces challenges in many areas of ministry. It is indeed difficult to establish priorities. All major needs are or should be priorities. The Church has the unique responsibility of seeking to provide service and ministry not available from other established agencies. There are many agencies which are currently providing referrals to job possibilities. Likewise, there are many agencies which offer jobs of various kinds for the skilled, semi-skilled and unskilled. The crux of the issue centers on the need to help the individual by looking at his total situation in seeking to help him become self-supporting and self-sufficient.

The emphasis of the Hard Core Employment Service Ministry would be to look at all the personal needs (those expressed and discovered) and to deal with them with the individual in a manner so as to work for permanent solutions on these matters. Jobs are often available and many seek to refer certain individuals to them. More is needed than the fact that a job exists or for one to be referred to a job. The range of possible needs is indicated in the following list:

1. Health card for certain jobs—fee for payment
2. Full time child care services for parents
3. Special equipment for work such as tools, special work shoes, or uniforms.
4. Carfare between pay checks
5. Food and/or housing needs including relocation need
6. Carfare to explore job possibilities
7. Transportation due to lack of bus service
8. Budgetary help in dealing with creditors
9. Seeking help from other agencies
10. Special job consideration because of inexperience
11. Special consideration based on police records
12. Counseling on securing and maintaining a job

Few agencies, if any, go beyond the referral or job availability. The proposed Hard Core Employment Service Ministry would deal with any of

the foregoing in seeking to make it possible to get an individual situated on a job. Many of the needs require an immediate cash expenditure. Furthermore, help is needed until a pay check can be received. Some jobs pay semi-monthly. The period of adjustment will vary with each individual situation. Persons are generally encouraged to the point of being willing to work when attention is given to their total situation.

All racial and ethnic groups could be served by working through the existing United Methodist institutions of Community Ministries. The average total investment needed is about $200.00 for a major situation. A major situation is defined as one where provisions for housing and/or other bills would be necessary. Minor situations would average about $75.00 per family. A minor situation is indicated where there are a few personal needs and the absence of heavy personal financial need in regards to housing and/or creditors.

The need is recognized to communicate directly with prospective employers on our concerns. Special requests would be made to secure special consideration for persons with unusual work and/ or police records. Work would be done in cooperation with other agencies in the area of employment services.

Use of volunteers (in addition to regular staff members of institutions of Community Ministries) who have shown an interest in this ministry and who, in part, have assisted in the development of this proposal.

A pilot effort could be designed to serve 40 family situations. Part of the total cost would be defrayed from existing programming funds and from services available from other social agencies working in this area of service.

HEADQUARTERS CENTER COMMITTEE

The last session of the North Texas Annual Conference authorized the Committee to use $25,000.00 of available funds to provide new Conference Council facilities in conjunction with First United Methodist Church of Dallas. Approximately 4,000 square feet of space in the lower level of the church was available. Mr. Terrell Harper, architect, and members of First United Methodist Church provided plans and supervision on bids and building at no cost to the Conference. The Committee was also charged with the responsibility to invest balance and any funds secured in sale of Selecman property (this property has not yet been sold). Some additional funds were needed to accomplish the building of the offices and were used as an investment to be paid back with interest.

A financial arrangement was agreed upon with First United Methodist Church of Dallas through a signed contract for 5 years, with renewal option, at $300.00 per month, for cost of utilities and custodial services.

The general contractor was Steve Robertson Associates, and this Company was selected through bids. Construction began early in August and completed on Oct. 1. Formal opening and construction was held on December 7, 1973.

Summary of limits of expenditures:

$23,700.00 construction costs (60%) for North Texas Conference Councils

1,300.00 furnishings for North Texas Conference Councils
15,800.00 construction costs (40%) for space under lease agreement
$40,800.00 total cost of project

Agencies occupying space (leased) other than North Texas Conference Councils, include:

United Methodist Communications Council
Dallas Central District Office
Jurisdictional Office of the Advance
Women's Division Regional Office

Those leasing space enables the 40% cost of construction (15,800.00 to be repaid over an eight year period at 6% annual interest.

Furnishings in the new facility are primarily those used in previous office locations (Smith Hall and Milton Street). Only a minimum of new furnishings was purchased.

Many new special services are now made possible through the enlarged and improved facility. This includes the Conference Resources Center. A new and good relationship has emerged with the other Agencies using leased space.

COMMISSION ON ARCHIVES AND HISTORY

With seven District Representatives and three members at large the Commission has worked to formulate goals.

A. The Commission hopes each local church will be:
   1. Encouraged to celebrate Heritage Sunday (Worldwide Wesley Day) on May 19, 1974.
   2. Elect a Chairperson and committee to study the needs of the stewardship of history in their church.
   3. Support the depository at Bridwell Library (Perkins School of Theology) with materials that should be preserved.
   4. Subscribe to the quarterly METHODIST HISTORY, Box 488, Lake Junalaska, N. C., 28745. This is an excellent way to support the General Commission of Archives and History, as well as building a good reference of materials on Church history.

B. Areas that many may participate in or share:
   1. Several of the Districts had Archives and History materials on display at the Display Leadership Training Seminars in January.
   2. The Methodist Heritage Tour to England and Reformation Tour through Europe date is tentatively set for April 7-16, 1975.
   3. Plan to send interested people to Oklahoma City October 18-19, 1974, for Archives and History workshop.
   4. Honoring those who have been stewards of our church history.
   5. Continued work by Miss Elsa Cook of the card file index begun by Dr. Walter Vernon of all Ministers who have served in the North Texas Conference from 1867 to the present.
   6. Plan for Bicentennial Celebration in 1976

C. Please contact District chairpersons of Archives and History on items of historical interest.
   1. Dr. Walter N. Vernon's book on Paul Martin's life *Forever Building*.
   2. Oak Lawn United Methodist received a historical marker from the Texas Historical Society.

CONFERENCE

STATISTICIAN'S REPORT

1973 Statistical Report Summary
North Texas Annual Conference

These statistics can only reflect what data has been reported. The accuracy of this report depends on the accuracy of the reports from each individual church. In some instances these individual reports leave much to be desired.

CHURCH MEMBERSHIP at the end of 1973 was 150,870. Three districts showed an increase in membership. These were Dallas—Denton, Dallas—McKinney, and Dallas Metro Districts, but the loss in membership in the other four districts off-set this gain and the Conference showed a loss of 737 members in 1973.

Church membership from June 1950 through December 1968 showed an increase every year except one, June 1965—May 1966, which showed a decrease of 710. In looking closely at that year, we find that churches in the Conference removed from their rolls by Quarterly Conference action about 2,000 more members than were removed the previous year, and over 1,300 more than were removed in the subsequent year. In fact, one church alone removed 731 members by Q. C. action that year.

The increase during these years was from 123,473 in 1950 to 151,927 in 1968; an increase of 28,454 (an average increase of 1,626 per year).

From December 1968 to December 1973 we have shown a loss in membership each year. The total loss (with adjusted membership to include West Texas Conference churches) is 4,780 in the last 5 years (an average loss of 956 per year).

ATTENDANCE AT MORNING WORSHIP shows an increase of 3,108 this year over last. Actually our Morning Worship attendance has remained fairly stable since merger in 1969. The increase this year is due to some inaccurate reporting during the last couple of years. For instance, six of the districts show differences no greater than plus or minus 421 from last year. The Dallas Metro District shows an increase of 2,745 in attendance. Upon closer examination in the Metro District we find one large congregation which had not reported any average attendance last year which shows 2,600 this year. Also, another fairly large congregation with over 2,000 members which showed no average attendance last year showed 300 this year. Still a third fairly large congregation which showed an average attendance of only 26 last year showed 360 this year. The difference of these 3 churches alone against last year's report is an increase of 3,234.

NOTE: THERE ARE MANY CHURCHES WHICH DO NOT ALWAYS REPORT AVERAGE ATTENDANCE. In 1971 there were 12 churches with a membership of 7,356 which reported NO attendance.In 1972 there were 17 churches with a membership of 10,564 which showed NO attendance. In 1973 there were 8 churches with a membership of 1,050 members which showed NO Morning Attendance. This kind of an oversight is common on every reporting item.

CHURCH SCHOOL MEMBERSHIP: There was a constant growth in Church School Membership from 1950 when the membership was 78,407 to 1958 when the membership was 104,361. Membership was stable from 1958 to 1966 when the Church School membership reached its peak at 104,893. Since 1966 there has been a decline every year to our present

membership of 79,731 at the end of 1973. In the last 7 1/2 years we show a loss of approx. 27,500 C. S. Members (adjusted to include members from West Texas Conf.) which is an average loss of 3,667 per year. The 1973 report shows a total of 79,731, which is a loss of 4,208 in 1973.

CHURCH SCHOOL ATTENDANCE: There was a steady increase in Church School attendance from 1950 when the attendance was 39,787 to a high of 52,755 in 1960. Since then there has been a decline every year until 1968 when the C. S. attendance was 45,211. The question asking for data on C. S. Attendance was not included in the years 1969-1972. This year the question was included again, and 1973 shows an average attendance at C. S. of 36,439 (a loss in attendance of 8,772 . . adjusted to 9,900 in 5 1/2 years). This is an average loss of 1,800 per year in the last 5 1/2 years.

CONSTITUENTS: Please refer to "THE BOOK OF DISCIPLINE" paragraph 115.4; 131.2 for a definition of Constituency Roll. In looking at the data reported this year, I do not believe these figures are valid. The reason is this: in comparison to Church Membership we find that one district reports 58.5% as many constituents as Church members, while another district reports less than 3% as many constituents as Church members. PLEASE UPDATE YOUR CONSTITUENCY ROLL AND REPORT SAME NEXT YEAR.

CONFIRMATION CLASS ATTENDANCE: Again in proportion to Church Membership, districts reported attendance at Confirmation Classes (Membership Classes) from 2.1% to less than .7%.

MEMBERS RECEIVED AND REMOVED:

2201 persons were baptized in 1973.

2565 persons were received on Confession of Faith or Restored.

5274 persons were received by Transfer from other United Methodist Churches.

1763 persons were received from other denominations.

12101 persons were removed by all means.

UNITED METHODIST WOMEN: UMW shows a membership of 12,953 at the end of 1973. This is a loss in membership of 643. The UMW paid $116,069 for local work, and sent $137,397 to the Conference for mission work.

PROPERTY VALUE: We show a property value on our buildings (not including parsonages) of $75,231,852 which is an increase of $2,326,444. Added to this figure is the value of our institutions which totals $183,672,249 (both included). Our parsonages, land, furniture, etc. is valued at $5,985,498.

FINANCES: Our financial year has been a good one showing increases in almost every item.

—Paid on indebtedness	$2,143,817
—Paid on Building & Improvements	1,505,908
—Paid on C. S. Literature, supplies	792,771
—Paid on current operating program	5,207,100
—Paid on Misc. Benevolences	539,854

Pastors salaries increased to $2,363,757, up $106,447. Travel was $182,624 and utilities for pastors was up to $137,844.

Conference Pension and Benefit Fund (formerly CONFERENCE CLAIMS) was up over $5,000 to $316,043, but this was more than $5,000 short of the apportionment. The Conference Pension Foundation was up over $13,000 to $47,464.

WORLD SERVICE &CONFERENCE BENEVOLENCES shows a total of $542,644 paid; $615,197 apportioned, and $586,671 accepted. Because Conference Benevolences were included in another column last year, we are not able to show an accurate comparison.

Black College Fund shows $44,689 paid.

A significant decline was registered in General Advance Specials. $102,965 was paid in 1973, which is a loss of $139,112 over last year.

But World Service Special Gifts were increased by $9,287 to $9,727. And Other Benevolences rose sharply to $115,642, an increase of $96,840.

The C. C. Young Home received $27,965. This is the first time for this institution to be reported by itself.

Health and Welfare Agencies (including C. C. Young Home) showed an increase of $18,796 over last year.

Golden Cross declined this year by $7,041 to $46,251.

The Methodist Hospital Building Fund received $55,595.

District Missions and Church Extension was up by $3,957 to $96,758.

TOTAL GIVING in 1973 was $15,408,921, an increase of $249,791.

Because the reporting form was revised this year, several items will not show a comparison with last year because of different data asked for.

Again, these statistics are only as accurate as the reports submitted. They are only as encouraging as the work undertaken.

Walter Lynn Zimmerman, Statistician
North Texas Annual Conference

FOOTNOTE: Due to an error Preston Hollow UMC misdirected part of their apportionments through the Conference Treasurer, as is listed in the statistics. The money has been re-directed after the close of the Conference Books as follows: $15 to TANE, $408 to Church Extension.
